February 23, 2011 Rum Information Publisher: Atlus Developer: Atlus Genre: RPG Language: English Platform: Nintendo DS Size: 49MB (Rar File) Supplier: Iron_Chefz Release Date: 22/02/2011 Description Of Historia Radiant historia is RPG designed and released by Atlus for Nintendo DS, The game was released in Japanese on November 3, 2010 and was developed by the shin megami tensei development team: Nocturne (PS2) and Radiata Stories (PS2). The English version was released on the North American market on February 22, 2011. The story of the Shining Story of Vankul, a desolate land. You will be Stok, the spy of the kingdom of Arizel and his mission to infiltrate the neighboring Granorg (Earth at war with Arizel) to rescue captured spies. But Stoke were injured and arrested. Somehow he finds himself the power to travel through time, suggesting we can travel back and forth and down two parallel worlds connected to each other. Thus, Stoke's main task in the game is to travel between past and present, to correct mistakes, to bring peace and stability to Vanculle. Note: The new game has ap I will write down the list of FC play DC, you see below. Avoid asking questions. Review Of the New RPG co-designed by Atlus and Headlock, several other collaborators including artist Hiroshi Konishi, who worked on Radiat Stories and Yoko to the music. Stocke must travel back in time and return to key events in order to save their homeland of Alistel from invasion and, ultimately, complete desertification. To make it short and simple Radiant Historia, how Chrono Trigger meets old-school style RPGs. The basic premise included time travel to change the past to fix or change the future, a lot going back and forth, making the story interesting but a little tedious at some point, and sometimes you get stuck about where to go. This game is a little nonlineaine in this regard. Overall, I'm very impressed with the whole penalty! The combat system is great and not too sloppy, although the animation may be a little better, but still I never get bored fighting enemies in this game. Good Story - Reminds me of Chrono Trigger - Funny Combat System - Decent for the average OST - The game is nonlineain and really frustrating to find out from time to time - Talk a little too much JJ bets this game: 5/5After the completion time of the mission for the military, you are given a strange volume by your commander. When you go to your next misson, your comrades meet the unfortunate end. Suddenly, you are transported to the past and able to prevent their death. In this RPG, you make different decisions as you try to change the course of history. One decision will affect the result. Of course, you can always go back in time and correct any mistakes you make.
