New Brunswick's annual National Night Out for 2019 was another fun night of food, music, games and community building across our city. National Night Out is a community event held annually on the first Tuesday in August, intended to build relationships between neighbors and between residents, elected officials, and police and fire officials. Picnics and barbecues take place throughout the city, organized by community and crime surveillance groups that work with the police department year-round on quality of life issues. A caravan of New Brunswick Police Department officers, New Brunswick Fire Department, and elected officials visited each of the participating sites to mingle, eat, and chat with attendees.
