Caring for you at
St Georges Nursing Home

A WARM WELCOME

At St George's Nursing Home Witham we provide a quality of residential and nursing care, specialising in high dependency, intermediate and long-term palliative and end-of-life care. We care for those with a range of both common and complex health conditions such as diabetes, epilepsy, stoma care, stroke and, Parkinson's disease.

A SPECIAL COMMUNITY

We promote and encourage the independence of our residents, supporting them to live fulfilled and stimulated lives. We have a member of staff who is responsible for activities and widely praised for the range provided. All residents who have a special interest or hobby are encouraged and if practicable facilitated to enable them to continue. We have a visiting hairdresser, chiropodist, dentist and optician. Plus we hold regular religious services.

ST GEORGE'S NURSING HOME WITHAM

RESIDENTIAL CARE - NURSING CARE

At St George's Nursing Home we understand that selecting the right care home provider and type of care can be quite an overwhelming and emotional challenge for most, even for those with an understanding of care, as you can never prepare for your change in perspective.

At St George's Nursing Home we offer personal guidance and support on the most appropriate type of care needed. We will help differentiate between the different types of care available to help you or a loved one, achieve as smooth a transition as possible.

Whilst nothing replaces in person discussion, we have provided a variety of help and advice pages on our website too. These address fees and funding, our services, frequently asked questions and some external care and support resources.

Caring for you at
St Georges Nursing Home

St George's Nursing Home offers a range of well appointed single and companion rooms. Residents are more than welcome to bring furniture to make it more homely too. Several ground floor rooms have individual terraces. All bathrooms are fitted to ensure a comfortable and refreshing bathing experience. There are lounges on the ground floor and first floor. You can find more information on our website: www.stgeorgesnursinghome.org.uk
