MADE IN AUSTRALIA WITH RESISTANT POLYURETHANE

MONSTER SERIES

Gets everyone to the top.

E SERIES

Perfect comp holds.

DISKS

Overgrown holds.

GEOMETRIC SERIES

Popular sets.

CLASSIC SERIES

All the essentials and more.

MONSTER SERIES

138 HOLDS

The Monster series not only targets beginner climbing with straightforward, super comfortable and ergonomic holds to get everyone to the top of the wall, it also assists climbers in transitioning form beginner to intermediate levels.

M00002	MIRRORED JUGS	$103

2 large mirrorred jugs to defy gravity.

Subtle incuts for better handling and wide steppable texture on one side of each hold.

Great on very steep walls but also super easy for beginners wearing sneakers on vertical walls.

3/8'' BOLTS: 2 x 2-1/4"
M10 BOLTS: 2 x 55mm
SCREWS: 2 x 45mm

M00003 $293

STYLE
COMFORT
POPULARITY

8 medium/large jugs.

Minimal protrusion for injury prevention.

Snag-free profiles to help with rope management.

Satisfying textured thumb placements.

3/8'' BOLTS: 3 x 1-3/4", 5 x 2"
M10 BOLTS: 3 x 45mm, 5 x 50mm
SCREWS: 6 x 40mm, 3 x 45

M00004	VARIOUS FOOTHOLDS	$76

5 small to medium varied footholds perfect to go with jugs and shallow jugs.

VARIETY
SIMPLICITY

3/8'' BOLTS: TBC
M10 BOLTS: TBC
SCREWS: TBC

M00005	POSITIVE SCREW-ONS	$85

12 screw-on fairly positive, pleasant and challenging small hand holds.

FINE DETAILS
4 to 5 FINGERS FIT
SURPRISINGLY ERGONOMIC

This set is often used for kid's climbing ramps for toddlers (Pikler Triangle).

SCREWS: 24 x 40mm

M00006

2 new holds upgraded in June 2025

$203

STYLE
COMFORT
POPULARITY

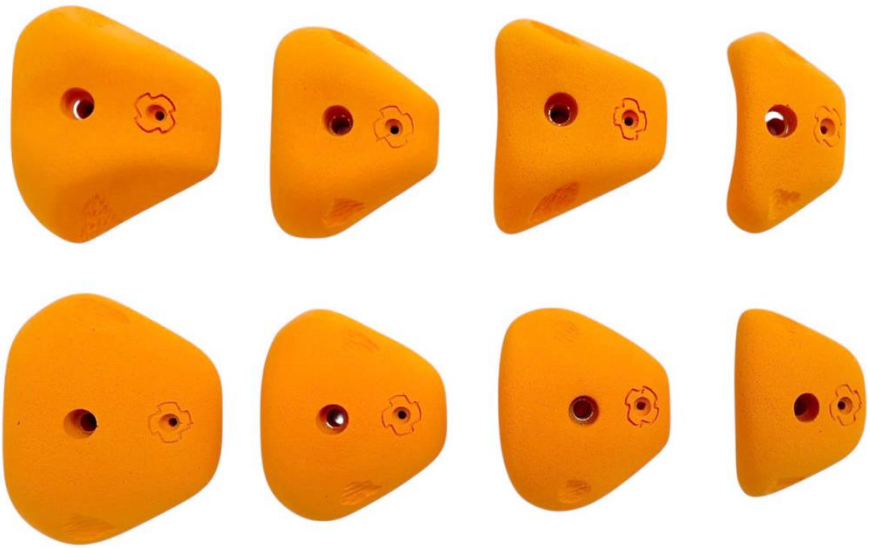

8 medium-sized shallow jugs.

Minimal protrusion for injury prevention.

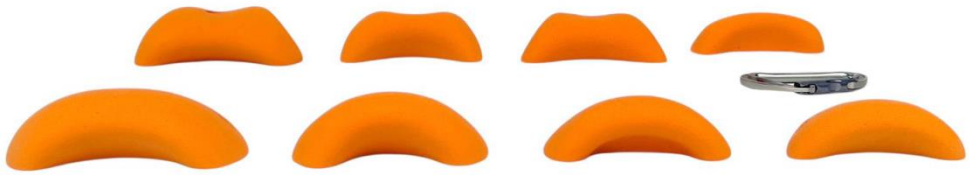

Snag-free profiles to help with rope management.

Satisfying textured thumb placements.

Great value.

3/8'' BOLTS: 1 x 1-1/2", 3 x 1-3/4", 4 x 2"
M10 BOLTS: 1 x 35mm, 1 x 40mm, 3 x 45mm, 3 x 50mm
SCREWS: 7 x 40mm, 1 x 45mm

M00008 BLOCKY FOOTHOLDS $299

8 large holds. Ideal as footholds on vertical terrain for beginners wearing snickers.

Combine these large foot holds with M00002, M00003, M00009, M00012, M00013...

Versatile hand holds with pleasant thumb placements and fingertip grips.

3/8'' BOLTS: 1 x 2-1/4", 2 x 2-1/2", 4 x 2-3/4", 1 x 3"
M10 BOLTS: 1 x 55mm, 2 x 65mm, 4 x 70mm, 1 x 80mm
SCREWS: 2 x 40mm, 1 x 45mm, 2 x 50mm, 1 x 60mm, 1 x 80mm, 1 x 100mm

M00009	INCUT JUGS	$269

CALLING
COMFORT

4 large to very large incut jugs of incremental rise.

Combine these super comfortable jugs with a few sets of M00002, M00003, M00012 to create easy/moderate climbs even on steep terrain.

Note: One of these jugs (the second biggest one) is TNUT's down climbing hold - See catalogue reference #P00005.

3/8'' BOLTS: 1 x 2-1/4", 2 x 2-1/2", 1 x 4"
M10 BOLTS: 1 x 55mm, 2 x 65mm, 1 x 100mm
SCREWS: 1 x 45mm, 1 x 50mm, 1 x 60mm, 1 x 70mm

M00010	VERSATILE HOLDS	$173

8 versatile holds.

Hand holds:
Grade: 12-15 on vertical
Grade: V4-V6 on 40° wall

Perfect footholds for beginners even wearing sneakers.

3/8'' BOLTS: 2 x 1-3/4", 2 x 2", 4 x 2-1/4"
M10 BOLTS: 2 x 45mm, 1 x 50mm, 5 x 55mm
SCREWS: 3 x 40mm, 5 x 60mm

M00011	POSITIVE HOLDS	$202

8 just positive and ergonomic hand holds.

Minimal protrusion for injury prevention.

Snag-free profiles to help with rope management.

Satisfying textured thumb placements.

Hand holds:
Grade: 12-15 on vertical
Grade: V4-V5 on 40° wall

3/8'' BOLTS: 2 x 2", 4 x 2-1/4", 2 x 2-1/2"
M10 BOLTS: 2 x 50mm, 4 x 55mm, 2 x 60mm
SCREWS: 4 x 40mm, 4 x 45mm

M00012	ROOF JUGS	$488

8 ergonomic incut jugs.

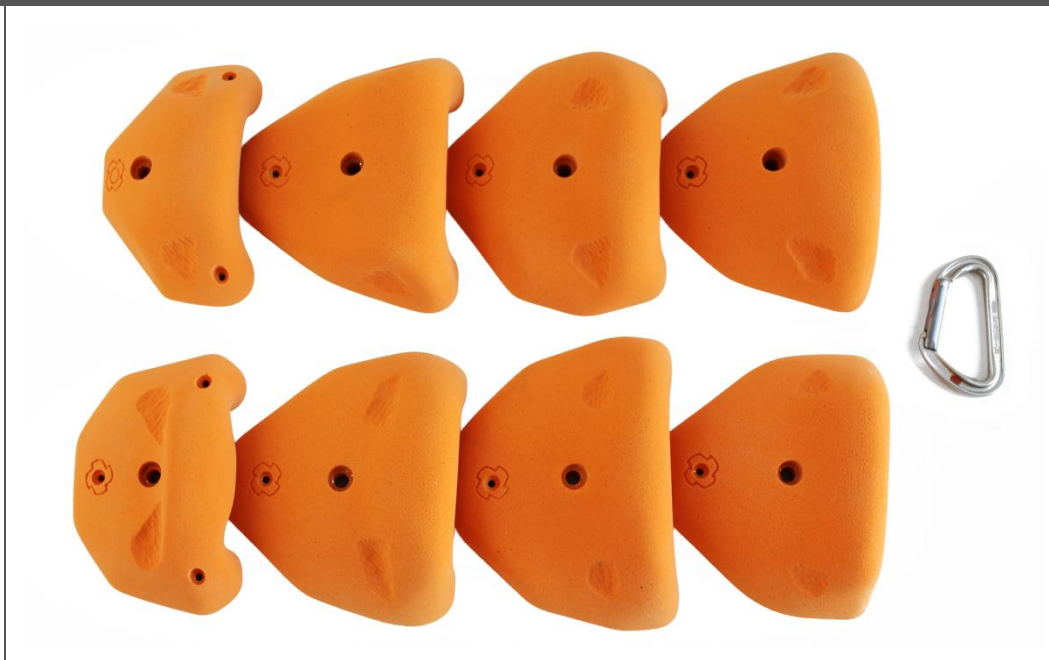

These jugs were designed to be as economical as possible, yet providing ample room for a full hand.

Their generous incuts will feel deep and juggy even on roofs and very steep territories.

Minimal protrusion for injury prevention.

Snag-free profiles to help with rope management.

Satisfying textured thumb placements.

3/8'' BOLTS: 5 x 2", 3 x 2-1/4"
M10 BOLTS: 5 x 50mm, 3 x 55mm
SCREWS: 7 x 40mm, 2 x 45mm, 2 x 50mm

M00013 EXTRA LARGE PINCHY JUGS $330

3 extra-large pinchy jugs.

Sizeable and matchable jugs with ergonomic handling for all fingers.

They are the most protruding holds of the Monster series.

Will also encourage heel hooks and provide ample space to push with a foot even on very steep terrains.

3/8'' BOLTS: 1 x 2", 1 x 2-3/4", 1 x 3"
M10 BOLTS: 1 x 55mm, 1 x 65mm, 1 x 70mm
SCREWS: 3 x 60mm, 3 x 70mm

M00014 BEEFY SHALLOW JUGS $287

8 beefy shallow jugs.

Large holds with a perfectly satisfying robust grab.

Quite versatile at all angles and particularly fun for intermediate levels on 15° to 30° walls.

3/8'' BOLTS: 2 x 2-1/4", 6 x 2-1/2"
M10 BOLTS: 2 x 55mm, 1 x 60mm, 5 x 65mm
SCREWS: 5 x 40mm, 2 x 45mm, 1 x 50mm

M00015 $182

COMFORT
POSITIVITY
CONSISTENCY

8 medium-sized jugs.

Designed with minimal protrusion to reduce injury risk, these holds enable climbing/bouldering centers to create accessible routes and ladder-style climbs on vertical terrain, without interfering with often harder adjacent routes.

Satisfying textured thumb placements.

Great value.

An obvious choice for schools.

