

The New Generation

For some knowledge from ancient Chinese teachings, combined with our cutting-edge VR system, we created a new generation. The 1st and 2nd generation of children learn about Chinese language and literature, using the communication and language skills (CLIL).

Traditional Chinese culture is rich and old. It can only be fully comprehended when children are immersed in real traditional cultural context and stories. This VR world enables the Internet-based learning to let the children step into the ancient world. By looking the history, they learn to love through the stories. They can absorb the ancient civilization knowledge, etiquette and manners more easily.

Coming from the skills they need to bring their own identity.

Our Journey Through Time: The Classics Left By The Confucians

On their arrival at using the technology needed to complete the formal studying ceremony so that they could become disciples of our school and begin their journey through ancient China. The students experienced the charm of ancient music and traditions, as well as the importance of respecting teachers and families.
