Company Formation

Getting familiar with new markets and doing business can be tricky. Require local knowledge (tax) Laws and regulations, culture, language, customs and habits. And understand the infrastructure and other factors Geography, politics and competitors. The knowledge you need to be able to do business fairly and successfully, and lay a solid foundation for growth. What you need as an expert, who means the business understands you, your company and your requirements, and is familiar with local customs and agreements. Experts who can act as your "national manager" during the market entry phase and beyond.

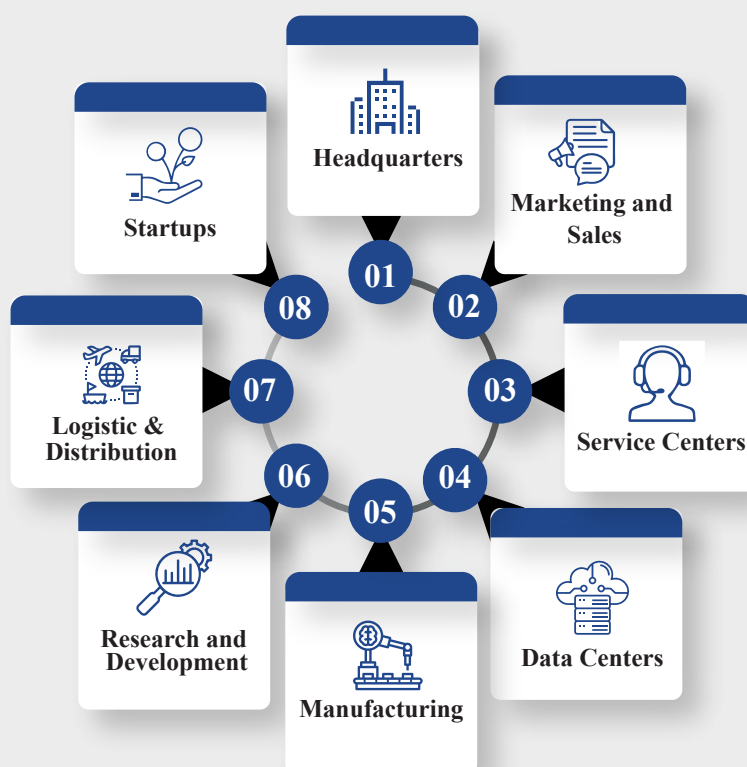

Why Invest In the Netherlands?

The establishment of a company in the Netherlands can be business wise very lucrative for companies and individuals. Companies always look at factors like, availability / knowledge of the workers, business cost, how is the transport / telecom quality, the political situation and much more before they decide to do business in a country. We have outlined below several reasons why a company should establish a company In the Netherlands.

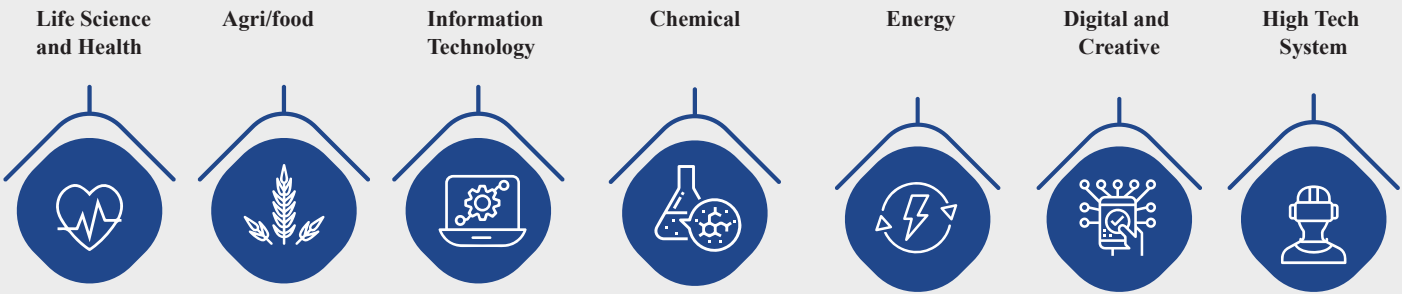

Reasons for starting a company in the Netherlands

Business Operations in The Netherlands

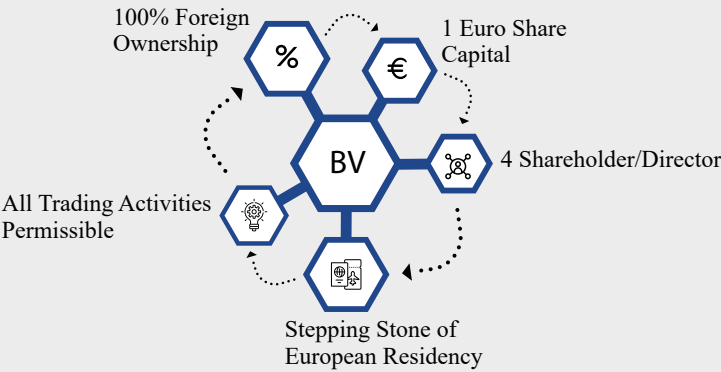

Key Industries

The Dutch private Limited Liability Company (B.V.)

