

Always Gluten-Free | Dairy-Free | Kosher Pareve

Not-Quite-Last-Minute Cakes

Our 48-Hour Layer Cake Guide is for those not-quite-last-minute cakes that you want to customize with one or more of the “Sweet Little Additions” shown on pages 6-8. These are cakes that are available on up to two day’s notice.

Please begin with page 3 to determine whether you need a 6” or a 9” cake. (Larger cakes require additional notice.) Then take a look at pages 4-5 to select your cake flavor. You can then start thinking about the decorations.

Please note that all prices shown on pages 6-8 are in addition to the cost of the cake. However, a simple cake with an inscription at no charge may be all you need. Whatever you select, our goal is to make the perfect cake for your special occasion, or for no occasion at all.

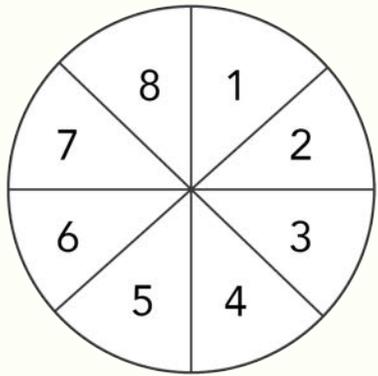

And remember, all of our cakes are gluten-free, dairy-free, and kosher pareve. Most important, all BTW cakes are delicious – as good as, if not better than their conventional counterparts.

Things to Note

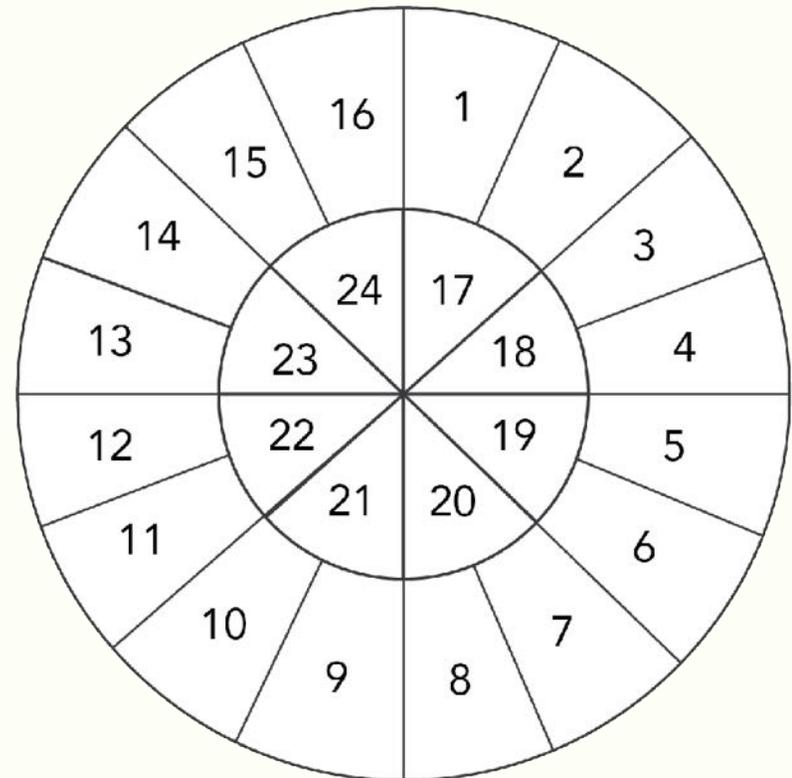

- **Sizes:** You can order a 6” or 9” cake in any of our “Classic Combinations” shown on pages 4-5 up to 48 hours in advance.
- **Sweet Little Additions:** With the same 48-hour notice, we’re happy to dress up your cake with one or more of the “Sweet Little Additions” shown on pages 6-8.
- **Colors:** We’re also delighted to dye our vanilla chiffon frosting in a full array of colors. (We’ve found that our other frosting options do not hold color as well.) Food dye isn’t precise, but we’ll do our best to create the color you’re seeking. We cannot dye our frosting in gold, silver, or other metallic shades.
- **Inscriptions:** You can pre-order an inscription on your cake in any of the following colors (one color per cake) – blue, green, orange, pink, purple, red, white, yellow, or real chocolate. Not all colors are available for walk-in customers. In addition, as with our frosting, we cannot pipe inscriptions in gold, silver, or other metallic shades.
- **Timing:** No worries if you’re outside the 48-hour window! Each of our four stores receives a selection of 6” cakes in some – but not all – of our “Classic Combinations” each morning.
