Brian Foster is focused on providing innovative strategic opportunities for clients as well as creating ways for clients to achieve an independent and successful creative environment. Striving for exposure to what the world has to offer.

Brian ventured from Victorville, CA to Atlanta, GA after high school for college. With a Bachelors from Morehouse College (GA) in Business Administration-Marketing and minoring in Economics, Brian is educated and trained on core principles of business and economic platforms. With a Masters from Full Sail University (FL) in Entertainment Business- Sports Management, he is educated and trained on the entertainment industry principles, best practices, and strategies. Through experience in various industries, he’s capable of innovative ways to maximize success for clients.

Brian has been in the Sports & Entertainment industry since 2008. Working for the Sacramento Kings, he gained valuable experience working both with companies and the community regarding different ways to build their business or organization with the Kings’ platform. In 2009, he began his shift from the Sports industry to the Music industry, beginning in artist & business management with DEAN Ent. Learning how each artist is different and strategies have to be custom made to put them in a position to succeed became a skill set that was developed. It became a key to building great relationships throughout the industry.

The foundation in which the company operates is based on good values and doing the right thing for clients. By cultivating an environment where our clients grow their careers by partnering with us is what keeps him motivated every single day. “Doing Everything Above Normal is not just a slogan or clique, it should be the way we strive to be every day of our lives.”
