Amplifiers and breathtaking effects - beautifully modeled in a rack of powerful and intuitive virtual effects. First-class sound quality, maximum flexibility and total control for guitar, bass and more. VAN 51: A A amplifier with a superstar sound ranging from hard rock to crunch crunch - ideal for fall and palm-cousin settings, but also extremely flexible. HOT SOLO: It recalls a classic hand-wired tube amplifier with a responsive and saturated shop tone. For expressive and singing solos that always sound like hell, the Hot Solo is your amplifier. PLEX: The classic plexi sound probably doesn't need to be introduced - it's the sound of the vintage amp that generated too much success to be mentioned! Your ultimate classic for blues and rock. 17 SUPER AMPS AND 27 ARMOIRES Legendary guitar and bass amplifiers, modeled using award-winning Dynamic Tube Response technology. These amplifiers convey the character, charm and feeling of their true colleagues. Each amplifier has its own co-ordinated housing and an additional set of alternative housing - a total of 27 exquisite models. ULTRASONIC: Did you ask for an ultra-cool and extremely cool amplifier with an extremely high payout? We present the ultrasound! A two-channel shop amplifier with all the modern tones you might want. TWANG REVERB: The Twang Reverb simulates the rich tube sound of a classic amplifier from decades ago. It's ideal for garish blues tracks, crisp rhythm guitar sounds and clean, personality-laden sounds. TWEED DELIGHT: There's nothing like beating an amp covered in tweed! This amplifier, which is based on an American legend, was developed to go from glassy cleanliness to bluesy squawk - with only three buttons in Guitar Rig 5 VST Crack!