3/8'' BOLTS: 2 x 1-1/2", 4 x 1-3/4", 2 x 2"
M10 BOLTS: 4 x 40mm, 2 x 45mm, 2 x 50mm
SCREWS: 5 x 30mm, 3 x 40mm

M00016 $108

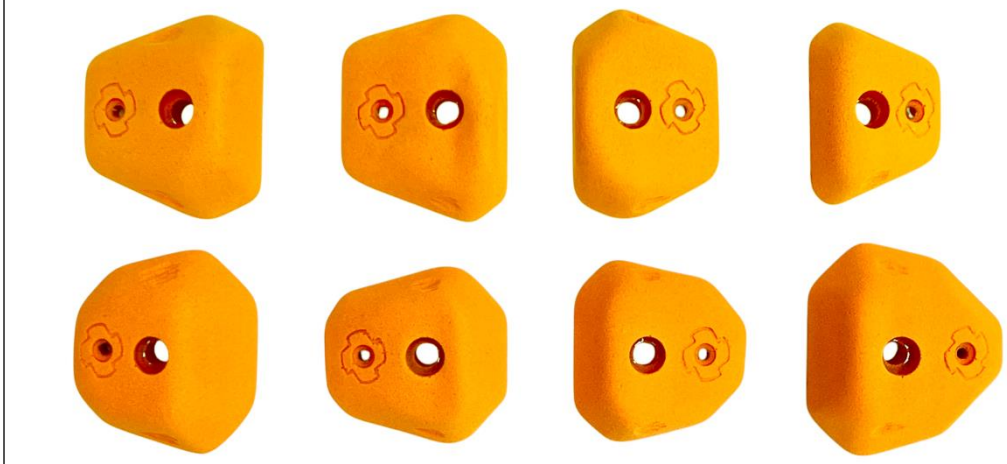

JUST
THE RIGHT
ANGLE & SURFACE

8 well calibrated footholds for beginner/intermediate climbers on vertical terrain and slightly steep walls.

Depths and angles make these holds discouraging enough as a hand hold, yet providing a usable foothold.

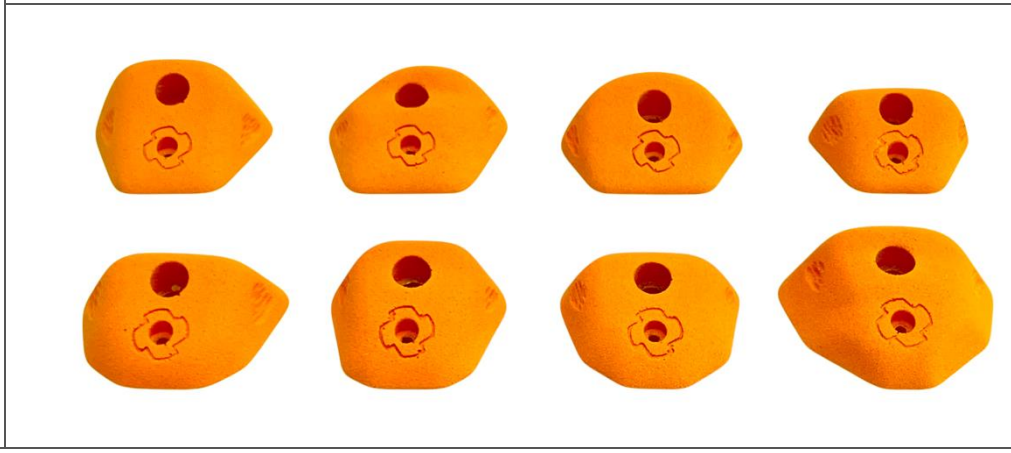

Combine with hand holds such as M00014, M00010, M00011.

3/8'' BOLTS: 7 x 1-1/2", 1 x 1-3/4"
M10 BOLTS: 2 x 35mm, 6 x 40mm
SCREWS: 4 x 30mm, 4 x 40mm

M00017 — New set released in Feb 2025 — $183

ROOMY
MEDIUM
HOLDS

8 well calibrated medium footholds for beginner climbers on vertical terrain and slightly steep walls.

Ample surface area and angles make these holds a little discouraging as a hand hold for beginners, yet providing generous footholds.

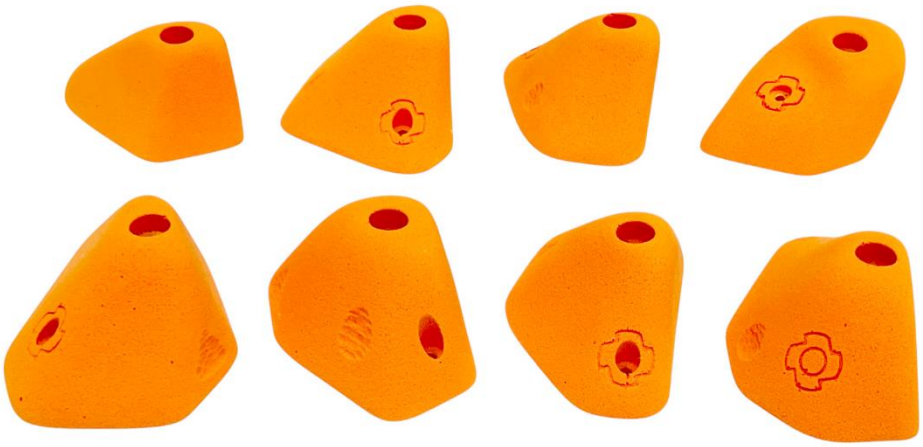

Intermediate climbers will enjoy them as hand holds too.

Combine with hand holds such as M00003, M00006, M00010, M00013, M00015.

The bolt heads are exactly flush to the hold surface: no unplanned use of the bolt holes here!

3/8'' BOLTS: 2 x 2-1/4", 6 x 2-1/2"
M10 BOLTS: 1 x 55mm, 5 x 60mm, 2 x 65mm
SCREWS: 2 x 30mm, 5 x 40mm, 1 x 45mm

M00018 — New set released in June 2025 — $188

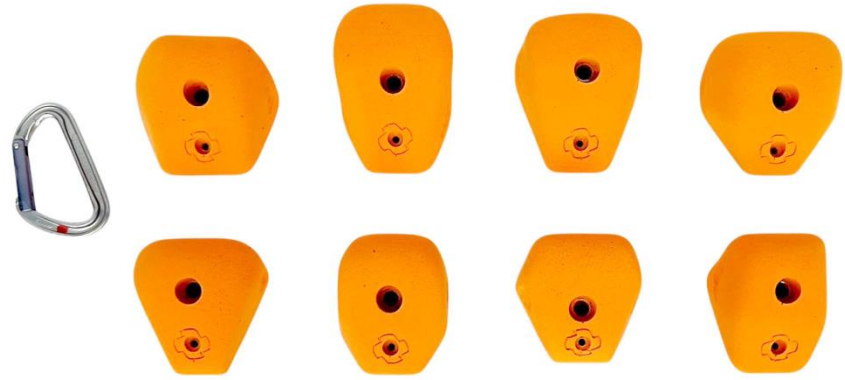

WRAPABLE
MEDIUM
JUGS

This set of 8 medium jugs is perfect for beginners, offering a comfortable, *wrapable* handle. Ideal for routes on vertical walls and slightly overhanging terrain, these jugs instill confidence and help new climbers get to the top!

They also provide incredibly secure placement for your feet on steep terrain.

Combine with hand holds such as M00003, M00006, M00010, M00013, M00014, M00015...

A frequent choice for playground holds too.

3/8'' BOLTS: 1 x 1-3/4", 3 x 2", 3 x 2-1/4", 1 x 2-1/2"
M10 BOLTS: 1 x 45mm, 3 x 50mm, 3 x 55mm, 1 x 60mm
SCREWS: 6 x 40mm, 1 x 45mm, 1 x 50mm

M00020 *3 new holds released in Jan 2025* **$182**

SCREW-ON MEDIUM JUGS

8 medium-sized deep to shallow jugs

Minimal protrusion for injury prevention.

Snag-free profiles to help with rope management.

Satisfying textured thumb placements.

NOTE: Screw-on holds can be installed on any solid wooden panel. No need for t-nutted plywood.

All hollow backed since June 2025 !

SCREWS: 21 x 45mm, 3 x 50mm

M00021 SCREW-ON MINI JUGS $92

SCREW-ON MINI “JUGS”

8 small screw-on mini holds.

Minimal protrusion for injury prevention.

Snag-free profiles to help with rope management.

Satisfying textured thumb placements.

Home wall owners often get these to fill the gaps between t-nuts.

NOTE: Screw-on holds can be installed on any solid wooden panel. No need for t-nutted plywood.

SCREWS: 24 x 40mm

M00022 *New set released in Feb 2026* **$309**

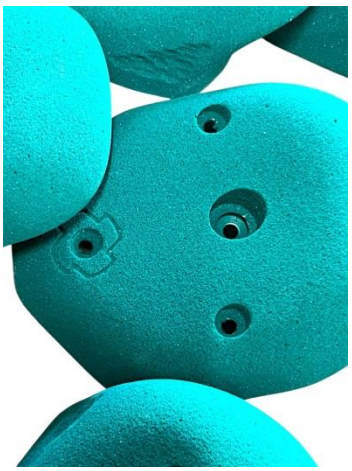

CAMBERED JUGS

OPTIMAL
FOR OUTDOOR
PLAYGROUNDS

8 large holds designed specifically for outdoors.

Their base is cambered to let rain water naturally run off the sides of the holds, in all orientations.

They can be made to order as bolt-on holds or screw-on holds with either:
- 1 bolt hole + 3 screw holes
- 4 screw holes

NOTE: Screw-on holds can be installed on any solid wooden panel. No need for t-nutted plywood. We highly recommend the use of Wurth screws on these large holds to improve stability.

3/8'' BOLTS: 2 x 1-3/4", 1 x 2", 3 x 2-1/4", 2 x 2-1/2"
M10 BOLTS: 2 x 45mm, 1 x 50mm, 1 x 55mm, 4 x 60mm
SCREWS: 1 x 40mm, 4 x 45mm, 2 x 50mm, 7 x 60mm, 8 x 70mm, 2 x 80mm

M00023 — 8 new holds coming in Oct 2026 — ~$196

CAMBERED
GENEROUS
FOOTHOLD

OPTIMAL
FOR OUTDOOR
PLAYGROUNDS

8 medium holds designed specifically for outdoors.

Their base is cambered to let rain water naturally run off the sides of the holds, in all orientations.

They can be made to order as bolt-on holds or screw-on holds with either:
- 1 bolt hole + 3 screw holes
- 4 screw holes

NOTE: Screw-on holds can be installed on any solid wooden panel. No need for t-nutted plywood. We highly recommend the use of Wurth screws on these large holds to improve stability.

E SERIES

127 HOLDS

The E series has been specifically designed for **competition** setting, where minute adjustments are required to reach a particular grade. The E series includes 16 sets of holds. Most sets of holds were shaped to cover the full spectrum of difficulty - from an easy to a difficult grab and 6 incremental angles in between. No doubt these tapered holds will be useful for both commercial setting and residential climbing walls.

