A guide that will explain how to implement treatments for the psychomagia of the great Alexander Jodorowsky. Alejandro Jodorowsky, among other things, has collected in his books the Dance of Reality and Psychomagia the theoretical basis of this healing technique created and developed by him. Throughout the book, these practical tips teach us to separate ourselves from the harmful ideas or negative influence that the family past can have on us; improve aspects of our working or economic life, health, life as a couple or alone; Finally, several acts of psychomagicism for healthy counselors and many others aimed at society preceded more than a hundred individual consultations attended by the author of those who requested information through the tarot. Critics say ... A multifaceted author who needs no introduction. As a great, sparkling artist, full of enthusiasm, like the old sage he is, he continues to grow.
