Dragon blaze guide

After grinding and collecting some gear for and... and I lost by a large margin as under 10 second and all enemies are still alive. It's like going backward in development, and launching P2W content, after being one of the best F2P games I've ever taken the time to play. Should I just give it up now and look for a replacement? Recently I tried to sign up at café naver so I can see what Koreans think of this game. Make your daily requests, and also reset your daily dungeon. I personally would focus on possession effect, but others will tell you to build a strong team before they do so. So for Magic Team selections you can go with First Crown as you Exalt, Mage MC, Arena, Eleria, Belda as your OL. Just nobody posted so much so I decided to give my opinion. Can you explain offline farming to me? You can also check out our Mage Skill Reference tab for the detailed skill effects by level.