E01001 $2274

8 overgrown holds,
8 degrees of difficulty,

HUGE
TAPERED
DIRECTIONAL

Length: 580mm
Width: 310mm
Depth: 100mm

3/8'' BOLTS: 4 x 3", 4 x 4"
M10 BOLTS: 4 x 75mm, 4 x 100mm
SCREWS: 28 x 40mm, 4 x 45mm

E00001 $725

8 very large holds,
8 degrees of difficulty.

CLEAN
ATTRACTIVE
DIRECTIONAL

Tip: combine with E00002 and E00003.

These sets will present themselves to the setter to promptly create moves after moves with well calibrated holds.

3/8'' BOLTS: 2 x 2-1/4", 2 x 2-1/2", 4 x 2-3/4"
M10 BOLTS: 4 x 60mm, 2 x 65mm, 2 x 70mm
SCREWS: 4 x 40mm, 4 x 45mm

E00002 $647

8 very large holds,
8 degrees of difficulty fitting in between the E00001 holds.

With this set, you can efficiently reach the optimum grade targeted.

CLEAN
ATTRACTIVE
DIRECTIONAL

Tip: combine with E00001, E00003 and E00012 for best visual impact on the wall.

3/8'' BOLTS: 6 x 2-1/4", 2 x 2-1/2"
M10 BOLTS: 5 x 55mm, 1 x 60mm, 2 x 65mm
SCREWS: 3 x 30mm, 6 x 40mm

E00003 $77

1 very large low profile hold with a similar footprint as E00001 or E00002 but a bit less to grab onto.

DIRECTIONAL
EYE-CATCHING
STRAIGHT EDGE

Tip: combine with E00001, E00002 and E00012.

“Like it? Order it today to encourage TNUT to create a full set tomorrow.”

3/8'' BOLTS: 1 x 2-3/4"
M10 BOLTS: 1 x 70mm
SCREWS: 1 x 45mm

E00004 $205

8 large holds with a curved edge fitting ergonomically along the fingertips.

Similar clean shapes as E00001 but about three times smaller.

LOW PROFILE
DIRECTIONAL
EVIL EDGES

3/8'' BOLTS: 6 x 1-1/2", 2 x 1-3/4"
M10 BOLTS: 5 x 35mm, 3 x 40mm
SCREWS: 6 x 30mm, 2 x 40mm

E00005 $196

8 large holds including 3 decent edges and 5 slopers that may serve as decent footholds.

Similar clean shapes as E00001 but about three times smaller.

LOW PROFILE
NEAT EDGES
EVIL SLOPERS

3/8'' BOLTS: 3 x 1-1/2", 3 x 1-3/4", 2 x 2"
M10 BOLTS: 1 x 35mm, 2 x 40mm, 3 x 45mm, 2 x 50mm
SCREWS: 3 x 30mm, 5 x 40mm

E00006 $108

8 small edges and slopers of incremental difficulty.

Slightly less challenging than E00004 and E00005.

LOW PROFILE
FINGERPAD EDGES
NASTY SLOPERS

3/8'' BOLTS: 2 x 1-1/4", 5 x 1-1/2", 1 x 1-3/4"
M10 BOLTS: 5 x 35mm, 3 x 40mm
SCREWS: 8 x 30mm

E00008 *DISCONTINUED in April 2026, see E00015...*

Instead of the original set of 12 holds, we've extended the range into 2 new sets of at least 8 holds, see E00015 & E00016.

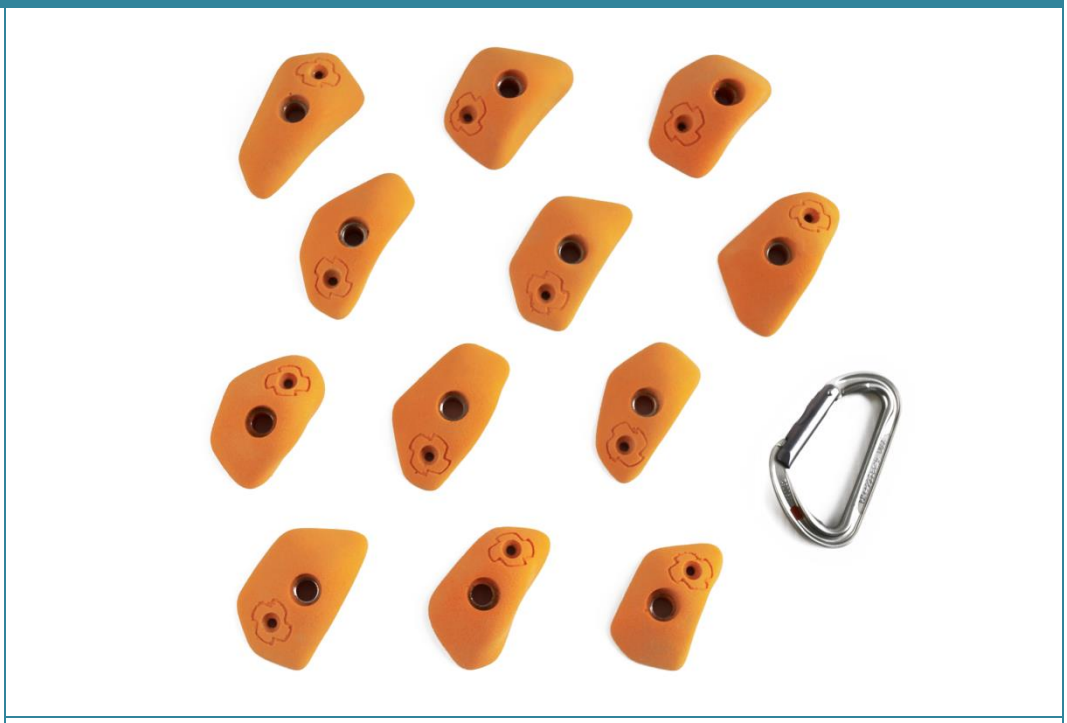

E00009 *DISCONTINUED in April 2026, see E00017...*

Due to their popularity, we now have 2 awesome sets on offer.
- One set of 8 sloppers to edges (E00017),
- Another set of 8 edges to crimps (E00018).

E00010 $64

12 positive very small holds ideal for accurate footwork on a kickboard and steep angles.

3/8'' BOLTS: 3 x 1-1/4", 9 x 1-1/2"
M10 BOLTS: 3 x 35mm, 9 x 40mm
SCREWS: 12 x 30mm

E00011 $207

CRIMPS ON STEEP

Dig in these 8 pleasant:
- crimps on steep,
- finger bucket on vertical.

These holds are simply stellar on roofs and very steep walls.

3/8'' BOLTS: 1 x 1-1/2", 3 x 1-3/4", 4 x 2"
M10 BOLTS: 1 x 40mm, 3 x 45mm, 3 x 50mm, 1 x 55mm
SCREWS: 4 x 30mm, 4 x 40mm

E00012 $458

8 challenging shallow and wide pinches.

V4-V6 on vertical,
V10-V15 on 10°/20° wall.

Choice of screw-on or bolt-on installation.

Tip: Combine these extra-large holds with similar sets such as E00001, E00002 and E00003.

3/8'' BOLTS: 3 x 1-1/2", 5 x 1-3/4"
M10 BOLTS: 1 x 35mm, 5 x 40mm, 2 x 45mm
SCREWS: 18 x 30mm, 14 x 40mm

E00013 — 5 new holds released in Sept 2025 — $80

8 narrow, pointy and subtle edges.

Ideal as foot holds on slab, vertical and slightly steep walls.

Their narrow profiles offer fine to poor hand holds.

Interesting thumb catches when placed upside down.

POINTY
NARROW
ECONOMICAL

3/8'' BOLTS: 8 x 1-1/2"
M10 BOLTS: 4 x 35mm, 4 x 40mm
SCREWS: 6 x 30mm, 2 x 40mm

E00014 — *1 new hold released in Sept 2025* — $116

8 medium protruding subtle edges.

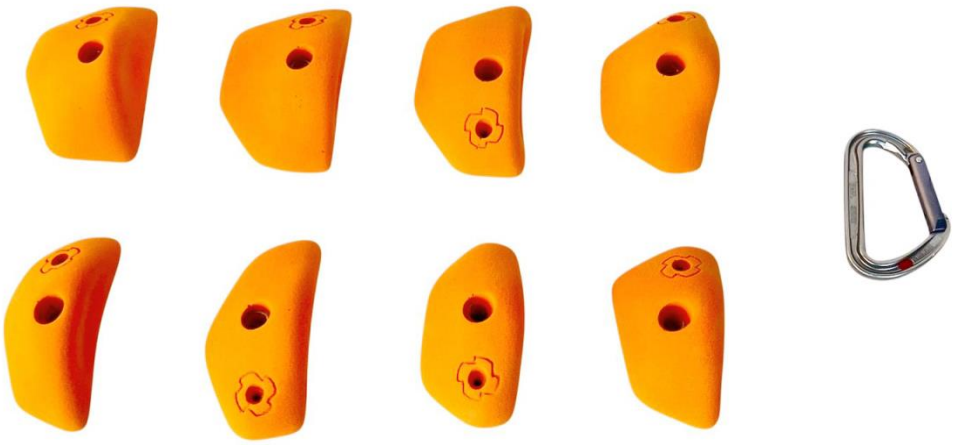

These pleasant hand holds are fairly positive despite their small/medium sizes.

POSITIVE
VERSATILE
ECONOMICAL

Sept 2025 update: To address the high demand of this type of holds, TNUT kept the best ones from the now discontinued set of E00007 and created more (here and see E00013).

3/8'' BOLTS: 3 x 1-1/2", 5 x 1-3/4"
M10 BOLTS: 6 x 40mm, 2 x 45mm
SCREWS: 4 x 30mm, 4 x 40mm

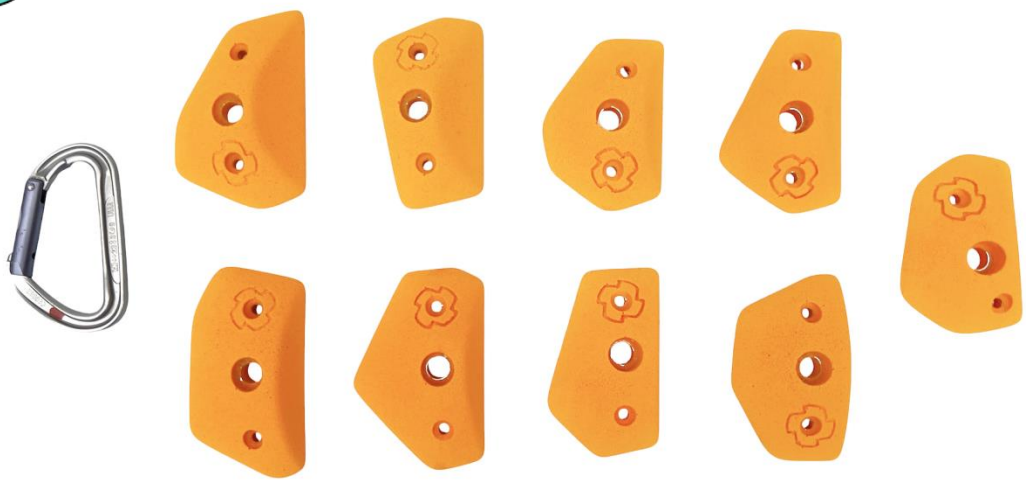

E00015 *Few new holds released in April 2026* **$65**

9 small sloppers to “negative” edges of incremental difficulty.

