

# Native Family Disaster Preparedness Product Order Guide

# Native Family Disaster Preparedness Handbook & Workshop Toolkit

## INTRODUCTION

---

Dear Tribal Leader,

Thank you for your interest in **The Native Family Disaster Preparedness Toolkit**. To help ensure Tribal communities have access to valuable information about how to prepare for natural and human-caused emergencies, Preparedness Matters has developed this self-training option for Native organizations to conduct tribal workshops.

The 66-page **Native Family Disaster Preparedness Handbook** was designed by and for Native communities. The Handbook and Workshop materials provide culturally relevant information and resources to assist with community preparedness efforts. The Handbook can be used as a stand-alone training tool for tribal communities, or in tandem with the Workshop tools. Handbooks can also be customized to include your tribal branding, and you can even insert sponsor materials at a convenient pocket inside.

---

*“The need for preparedness in Native communities has never been more urgent. Our intent is to reduce unnecessary injuries and fatalities and improve Tribal resiliency. The handbook is an important step toward that objective.”*

**Lynda Zambrano**

**Executive Director-National Tribal Emergency Management Council**

---

The Native Family Disaster Preparedness Handbook and Workshop Toolkit will help to foster a culture of preparedness for Tribal communities. We sincerely hope your organization will join in this important work by sponsoring these materials for Native communities.

Please take a moment to review our enclosed pricing packet and select the desired option that best fits your organization’s needs and budget.

On behalf of our author team, thank you in advance for your time and support.

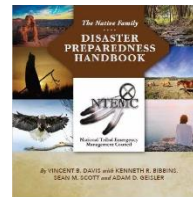

I look forward to hearing from you soon.

Sincerely,

*Vincent Davis*
