Yamaha-designed Peyton Brooks is available in three series: CLP, CVP and CGP. Each series offers unique features that complement the skill set of a beginner or professional pianist. The CLP series, which focuses on learning beginners, does not support the download of songs. The CVP and CGP series are designed for more advanced players, each of them ensemble mode to blend in additional music, and both allow the songs to load. Downloading songs is a simple process that requires only a few steps. Insert a USB flash drive with enough space to store your songs. Yamaha's website provides downloadable songs that can be stored on removable media. Go to Yamaha MusicSoft. The site offers a wide range of songs that you can download to your Clavinova. (See Resources). Click on the Step 1 menu to select Clavinova. Click on the Select Clavinova menu to select a model. Click the Send button to perform a compatible product search. Click PianoSoft, MIDI Files, or Style Files to find downloadable song files. Browse the available songs and click Add to the Cart when you find the right options. Click continue to design and create a new account or enter current account details. Enter your basic contact and payment information. Click the Send button to complete the purchase. Click Download. Also, click on the My account link and then click the Reboot button to show the purchased downloads. Click Save on the drive. Go to the USB flash drive in the Save dialog field. Click Save. Click on the file and select Unzip from the pop-up menu. This extracts music files from a lightning folder. Also, double-click on the download file and copy the files in the zip folder; insert files onto the usb flash drive. Insert a flash drive into your Clavinova's open USB to Device port. The Diana Brown iPod is a portable media player, primarily for music manufactured by Apple Inc. The product line includes the iPod Classic, iPod Shuffle, iPod Nano and iPod Touch. Songs can be purchased, downloaded and created into playlists on your computer using iTunes, which is available for free on the web Apple.com website. Playlists can be downloaded and added to the iPod by manually synchronizing your iPod device with iTunes. Connect your iPod to your computer with a USB cable. iTunes will be automatically launched. If iTunes doesn't start, click Start, then click all programs and click on the iTunes button from the app list. Tap the iPod icon under your devices in the left window glass of your iTunes window. Select the Summary tab from the main section of the iTunes window. Click on the box office next to Manually to manage music and video or guide to manage to choose this option. This will disable automatic synchronization settings for Tabs music, TV shows and movies. Select the playlist on the left side of the iTunes window under the playlists and drag it to your iPod (the iPod icon below the devices). Select your iPod under your devices and tap the Eject icon next to it to properly disconnect your iPod from your computer. ChristmasGifts.com a great site to download free Christmas songs during the holidays. You can download the songs here and put them on your phone so you can take them everywhere you go this holiday season. The site has a large selection of modern, traditional and classic Christmas songs. Most of the songs here play an important role, but there are also some vocal choices. In addition, there are some unique Christmas song parodies that will add a bit of fun and smile to your day. Some of the options include The Fairy Sugar Plum Dance, Deck Halls, Jingle Bells, O Holy Night, What a Baby It Is, Silent Night, We Wish You a Merry Christmas, Joy World, First Noel, Ode to Joy, It Came at Midnight Clear, We Wish You Merry Christmas, About Christmas Tree, First Noel, Holly and Ivy, Oh Little Town You Won't Find These Songs Above, Just By Chance Search. What appears instead is all the paid music they have. To find free options, go to the semi-hidden free music page (link below). The songs are mostly in MP3 format, although some of them are preserved as MIDI. There's a great mix of instrumental and vocal Christmas songs available. You can download holiday songs ChristmasGifts.com by following these steps: Visit the Free Christmas Music page. Choose a song you're interested in. You should be asked to keep it on your computer. If not, or if it plays in your browser, click the right button on the empty part of the preview page and use the save option to download it. ChristmasGifts.com has more than just free Christmas music to download. If you are part of a group that carols during the holidays, you will want to check this freebie out. They have a great free Christmas anthem e-book that can be downloaded for free or printed out. There are more than 100 pages of dozens and dozens of Christmas songs. What a great companion to carol! Orbon Alia/Getty Images Looking for more free holiday streaming music sites? There are several others where you can download free holiday music, including Feels Like Christmas and Amazon. You can also find some free holiday classical music on some great sites over the internet. iTunes auf Deutsch! Downloading German music - legally want to explore the world of modern German music? Want to download rock, pop or rap songs in German? How about watching a German music video Well, I just did it all and boy was having fun! Apple must have listened to the complaints of American fans of German music that long long could only get a tantalizing look at, and even listen to, songs and albums by German (and Austrian) artists, but couldn't buy any of them from Apple in the American iTunes Music Store. This frustration has now diminished for Mac and Windows users, but not completely. A recent visit to the American music store iTunes was a pleasant surprise. I found music and songs in German by many contemporary and traditional bands and artists from Austria, Germany and German Switzerland. And I could buy what I saw/heard! There were albums and songs by DIE PRIN, FALCO, GERBERT GRUNemeier, PUHDYS, Munchner FREIHEIT, and even HEINO. (You'll also find German-language audiobooks, language courses and German comedy recordings available for download.) I've discovered almost every type of music in German - from classics to rap, from Christmas to country-western ready to listen and purchase. Soon I downloaded (and paid for) an eclectic mix ranging from Deutschland from DIE PRIN to Ring aus Feuer (think Johnny Cash) to Austrian WOLFGANG AMBROS. As I type these words, my computer plays RAMMSTEIN (America), UDO LINDENBERG (Ich habe noch einen Koffer in Berlin), and the interesting Belgian band SCALA and KOLACNY BROTHERS (Schrei nach Liebe) - all of them downloaded from the American iTunes Music Store. Mac or Windows users can create compact files with downloaded German songs or any mix they want. If I had an iPod, I might as well pass these songs to it and listen anywhere I go. A few more surprises - Good and BadAlthough residents of Germany and Austria can download iTunes music from almost any German recording artist there, we US residents should be happy with slimmer fees. If you want to download the songs Die Fantastischen Vier, Rosenstolz, or Die Rzte, (Die beste Band der Welt), you should be in Germany. You can easily switch to the German iTunes Music Store and listen to the songs of these artists, but when you're trying to download a song or album, U.S. residents get this unwanted message: Your account is only valid for songs from the U.S. iTunes Store. But at least you can listen to 30-second samples of German songs. Even for German artists who are in a U.S. store, not all albums or songs by that artist can be offered. Some albums are partial, and only a few selected songs are available from iTunes, but this also applies to ordinary American or British record artists. However, what is there is much better than what was available previously (pretty much nothing). The U.S. iTunes store doesn't have a Menu section of German Songs (there's a German pop category, but you'll need help finding it; see Tips Part 2), so I started by searching by the artist's name or song title. Sometimes just typed in the general German word (liebe, freiheit) to see what results would pop up. How I researched German German using this method in a US store, I came across interesting things that I may not have found otherwise. Shrey Liebe is a good example. Turns out the iTunes version I downloaded is a cover version of the Belgian girls choir that song Erzte, and the Germans rave about how the ladies took the metal song (they also did Engel Rammstein) and turned it into something completely different but still cool. After downloading Amerika Rammstein, I found that it is in the German Top 10 charts (October 2004) and that iTunes has a version of the clip! (Free and in stunning quality with a high-speed connection!) Tips and tricksIn the next section I will present some tips and tricks for finding German songs in the U.S. iTunes Music Store, with screenshots, lists of artists, links, and other neat things, including music videos in German. Note: iTunes is also great for subscribing and listening to podcasts in German!
