Usually I'll work the music myself, earn or use the tab to get the land job and polish from there. Your arrangement took the guesswork out of it and I was able to build the pieces and perform publicly quickly. I have purchased a number of mechanisms for your site and find them accurate and useful. I would also like to see more clues for some arrangements, especially where the horn parts are included. Sometimes alternative keys are needed for our vocalists range and at other times to accommodate my limitations on the trumpet. It's bad to be a customer. Thank you for the good work. R, Mike Vogel Mass Kurfuzion, Pensacola, Florida No Transpositions available to Philip David Charles Collins, LVO (born January 30, 1951 Chiswick, London) is an English singer-songwriter, drummer and actor, best known as the vocalist and drummer of English progressive rock band Genesis and as a Grammy award-winning solo artist. He has also appeared in several films. Collins sang vocals on eight U.S. charts between 1984 and 1989; seven as a solo artist and one with Genesis. His singles, often about lost love, ranged from the drum-heavy song In the Air Tonight to the dance pop music Sussudio to the political statements of his most successful song, Another Day In Paradise. His international popularity has transformed Genesis from a progressive rock band into a regular pop chart and an early support for MTV. Collins' professional career began as a drummer, first with the obscure rock band Flaming Youth and then better known with Genesis. In Genesis, Collins originally supplied backing vocals for frontman Peter Gabriel, singing the lead on only two songs: For Missing Friends from 1971's Children's Cryme album and More Fool Me from the Sale of England Pound, which was released in 1973. After Gabriel's departure in 1975, Collins became the band's lead singer. As the decade closed, Genesis's first international hit, Follow You, Follow Me, demonstrated a drastic change from the band's early years. His solo career, which was greatly influenced by his personal life, brought both him and Genesis commercial success. According to Atlantic Records, Collins' total global sales as a solo artist as of 2002 totaled 150 million.