Choice of screw-on and bolt-on attachment system.

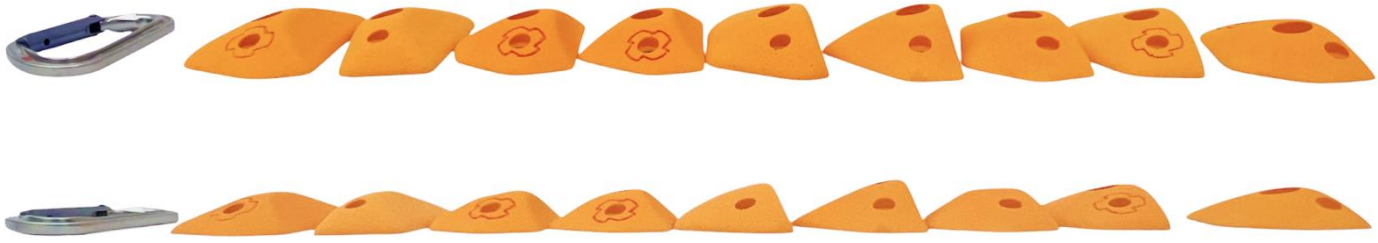

ADAPTABLE
FLAT PROFILES
EDGES & SLOPERS

3/8'' BOLTS: TBC
M10 BOLTS: TBC

9 screw-on jibs of incremental difficulty - ranging from ½ finger pad decent crimp to a perfect edge.

LOW PROFILE
SCREW-ON JIBS
PERFECT EDGES
WICKED CRIMPS

3/8'' BOLTS: TBC
M10 BOLTS: TBC
SCREWS: TBC

D01001 The FIREBALL $324

An ergonomic sloper turning to a gradually positive open hand. Matchable anywhere.

The narrow slot provides a decent 4-finger grab on the positive side. It is only cosmetic the other way.

It comes with screw-on blocker hold fitting perfectly in the narrow slot.

Length: 410mm
Width: 300mm
Depth: 100mm

3/8'' BOLTS: 1 x 3-3/4"
M10 BOLTS: 1 x 100mm
SCREWS: 1 x 30mm, 1 x 40mm, 1 x 45mm, 1 x 80mm

D01002 $265

Second largest overgrown hold from the disk series.

Orientation will determine whether the climber gets a matchable jug or a gnarly pinch.

Length: 420mm
Width: 320mm
Depth: 95mm

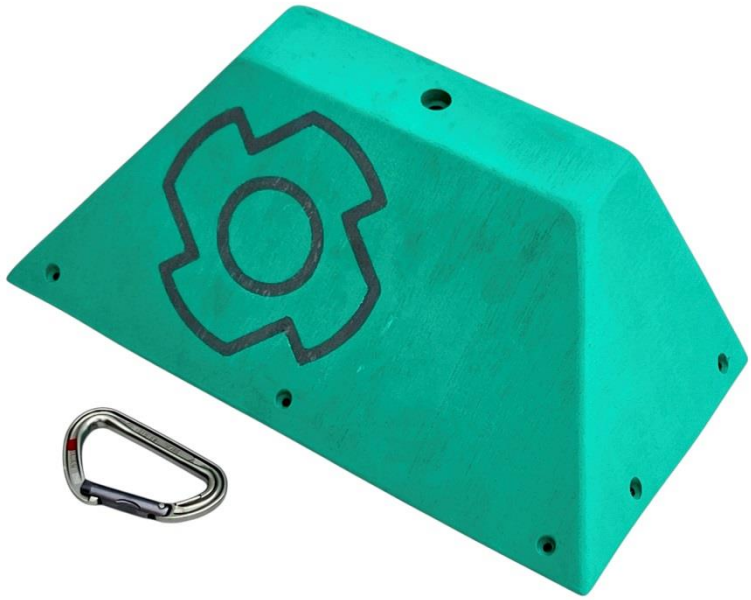

3/8'' BOLTS: 1 x 3"
M10 BOLTS: 1 x 80mm
SCREWS: 1 x 60mm

G01001 NEW $266 (+ $25 with the TNUT LOGO)

1 overgrown geometric hold with a fine wood grain texture. Gentle climbing will be paramount with this one.

Despite all appearances, it's made of polyurethane... not wood!

With a single bolt, it is convenient to install quickly on the wall during setting, subsequently add screws once in its final position.

3/8'' BOLTS: 1 x 6-1/2"
M10 BOLTS: 1 x 160mm
SCREWS: 7 x 40mm

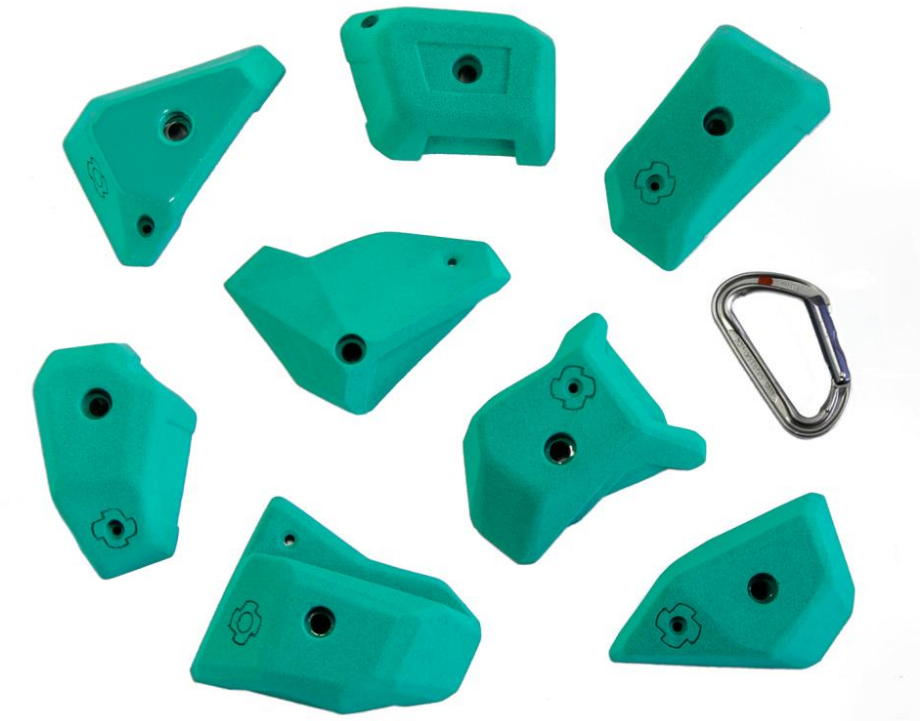

G00001 — 2 holds added in Jan 2025 — $274

10 medium-large geometric pinches with detailed edges.

Prepare to be captivated by the detailed and intricate lines that define these exceptional holds. The GEO series is crafted for intermediate climbers, offering unconventional hand grips.

While versatile, they truly come alive on slightly steep-ish angles, from 10° to 45°.

Approximate grade range on vertical: 13 to 16.

The 2 holds added in Jan 2025

3/8'' BOLTS: 1 x 2", 4 x 2-1/4", 5 x 2-1/2"
M10 BOLTS: 1 x 50mm, 3 x 55mm, 3 x 60mm, 3 x 65mm
SCREWS: 2 x 30mm, 1 x 40mm, 2 x 45mm, 3 x 50mm, 1 x 60mm, 1 x 70mm

G00002 $151

8 geometric medium-sized holds.

Sometimes it's nice NOT to know exactly what to expect from a climbing hold. These Geometric shapes take a bit of searching and feeling around to master.

Approximate grade range on vertical: 14 to 17.

3/8'' BOLTS: 2 x 1-3/4", 4 x 2", 1 x 2-1/4", 1 x 2-1/2"
M10 BOLTS: 1 x 40mm, 1 x 45mm, 4 x 50mm, 1 x 55mm, 1 x 65mm
SCREWS: 1 x 30mm, 3 x 40mm, 4 x 45mm

G00003 — *7 new holds added in Jan 2025* — $135

12 small to medium holds, mostly footholds.

An affordable set to combine with G00001 and G00002.

3/8'' BOLTS: 5 x 1-1/4", 5 x 1-1/2", 2 x 1-3/4"
M10 BOLTS: 7 x 35mm, 3 x 40mm, 2 x 45mm
SCREWS: 7 x 30mm, 5 x 40mm, 1 x 45mm

G00004 — NEW — *8 new jibs released in March 2025* — $36

8 protruding tiny screw-on footholds.

Length: ~45mm
Width: ~25mm
Height: ~20mm

Recently developped for accurate footwork on a 15° wall bouldering circuit.

SCREWS: 16 x 40mm

G00005 — *12 new jibs released in August 2026* — $TBC

8 shallow screw-on footholds.

Similar square shapes as the Stamps (Catalogue ref. C00023), albeit a bit more positive overall.

Various depths and angles make these great for fine tuning to the targetted difficulty.

M10 BOLTS: 8 x 70mm
SCREWS: 2 x 45mm, 3 x 60mm, 2 x 70mm, 1 x 80mm

C00004 The CURVES $573

INVITING
IMPECCABLE
LARGE SLOPERS

12 slopers.

Optimal texture between comfort and friction.

Excellent on low angles to gentle overhangs.

3/8'' BOLTS: 2 x 2", 2 x 2-1/2", 8 x 2-3/4"
M10 BOLTS: 2 x 50mm, 2 x 65mm, 8 x 70mm
SCREWS: 3 x 40mm, 1 x 45mm, 1 x 50mm, 2 x 60mm, 4 x 70mm, 1 x 80mm

C01005 The SHARK FAMILY $1782

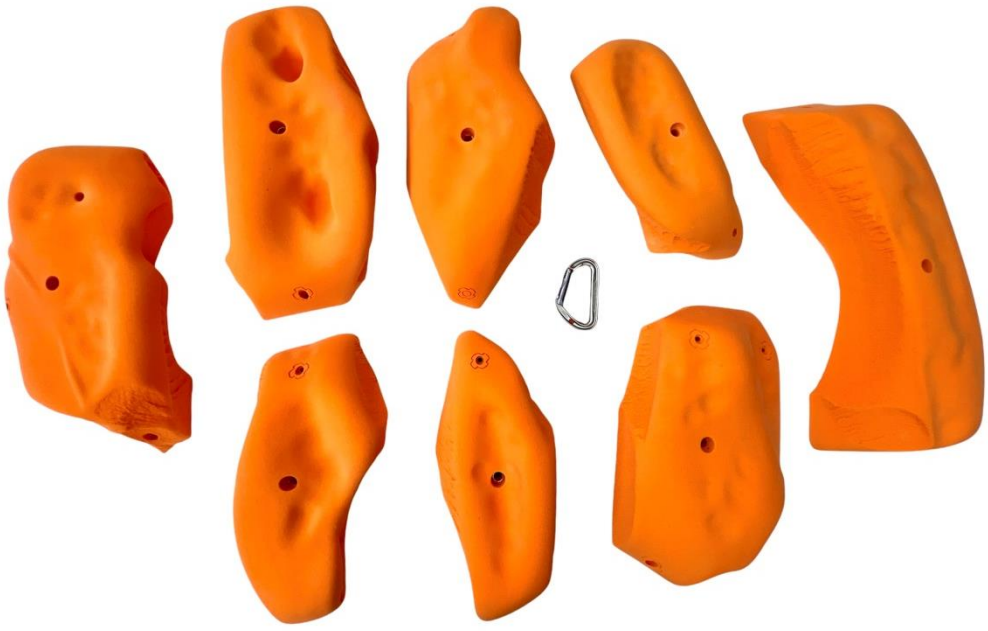

FUN
POSITIVE
AESTHETIC
OVERSIZED
COMFORTABLE

With this absolutely unique set of 8 overgrown holds, novice and intermediate climbers will have inspiring lines to test their new skills on.

