What's a Rhymeo?

Rhymeos are...

Fat-free
unpoetry.

lite and lean
literary cuisine,

bite-sized
words to the wise,

two short lines
reinforced in rhyme,

in a fireside chat
format.

short and sketchy,
quick and catchy,

superb
proverbs,

poetically correct
dialect.

a food for thought
life snapshot,

a brief
relief,

a way to cope
with humor and hope.

literary rap
with a snap,

concise
advice,

a wise
surprise,

in a reflective
perspective.

a story to tell
in a nutshell,

a rhyming report
to make a long story short,

the shortest verse
in the universe.

short and sweet
and poetically petite,

quick and witty
poetic ditties,

jingle verse poetry
for the 21st century.

Who is Cyrano?

Cyrano De Words-u-lac
is the modern day Show-It Poet
and dynamo of Rhymeo.

As legend has it, he is the
great, great, great grandson
of the literary figure
Cyrano de Bergerac.

Cyrano is...
a word weaver
rhyme retriever,

life narrator,
time translator,

communicator
and creator,

with a revolutionary
vocabulary.

a prolific writer,
poetic reciter,

a literary
dignitary,

the first
in verse.

on par with
the best wordsmith,

among supermen
of the fountain pen,

an extraordinary
visionary,

a master of the alphabet
and writing tablet.

a stellar
storyteller,

the brief
chief,

a self designed
legend in his own rhyme.

Cyrano is...
the combined
pen name of brothers
Dr. Dan and Dave Davidson,
partners in rhyme,
the ink behind
Cyrano's mind.
