SummaryrFactor 2 is a realistic, easily elongated racing simulation from Image Incorporated Space. It offers the latest in-car and race settings, excellent graphics, outstanding multiplayer and height racing realism. rFactor 2 has a mixed class of road racing with ultra realistic dynamics, an exciting sound environment and stunning graphics. You can race against the ai car field, or in multiplayer mode against others. The simulation supports a full day-night cycle as well as dynamically changing weather conditions such as rain. Tracks have real road technology that changes grip as more cars drive on it. You can run full 24-hour endurance events and in multiplayer mode, driver swaps are also supported. Everything can be customized by the community, including the addition of new tracks and cars, and a wealth of add-ons available on-line.rFactor 2 is also an evolving product that will be updated and added over the years, so the list of features will expand! Buying OptionsThere is basically three different options if you want to purchase rFactor 2: You can buy rFactor 2 and enjoy every aspect of this simulation except online racing. You can buy rFactor 2 with a lifetime subscription and enjoy every aspect of this simulation, including a lifetime subscription to online racing. You can buy 'rFactor 2 and a separate rFactor 2 - Online Subscription Services, which gives you full modeling plus a year's worth of online racing that you can resume.
