International edition of Connolly, Thomas; Begg, Carolyn ISBN 10: 0132943263 ISBN 13: 9780132943260 New Paperback Number Available: 1 International Edition Seller: Bookstore99 (Wilmington, DE, USA) Seller Rating: Description of the Paperback Book. Condition: NEW. International edition, Paperback, Brand New, ISBN and Cover Image may be different, but content similar to the U.S. Edition printed in black and white. Exercises at the end of the chapter may be different. There is no CD/access CODE. Legally used, despite any reservations, we ship PO, APO and FPO dresses in the U.S. Select expedited delivery for FASTER DELIVERY. Customer satisfaction is guaranteed. Seller Inventory and US_9789353438913 more information about this seller (en) Contact this seller Part 1 Background 1 Chapter 1 Introduction to Database 3 1.1 Introduction 4 1.2 Traditional File-Based Systems 7 1.2.1 File-based Approach 7 1.2.2 Limitations file approach 12 1.3 Database Approach 14 1.3.1 Database 15 1.3.2 Database Management System (DBMS) 16 1.3.3 (Database) Application Programs 17
