. . truth." BibleWorks underwent a number of significant changes, and was reduced in size and function. Its focus is now to provide an on-line library for all believers, of information such as publications, commentaries, etc. References External links Category:Defunct Christian publishing companies Category:Publishing companies based in Illinois Category:American companies established in 1975 Category:Publishing companies established in 1975 Category:Book publishing companies based in Illinois Category:Christian publishing companies based in the United States10 Tallest Buildings in the World (I would have included the Burj Khalifa, but it technically isn't a building, it's a tower, which makes it not quite the same thing. But the Burj is 1,000 feet, and the building in the picture is 827 feet.) Edit: Since it seems like people are confused about the standard height for a building, I've added it. Tall buildings are usually taller than they are wide, unless it's a skyscraper.[Treatment and follow-up of Graves' hyperthyroidism]. Graves' hyperthyroidism is the most common cause of hyperthyroidism. The treatment of Graves' hyperthyroidism aims at restoring euthyroidism while maintaining a euthyroid status during the perioperative period. There are two options for the treatment of Graves' hyperthyroidism: medical treatment and radioiodine therapy. Radioiodine therapy is the most effective treatment but is associated with the drawback of postoperative thyrotoxicosis. Therefore, medical treatment has become more popular. In the past, the treatment of Graves' hyperthyroidism depended on the type of Graves' disease; however, recent studies have shown that Graves' hyperthyroidism can be treated with a single treatment strategy regardless of the type of Graves' disease. In this review, we present the treatment and follow-up of Graves' hyperthyroidism. FILED 520fdb1ae7
