My Facebook Passwords Convertidor Undergro

VCA Type Approved.

As the only legally Type Approved dedicated pet transport converter in the UK, our conversions are built to the strictest quality controlled standards and have passed stringent testing to become VCA Type Approved. VCA Approval is a Government standard for converters to achieve the strict protocols set by the VCA to ensure all approved companies are building to the highest possible quality standards with complete continuity of production. We have achieved this on all of our product ranges. We have been VCA Approved for over 8 years and continue to excel in our annual inspections. Our approval gives our customer confidence in the product they are purchasing and reassures International customers who are unable to visit us, that our product's quality and build standards are unwavering.

Approved

Built to DEFRA Type 2 Standards

Due to new legislation, new International animal transport vehicles must be Type 2 DEFRA Approved. Our conversions are built to these standards to ensure a first time pass when they undergo the individual application by our customers when required. In 100% of our builds to date, zero changes have been requested by DEFRA before approval was granted.

ISO 90001 Certified.

Wet Pets are fully iSO 9001 Quality Certified. Our systems are audited each year to ensure we adhere to standards of the International Organisation for Standardisation. This certification provides our customers with peace of mind that we have a continuity of quality in both our systems and product range.

FCA Approved

Wet Pets are approved by the Financial Conduct Authority to offer and recommended finance on our conversions through our trusted partners.

ADCH Support

Wet Pets have supported the ADCH and the incredible work they do for a number of years - and now includes their latest addition of membership benefits. We are selected to attend their annual conference as a trusted pet transport converter within the industry.