Length: 350-480mm
Width: 150-220mm
Depth: 80-110mm

3/8'' BOLTS: 1 x 2-1/2", 3 x 3-1/2", 3 x 4", 1 x 4-1/2"
M10 BOLTS: 1 x 70mm, 1 x 80mm, 2 x 90mm, 3 x 100mm, 1 x 110mm
SCREWS: 3 x 45mm, 1 x 50mm, 3 x 60mm, 5 x 70mm, 2 x 100mm

This hold is positive enough to be held at any angles.

Easy on vertical, very challenging on roofs.

A fantastic shape with two sweet spots to discover.

Easy on vertical, challenging on roofs.

This picture gave away the name of this set with the grip ressembling a shark's jaw.

Easy on vertical, fairly challenging on roofs.

Simply our favourite hold in the whole catalogue! Super ergonomic and pleasant grab with a beautiful finish and a perfect hollow back.

Easy on vertical, fairly good on roofs.

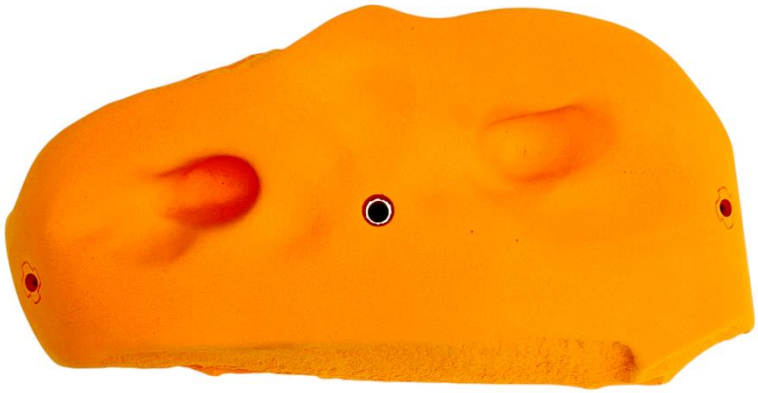

A massive pinchable hold with deep thumb pockets that will force climbers to look for the best spot, one they may not find fast!

Good on vertical, difficult on roofs.

How juggy can a jug be? How awesome can a hold feel? How much attention to details can be given to obtain such a craft?

This hold is the answer.

Very easy on vertical, still fairly easy on roofs.

This is the largest hold in the shark family: The hammer shark!

It features two deep four-finger pockets and ample space to step on to.

Easy on vertical, not so easy on roofs.

This hold has similar features as its siblings: hulky and lumpy!

Fine on vertical, extremely difficult on roofs.

"The shark family has been designed to be fairly easy to climb on. TNUT CLIMBING plans to extend the fam so support us now by ordering a set and let us know if you are interested in more."

C00005	The SWEET SPOTS	$331

ATYPICAL
ERGONOMIC
GRATIFYING
LOVED BY MANY!

8 large holds with intricate broken edges.

Find the single sweet spot on every hold.

Comparably more positive than the Classic Curves (C00004).

A popular set for intermediate/advance climbers on 40° home walls.

3/8'' BOLTS: 6 x 2-1/2", 2 x 2-3/4"
M10 BOLTS: 2 x 60mm, 4 x 65mm, 2 x 70mm
SCREWS: 1 x 30mm, 1 x 40mm, 1 x 50mm, 4 x 60mm, 1 x 70mm

C00006 The small Pinches $93

8 small straightforward pinches, often more positive one way than the other. Neat footholds.

3/8'' BOLTS:
6 x 1-3/4", 2 x 2"
M10 BOLTS:
2 x 40mm, 6 x 45mm
SCREWS:
3 x 30mm, 5 x 45mm

C00007 The classic Pinches $351

12 medium to large straightforward pinches.

3/8'' BOLTS: 1 x 1-3/4", 4 x 2", 3 x 2-1/4", 3 x 2-1/2", 1 x 3"
M10 BOLTS: 1 x 45mm, 2 x 50mm, 3 x 55mm, 3 x 60mm, 2 x 70mm, 1 x 75mm
SCREWS: 1 x 30mm, 6 x 40mm, 1 x 45mm, 2 x 50mm, 2 x 60mm

C00010A The RAILS $315

8 visually appealing 30cm long rails allow more hand sequences.

Matchable pairs offer blocking opportunities.

Assorted textures provide a variety of feels.

Note: screws are mandatory for the installation.

Tip: combine them with C01003.

3/8'' BOLTS: 3 x 1-1/4", 5 x 1-1/2"
M10 BOLTS: 8 x 35mm
SCREWS (mandatory): 4 x 30mm, 18 x 45mm

C00010B The PLATES $202

4 matchable plates offer blocking opportunities.

4 textured flat footers.

Note: screws are mandatory for the installation of the matchable plates.

3/8'' BOLTS: 6 x 1-1/4"
M10 BOLTS: 6 x 35mm
SCREWS (some mandatory): 20 x 40mm

C00011 The EDGES $185

SIMPLICITY
PERFECTION
DIRECTIONALITY

12 edges less than a finger pad deep.

Challenging on steep wall, fun on slabs.

Still too easy? Dare to use the slopey side.

Another loved set!

Sept 2026 Update: C00011 moulds are reaching their end of life. TNUT Climbing is progressively discontinuing this set and replacing it with new shapes (such as the screw-ons from C00026, just a touch more challenging). Expect some holds to not be the exact same ones as shown here.

3/8'' BOLTS: 1 x 1-1/4", 8 x 1-1/2"
M10 BOLTS: 9 x 35mm
SCREWS (most mandatory): 13 x 30mm, 17 x 40mm

C00012 $118

12 classic small rails.

Ideal to place on volumes and corners where standard bolt attachments are not available.

Most are just wide enough to match on.

SCREWS: 35 x 40mm

C00013 The JUTTING FEET $83

FOOTWORK
BODY TENSION

8 specialised footholds for super steep walls.

Precise foot placements, ideal to force moves such as toe hooks and technical bicycles on roofs.

Purposely NOT ergonomic!

3/8'' BOLTS: 3 x 1-3/4", 1 x 2-1/4", 2 x 2-1/2", 2 x 2-3/4"
M10 BOLTS: 3 x 40mm, 1 x 55mm, 1 x 60mm, 1 x 65mm, 2 x 70mm
SCREWS: 1 x 45mm, 2 x 50mm, 2 x 60mm, 2 x 70mm

C00016	The SMILEYS	$61

10 medium-sized holds usable as small hand and footers.

3/8'' BOLTS: 4 x 1-1/4", 3 x 1-1/2", 1 x 2", 1 x 2-1/2"
M10 BOLTS: 4 x 35mm, 3 x 40mm, 1 x 50mm, 1 x 65mm
SCREWS: 1 x 30mm, 5 x 40mm, 2 x 45mm, 1 x 60mm

C00019 $48

12 small to tiny rectangular edges of varying difficulty.

3/8'' BOLTS: 3 x 1-1/2"
M10 BOLTS: 3 x 35mm
SCREWS: 14 x 30mm, 7 x 40mm

C00020	The TRIANGLES	$32

REVOLUTIONISE
INDOOR CLIMBING

8 flat jibs of triangular shape.

Add these jibs to your setting arsenal.

Small sizes eliminate hand hold options.

Help indoor climbers practice good footwork.

SCREWS: 16 x 30mm

C00021 $48

12 flat jibs providing technical climbing on slab, vertical and slightly steep terrain.

3/8'' BOLTS: 2 x 1-1/2"
M10 BOLTS: 2 x 35mm
SCREWS: 20 x 30mm, 3 x 40mm

C00022 The ESSENTIAL ELLIPSES $48

ACCURATE FOOTWORK

Small, slopey and very low profile jibs.

Ideal on volumes, corners and near vertical walls.

This set is the smallest in the TNUT CLIMBING range.

The Essential Ellipses are the exact size needed to place a foothold that will often be impossible to use as a handhold.

SCREWS: 25 x 30mm

C00023 The STAMPS $51

12 flat square footholds.

Make smearing an obvious choice.

Sept 2026 Update: C00023 moulds are reaching their end of life. TNUT Climbing is progressively discontinuing this set and replacing it with new shapes (such as the screw-ons from G00005, just a touch more positive). Expect some holds to not be the exact same ones as shown here.

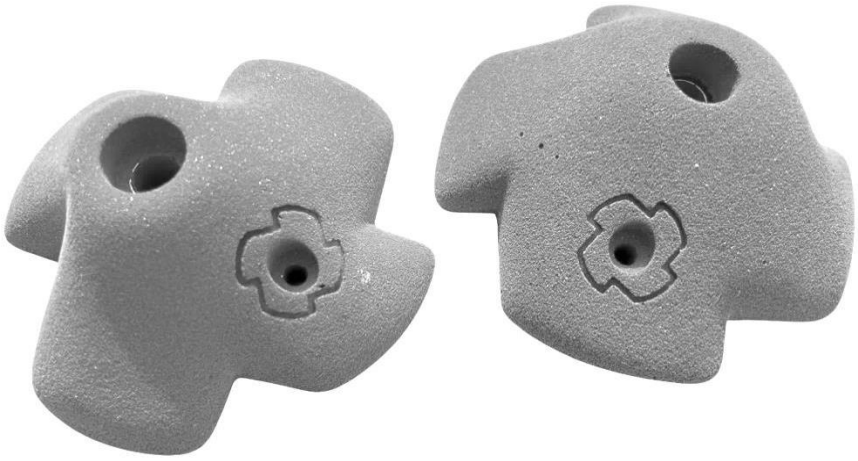

3/8'' BOLTS: 1 x 1-1/4"
M10 BOLTS: 1 x 35mm
SCREWS: 29 x 30mm, 2 x 40mm

C00025 — *New “orphan” set, launched early 2025* — $200

Holds that don’t belong to a set but are still great individuals.

Created at TNUT sometimes between 2016 and this year but haven’t made it into a family (yet)…

15 very small to large holds to surprise you!

