

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER
MONITORING REQUIREMENTS NOT MET FOR**

GRANT CO PSD-US 220 S, WV3301207

We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. Between 1/1/2025 and 1/31/2025, we failed to submit the required samples as indicated below and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the required monitoring and the compliance period.

Required Monitoring	Compliance Period
3A, MONITORING, ROUTINE, MINOR (RTCR) Valid Compliance Total Coliform Sample(s) Not Reported as Required	1/1/2025 to 1/31/2025

What happened? What is being done? (Describe corrective action)

This sample was corrected with the West Virginia Dept of Agriculture. The wrong PWSID number was on the Huffman's Booster Station sample. It was listed as PWSID 3301209 and should have been listed as PWSID 3301207. It was corrected and initiated by Travis Racey

For more information, please contact Travis Racey at 304-257-2377
(Contact name) (Phone number)
or PO Box 806 Petersburg WV 26847
(Mailing address)

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
