Mod offers higher levels of difficulty, game balance, bug fixes and new features. You can see, select / uncheck the features you want during installation: Combat Rebalance (FCR).Note: This mod is not suggested on your first game! The Full Combat Rebalance mod is so far the largest modification made for The Witcher. The battle mechanics are turned almost from scratch. The fighting has become more brutal, they need more tactics and strategy, but on the other hand, the rules of the battle system have become more logical. The fight in FCR can be unforgivable sometimes. If you don't like it, flash's Mod is a better choice if you're looking for increased difficulty... Enjoy! P.S. Please don't support me. I didn't create this face texture, I just edited it. Page 8 These are some modder resources I put together, I would like to tell you how I did it, just message me if you want to know. They're just shells, I think, as I've tried to convert Geralt in Knight armor back to .mbf files, but test them crashed my game and I realized that it was just a shell because it was on Page 9 So, I've been looking for that skin and couldn't find it, so I realized it's in the older version of ROTWW mod. I upload it in case someone wants that skin but didn't find it. Page 10 videogame_asset My Games Once logged in, you can select up to 12 games that appear as favorites in this menu.