3/8'' BOLTS: TBC
M10 BOLTS: TBC
SCREWS: TBC

C00026 — 8 new edges released in March 2025 — $174

SIMPLICITY
PERFECTION
DIRECTIONALITY

The success of set C00011 has led to the development of eight new edge holds, each a finger pad deep.

Targeted grade: V4-V5 on a 15 to 20 degrees wall.

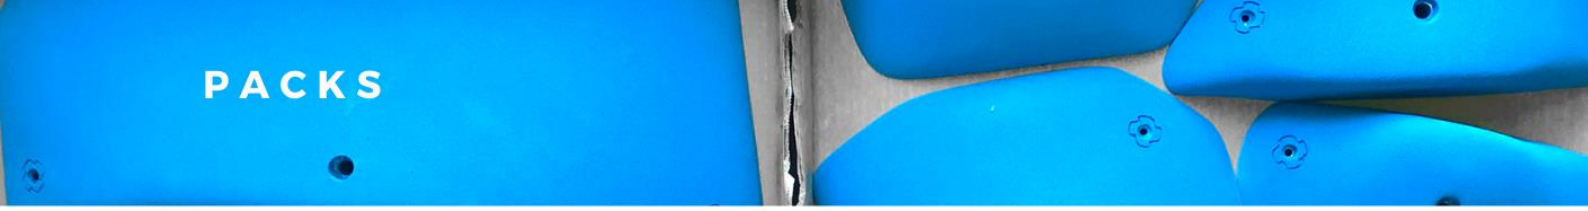

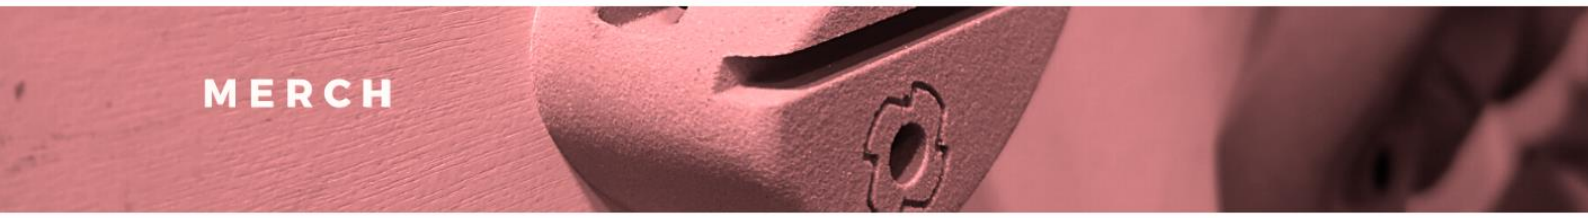

SCREWS: 32 x 40mm

4 STAY HOME PACKS OF CHOICE

Tell us the wall angle + level targeted, we'll select a range of holds that best fits your needs.

Shapes, colours, sizes and number of holds may vary depending on stock and production in the pipeline. In any cases, you'll get your money's worth!

The STAY HOME packs include regular black bolts: 3/8" or M10.

STAY20	STAY HOME PACK 20+ holds	$497 - $627
If you are on a budget and just want to get started, this is the pack for you. Minimum 20 economical holds with fitted bolts. More often than not, our customers come back for more!		
		

STAY40	STAY HOME PACK 40+ holds	$993 - $1253

This pack is a solid foundation for your woody with a great variety of holds.

Minimum 40 holds with fitted standard bolts.

STAY60	STAY HOME PACK 60+ holds	$1652 - $1920

This is the ideal starter pack for your home climbing wall. It will get you psyched for years and may include larger visually appealing holds too!

Minimum 60 holds with fitted standard bolts.

STAY100	STAY HOME PACK 100+ holds	$2684 - $3172

This is the real deal to get you climbing strong.

Minimum 100 holds with fitted standard bolts.

P00005 PACK of 5 DOWNCLIMBING JUGS $336

TNUT's downclimbing hold made to perfection: comfortable, ergonomic, juggy, aesthetic and easy to step on.

Make bouldering safer by adding a column of these holds to provide a safe way down.

These jugs are also excellent for easy grades on steep terrain or roofs.

Warning: Potentially addictive!

Available in the colour of your choice (commonly Standard grey RAL 7001, Fluoro yellow, BASIC white-ish, etc…)

3/8'' BOLTS: 5 x 2-1/2"
M10 BOLTS: 5 x 65mm
SCREWS: 5 x 60mm

P00006 LOW PROFILE Downclimbing holds $318

Pack of 5 LOW PROFILE downclimbing holds.

A new addition to safety, designed with slab and vertical walls in mind.

Less protruding than our standard downclimbing hold, it's less likely to be in the way of climbers while slab climbing.

It has 3 screw-on holes and can be installed as a screw-on hold with a Lonestar when required.

These jugs are also excellent for easy grades even on steep terrain.

Available in the colour of your choice (commonly Standard grey RAL 7001, BASIC white-ish, etc…)

3/8'' BOLTS: 5 x 1-3/4"
M10 BOLTS: 5 x 45mm
SCREWS: 15 x 40mm

CUSTOM PACKS FIT TO YOUR BUDGET

Email remi@tnut.au with your requirements (preferred type of grip, wall angle, difficulty targeted…), we'll suggest a list of sets or individual holds.

Examples:

"I want 25 screw-on holds to add to an old and large tree",

"I have a budget of $800 and want to be challenged at grade V8 on a 40° home wall",

"I want half a set of pretty pinches"…

T00001	Adjustable Wide Pinches	$205

2 sets of parallel holds designed to work on pinch strength.

The position can be adjusted to the desired width (minimum 105mm).

Choice of 2 attachment systems: 3 long screws or 1 bolt.

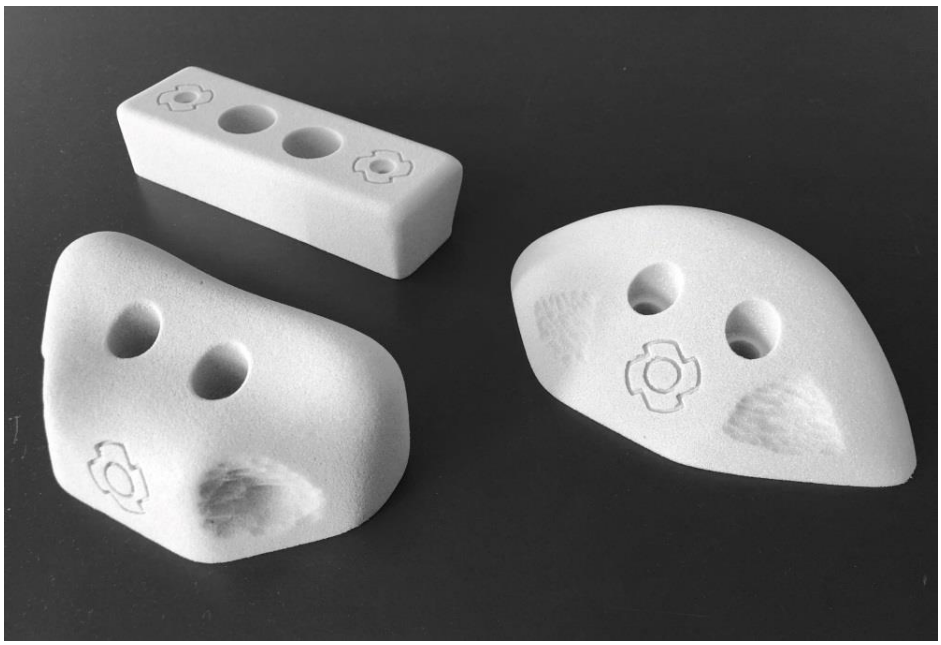

3/8'' BOLTS: 4 x 3"
M10 BOLTS: 4 x 75mm
SCREWS: 12 x 60mm

3 beautifully crafted climbing holds for playground.

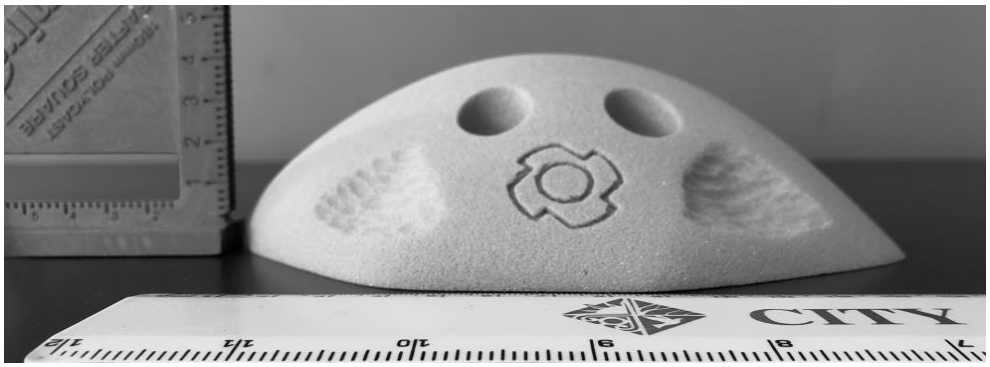

These playground holds use a 2 bolt attachment system that requires 2 x M10 or 3/8”bolts. These climbing holds are designed for playground or other public spaces where it is often a requirement to have at least 2 attachment points. They will never spin once properly installed. TNUT CLIMBING opted here for SIMPLE, SKIN-FRIENDLY and ERGONOMIC playground climbing holds. Don’t be fooled by nonsensical, sharp playground holds made of cheap plastic and too often available on the market!

