Ista conference 2020

Extended application deadline: 20 August 2020 Due to the current pandemic situation, COVID-19, CoCoNet20 and ACN'20 will be organized in virtual mode. Registered authors can present their work online and participate in all online sessions, including tutorials and invited lectures. Intelligent systems generally refer to embedded or controlled computer systems, machines and devices that have a certain degree of intelligence with the ability to collect, analyze and communicate with other systems. There is a growing interest in developing intelligent technologies that enable users to perform complex tasks in different environments with relative ease. The Sixth International Symposium on Intelligent Technologies and System Applications (ISTA'20) aims to bring together researchers from related fields to explore and discuss different aspects of smart systems technologies and applications. The symposium will provide excellent opportunities to present interesting new research results and discuss them, leading to knowledge transfer and generating new ideas. ISTA'20 is organized in cooperation with Springer in Germany and IOS-Press in the Netherlands. We plan to have several publishing options for accepted ISTA'20 documents. More details can be found on the . ISTA'20 is co-affiliated with the International Conference on Applied Information and Communication Systems (ACN'20). Plenary/keynote lectures, workshops, demonstrations, parallel technical sessions and tutorials will take place at the symposium. The conference will take place at the Vellore Institute of Technology, Chennai, India from October 14-17, 2020. Chennai is India's fourth largest metropolitan city. It is the commercial and cultural capital of the southeastern state of Tamil Nadu. The city is located on the Coromandel coast in the Bay of Bengal. Organized by About Followers 3 Photo Exhibitor Reviews, the Travel Deals!STA Forum gathers the packaging community through two jointly located events, TransPack and TempPack. TransPack provides a balance of valuable presentations, case studies, research and solutions from the world's leading experts on packaging optimization for transportation. TempPack focuses on technical topics related to global temperature-controlled packaging. TempPack gives presenters the opportunity to share their insights, challenges, case studies and research that has a direct impact on the industry. 28.370884 -81.558390 1700 Epcot Resorts Blvd Orlando FL 32830 USAGet Directions More HotelsPage 2DateEvent NameVenueDescriptionTypeView online webinars in the United States Mon. 02 - Thu, November 5, 2020 Las VegasVIVA20 is an educational event in which take part in today's vascular event. Environment & Waste Public Infrastructure Just listed Premium ISTA member Jesse Semeyn (Elgin District U46) was recently appointed by Achieve to join the Science Peer Review Panel. The panel helps you achieve in your work the evaluation of the sequence of NGSS lessons and units. Congratulations to Jesse, who was selected from 300 candidates across the country! Prepare! WE'RE GOING TO WALT DISNEY WORLD! We're glad to host the 2020 ISTA Forum from March 16-19 at Disney's Yacht

& Beach Club Resorts in Orlando, Florida! The Certified Packaging Laboratory (CPLP) and The Training and Certification of Responsible Packaging by Design (RPbD) will be offered before the Forum on March 15 and 16. The ISTA Forum brings together the packaging community through two jointly located events, TransPack and TempPack. TransPack provides a balance of valuable presentations, case studies, research and solutions from the world's leading experts on packaging optimization for transportation. TempPack focuses on technical topics related to global temperature-controlled packaging. TempPack gives presenters the opportunity to share their insights, challenges, case studies and research that has a direct impact on the industry. Both events aim to create opportunities to connect with like-minded professionals who face the same challenges in all different sectors and industries. You can expect to build new relationships and create resources with people focused on the transportation packaging industry. IT WAS GREAT SEEING EVERYONE IN DENVER! Check out the photos from our joint stay at the ISTA Forum 2019 in Denver, Colorado. Click herethank YOU 2019 ISTA FORUM SPONSORS! !
