

Android Developer (m/f/d) in Munich

The digital landscape is changing the media landscape at an unprecedented pace. Powerful IP platforms are the prerequisite for innovative entertainment services such as next generation TV, gaming and virtual 3D realities.

The EXARING IP platform waipu.tv is able to simultaneously deliver millions of ultra-HD streams at the speed of light to our end-users. With waipu.tv, the smartphone becomes the remote control for TV entertainment and we enable existing TV sets to use waipu.tv via FireTV/AndroidTV apps. Our mission is to replace set-top boxes, satellite dishes and cable television. A new TV experience is taking over the living room. Become part of the redefinition of television and apply now!

For our team in Munich we are looking for an experienced Android / FireTV developer (m/f/d) for our next-generation-IPTV platform

What we love at Exaring

- Instead of building "Yet another REST app" working in the exciting video streaming domain with all it's challenges
- Great team spirit supported by regular team events
- Interview process driven by developers
- Working in an agile environment (and we really mean it!)
- Developers that bring in their own ideas on how to make our platform even better
- We value high code quality and spend a committed amount of time to improve our code base
- Top-of-the-line hardware to work with
- Freedom of choice: work remote or in our great office in Schwabing / Munich
- Our coffee machine Judith and her colleague Moccamaster

What we are looking for

- You are highly motivated to work with the latest tech (Kotlin, Jetpack Compose, ...)?
- Do you strive to improve Android apps constantly?
- You love building new features and helping us improve our existing code base?
- Terms like DI, CI, Git, MVVM, SCRUM are more than just random characters for you?
- Do you feel responsible for the product you work on and are eager to improve it constantly even further?
- Fluent in English. German is a plus

You want to be part of our great team that builds the next-generation-IPTV platform? Cool, so let's talk!

Simply send us your application documents by e-mail to jobs@exaring.de