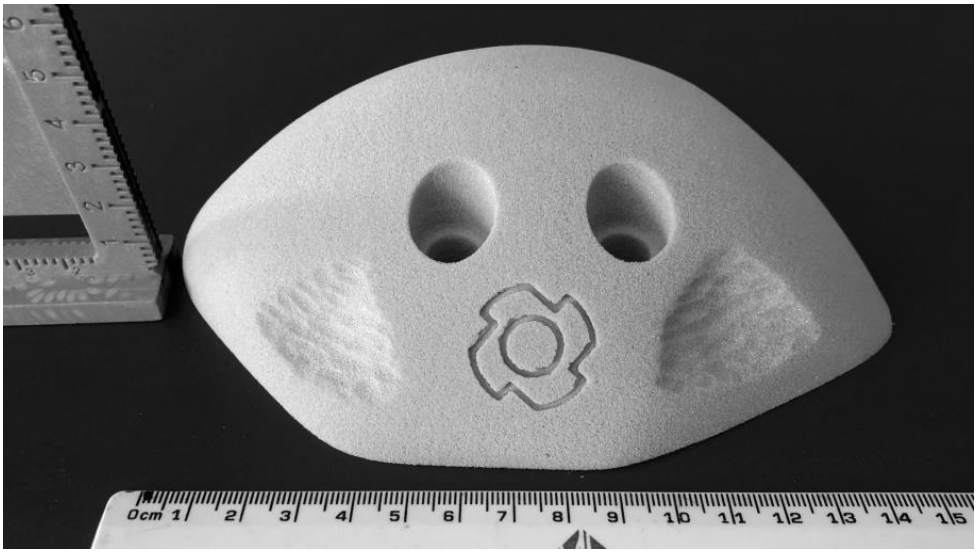

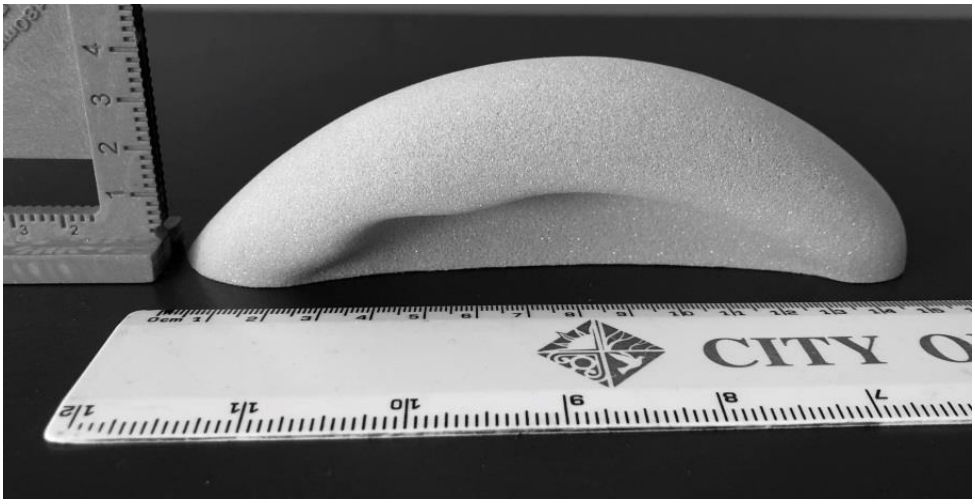

PG-HAND1 2 bolt playground HAND hold $30

This hold is great value, positive and provides plenty of comfort for little and big hands.

Minimum order applies.

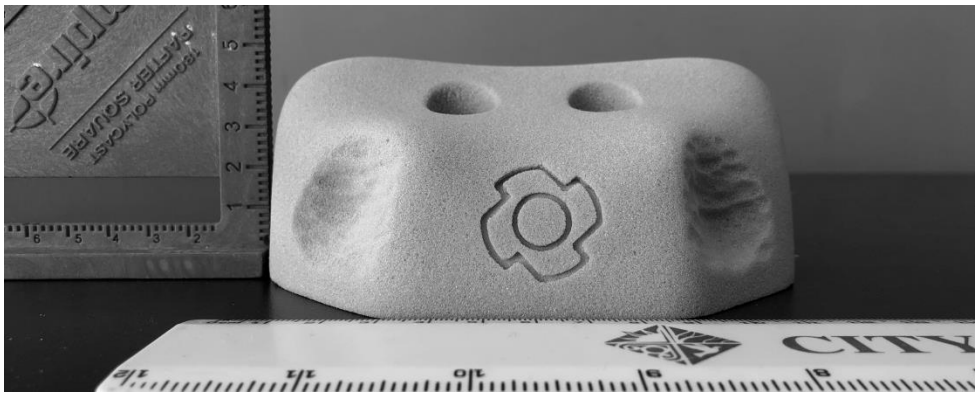

3/8'' BOLTS: 2 x 2" (TBC)
M10 BOLTS: 2 x 50mm (TBC)

PG-FOOT1 2 bolt playground FOOTHOLDS $29

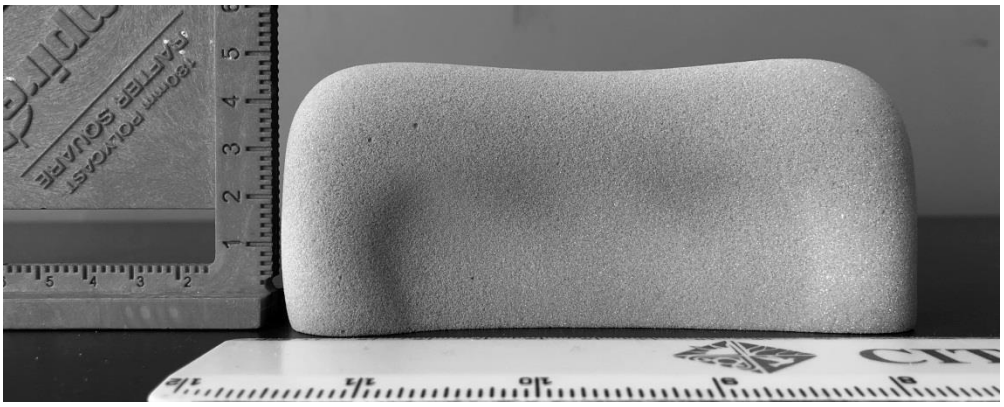

Beginners will find it equally easy to place a foot on this holds with or without specific climbing shoes.

It is also a very satisfying and positive hand hold with friendly thumb catches and an ergonomic curve.

Minimum order applies.

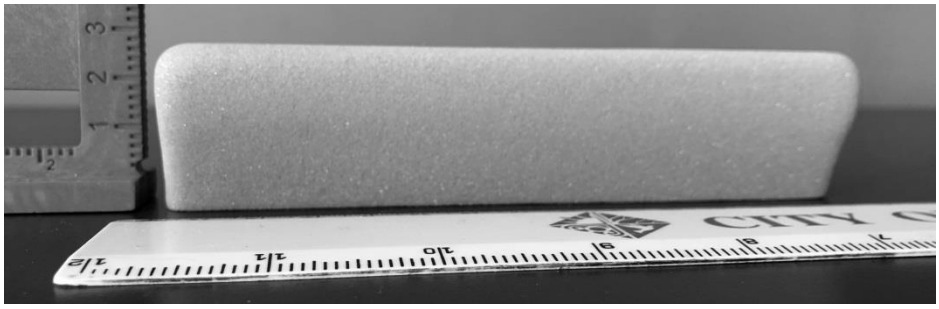

3/8'' BOLTS: 2 x 2" (TBC)
M10 BOLTS: 2 x 50mm (TBC)

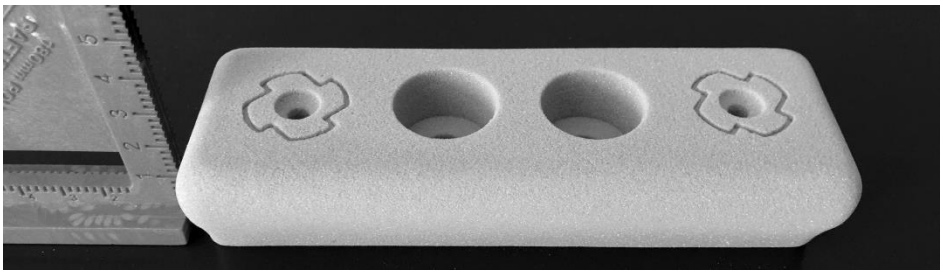

PG-15RG Two-bolt 15cm campus rung $23

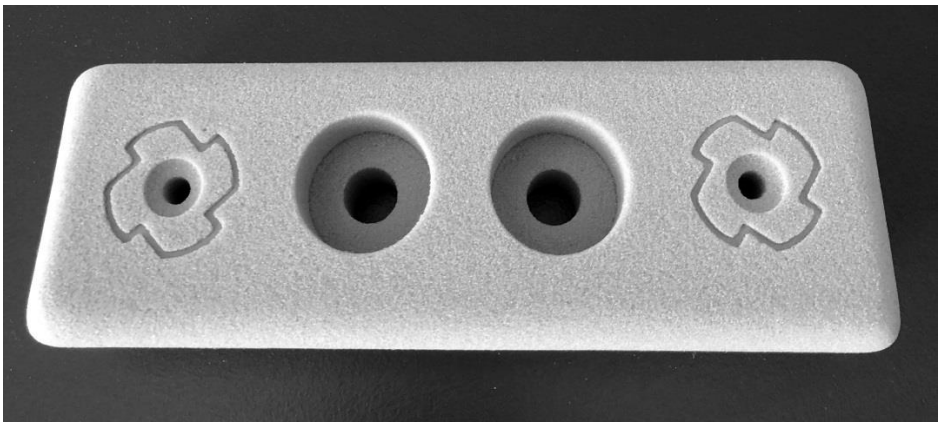

A straightforward, positive campus rung with a comfortable radius. Can be turned around for a more challenging grip.

Minimum order applies.

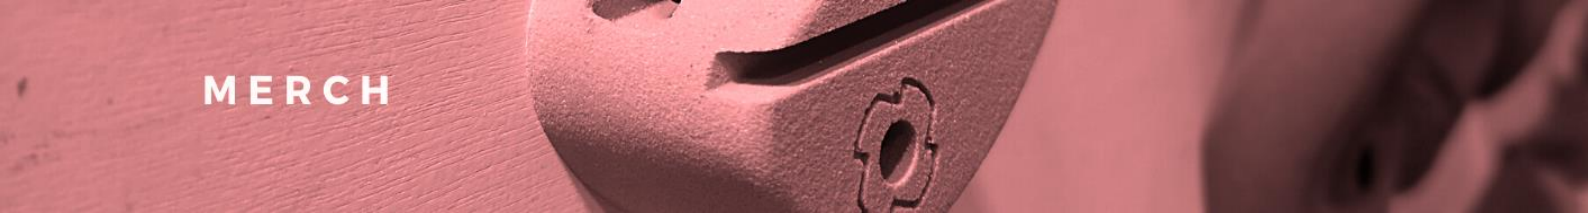

3/8'' BOLTS: 2 x 1-3/4"
M10 BOLTS: 2 x 45mm
SCREWS: 2 x 60mm

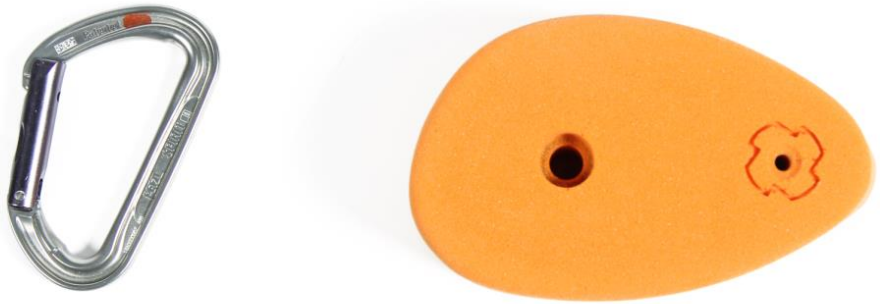

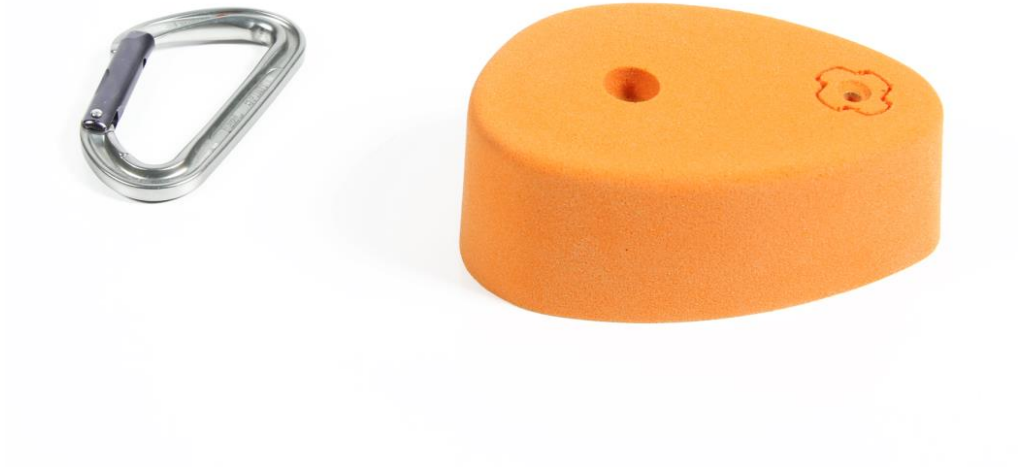

KEY001	Large keyring	$4
Add this keyring to your set of keys. Show everyone you're a dedicated climber/boulderer! Alternatively, you may wear it as a pendant? Same comfortable texture as every other TNUT holds.		

