Guess emoji will provide you with endless fun with thousands of elaborate emoji puzzles. These emoticons could describe literally anything, so its up to you to crack the code. Are you ready for this task? We have all the answers for you! In the form below, select your level and we will show you the answer. Have fun :) View all levels guess, emoji responses and codes are a resource site for those who can't seem to find an answer or go level in the hugely popular guess the Emoji mobile app game. The concept of the game is quite simple – Guess Emoji will display several different emoji icons on the screen, as well as a few empty boxes underneath. Each blank field will represent the letter of the word, name, or phrase that is described through the game. Under this section, you'll also find a selection of letters you can use to guess a secret phrase. The good news is that there are no limits to how many times you can guess the bad news is that sometimes it drives you crazy and can get stuck on the same level for days or weeks! You can see the actual screenshot of the game below. Can you guess what a set of emoji means? That's why this site was created to help guess emoji game players go through extremely tough levels so they can keep playing the game. Now the game has more than 120 different levels, each with its own game sets between them. There are ten individual games in each level - so we're looking at over 1,000 individual games that can be played through the app. You can access responses at each of these levels below. [Levels 1-10] - [Levels 11-20] - [Levels 21-30] - [Levels 31-40] - [Levels 41-50] How to get hints to win Guess Emoji While guessing emoji is a lot of fun and addicting game, it can also be quite frustrating in the process. Playing the game and getting tons of levels right seamlessly is quite common. It's when you're stuck on a certain level that things are really crazy. As in the example above, if you can't figure out what constitutes a set of emoji, you have two options – which are to use HINTS or buy coins. When using prompts you have three different options. Subject a letter – It's free to use, all you have to do is watch a short 15-45 seconds of video ads. However, there are limits to how many times you can use this feature nowadays. Remove Letters – This option will remove a bunch of letters from your guessing board, making it easier for you to find out. This value of this hint of 15 coins solve the issue – If you just want to get the level over With the game, this is your best option. Select this tooltip option, and a response will be provided for you. The cost of this hint is 30 loans. You're probably wondering what the coins are and how you get them. When you first start playing the game, you will be given a set number of coins, then as you beat each level you will earn an extra coin. It's all good and dandy, but what happens when you run out of coins for use? If you are completely out of coins and want to get more of them, you can just buy more coins. You can see a list of current coin prices through the image below. If you end up buying coins through the game app, it's a good idea to go with coins of 250+ or more. So you also get to play the game without any advertising constantly displayed. You can also earn 30 free coins by simply sharing the game with your Twitter audience. Now that you know how the game works and how you can use hints to solve hard beat levels, let's look at how to download and play the game for those who don't already have it.