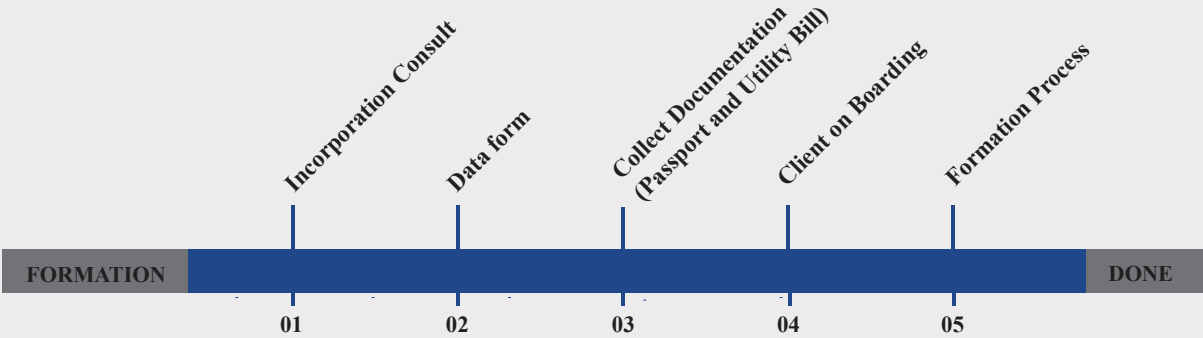

The private limited liability company or the Dutch BV is the most employed type of company in the Netherlands. According to the new Company Act, a Dutch BV does not require to have minimum share capital anymore. The Dutch BV must have at least one shareholder whose responsibility is limited to the amount invested in the company.

Starting From 2500 €	Starting From 3000 €	Starting From 3500 €

Process and Timeline

What we need from you

Once you have decided to go ahead with the formation of the company, we will require information and documentation on the involved persons and companies. The simpler the corporate structure, the less information we will require. We will inform you of the exact requirements during the intake meeting/call that we will schedule with you. Please be aware that we will at least need the following documents:

Individual Director/Shareholder

- Passport Copy
- Proof of Address

Corporate Director/Shareholder

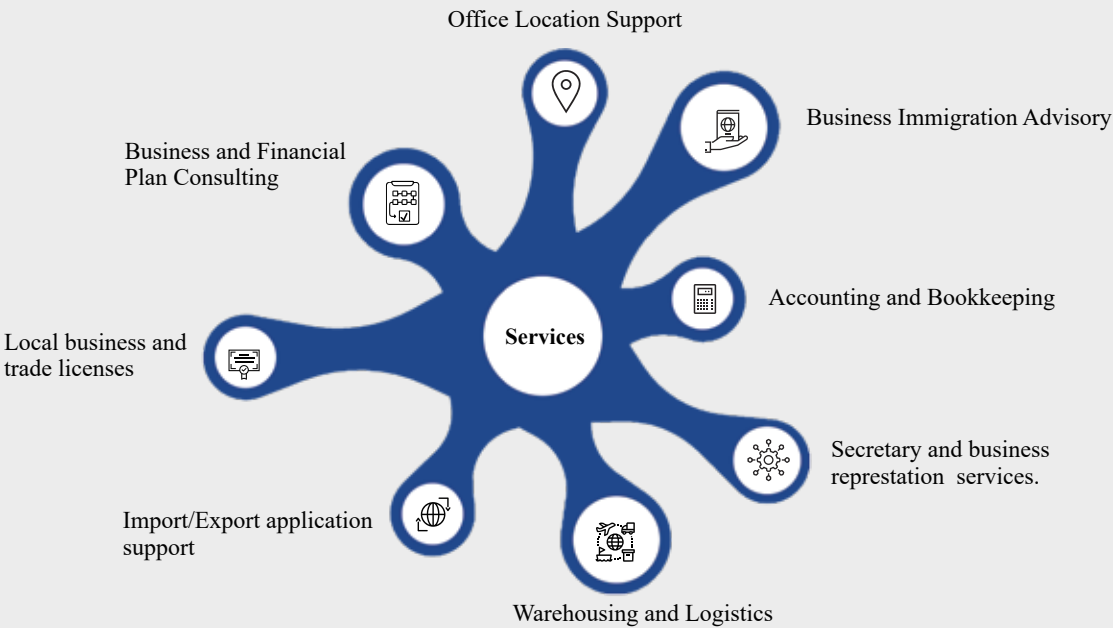

- Office Contract
- Legal Opinion
- Incorporation Deed
- Company Extract/License

Getting started

At On Demand International, we don't see "company formation" as a standalone service, but this is part of a complete "merger" of all the resources you need to successfully enter a new market. We are dealing with non-residents or complex institutions, enabling us to provide guaranteed expectations and avoid unnecessary frustrations and delays in dealing with notaries, tax bureaus, banks and other interested parties.

That's why the one-stop service On Demand International is the partner of choice for global entrepreneurs who want comprehensive help and assurance during the company's formation.