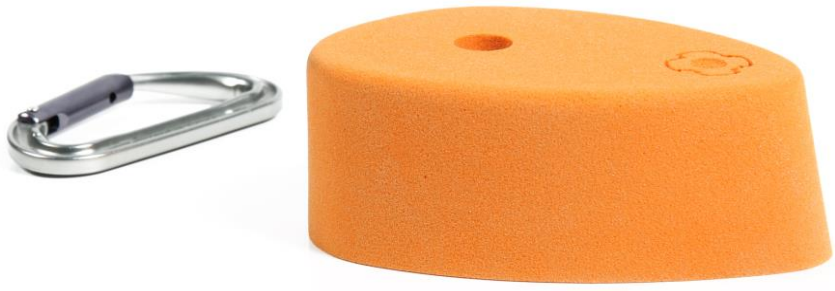

KEY002	Long keyring	$4
Another slightly longer keyring. May be used as a callus stone too!		

RF0001	The pebble	$46

Medium-large hold.

3/8'' BOLTS: 1 x 2-3/4"
M10 BOLTS: 1 x 70mm
SCREWS: 1 x 80mm

CARDH1	Business card holder / phone holder	$29

This is a 2-in-1 holder for business cards and smart phone.

Wall mounted or free-standing business card holder.

Wall mounted phone holder – handy when installed next to your training apparatus (hang board, campus board, …). You'll never miss a set!

SCREWS: 1 x 45mm, 1 x 70mm

Limited stock only

WURTH STANDARD WOOD SCREWS *indicative price only (per 100)

These WURTH screws combined with the RW20 bit are the best to install climbing holds to wooden panels with ease. Many climbing centres in Australia, Europe, Asia, etc have been using these screws in recent years and there is no going back!

The bit fits perfectly in the drive, ensuring a higher level of stability and precise positioning during the screwing process. Most importantly, screwing can be carried out much easier with one hand than most other types of wood screws. These save considerable time and energy to setters who already have to deal with balancing themselves on ladders and ropes.

Other sizes may be available on request, please email remi@tnut.au

WURTH4030 (per unit or box of 500)	ø: 4mm	L: 30mm	$9.47
WURTH4540 (per unit or box of 500)	ø: 4.5mm	L: 40mm	$19.62
WURTH4545 (per unit or box of 500)	ø: 4.5mm	L: 45mm	$18.16
WURTH4550 (per unit or box of 500)	ø: 4.5mm	L: 50mm	$21.25
WURTH4560 (per unit or box of 250)	ø: 4.5mm	L: 60mm	$28.09
WURTH4570 (per unit or box of 500)	ø: 4.5mm	L: 70mm	$32.28
WURTH4580 (per unit or box of 200)	ø: 4.5mm	L: 80mm	$38.43

WURTH STAINLESS STEEL WOOD SCREWS *indicative price only (per 100)

No more rusty stains on your holds with these beautifully made WURTH screws made of stainless steel.

- Ease of installation,
- Time saving,
- Strong and secure,
- Durable and suitable for outdoors.

Other intermediate sizes available on request, please email remi@tnut.au

SSWUR4530 (per unit or box of 200)	ø: 4.5mm	L: 30mm	$94
SSWUR4545 (per unit or box of 100)	ø: 4.5mm	L: 45mm	$120
SSWUR4560 (per unit or box of 250)	ø: 4.5mm	L: 60mm	$142
SSWUR4580 (per unit or box of 100)	ø: 4.5mm	L: 80mm	$268

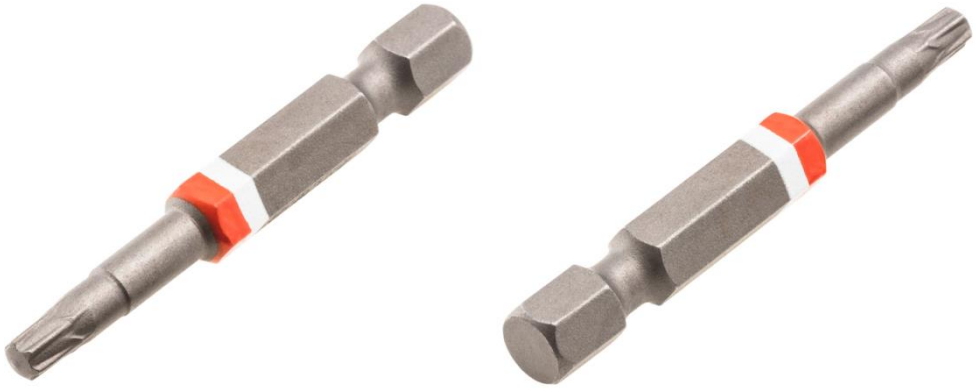

SCREWS BIT	WURTH ASSY RW20 BIT	$6.25

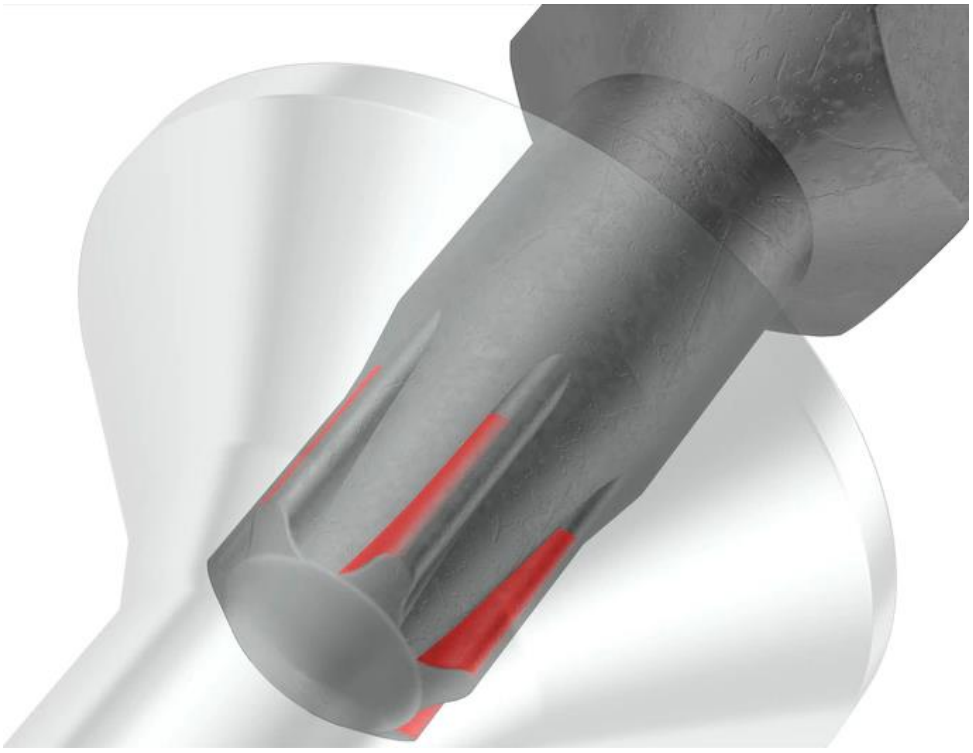

Patented RW bit for Wurth ASSY screws.

The RW bit fits deep into the ASSY countersunk milling pocket head, providing maximum power transmission and allowing significant movement of the impact driver with the screw placed at the tip of the bit.

Compatible with impact drivers (¼ inch hex attachment).

The RW20 is also compatible with previous internal drive AW20.

ROUTE SETTING ESSENTIALS

Impact driver bits for 3/8” standard bolts (compatible with M10 bolts)		REF:	
2" Impact Driver 5/16" bits		516IMPACT2	$9
3" Impact Driver 5/16" bits		516IMPACT3	$15
Impact driver bits for countersunk bolts	[OUT OF STOCK - RESTOCKING ON DEMAND]	REF:	
Impact Driver 7/32” bits		732IMPACT	$7
Impact Driver 6mm bits	*[photo will be added here soon]*	6IMPACT	$8
5/16” hex T handle bar for standard bolts.		REF: 516TBAR	$25

Escape Climbing Lonestar (TM) No t-nut? No problem. Install holds anywhere with just screws. Converts bolt holes into screw holes. For professional routesetters only. Not all holds can be installed with the Lonestar.	 	REF: LONESTAR	$1.35
Volume Inserts		REF: VOLINSERT [OUT OF STOCK - RESTOCKING ON DEMAND]	$1

Custom-made, Durable, Safe and Secure System

The anti-climbing mat system has 2 functions:

1) Provides an impact attenuating system beneath the climbers when placed on the floor.

2) Prevents unsupervised climbing when secured across the wall.

Public will not be able to access the wall while the mat is up as it covers all possible hand and footholds up to 2.7m high.

Once placed on the floor, the mat straps can be tucked away easily, making the mat obstacle free.

The TNUT “no climbing” decal shows the climbing wall is closed.

Several colours available.

It features an ingenious key locking mechanism which guarantees only authorised members can bring the mats to the floor.

A simple key is used to access the wall. No specific tools required.

VOLUMES

Well thought-out volumes that fit superbly together. With consistent sides of 400mm, 800mm or 1200mm, setters can naturally position TNUT volumes on climbing walls to create the coolest lines! Many volumes are even stackable.

Plywood:	High grade 19mm structural ply
Finish:	Durable paint or varnish, textured or not
Attachment points:	Reinforced with inserts
TNUT's special feature:	Option to narrow the insert recess hole down to the diameter of the head of a standard screw (10mm) rather than the standard 12.5mm. This is to reduce the use of the attachment point by clever fingers!

T-nuts:	M10 or 3/8", zinc plated or stainless steel
Frequence of production:	Quarterly
Next production batch:	TBC

SMALL:
DALTONS 400
SQTONS 400

MEDIUM:
POINTON 800 SYMMETRICAL
POINTON 800 OFFSET

LARGE:
BUZZTON 800
POINTON 1200
JAMTON 1200

VERY LARGE:
VAULTON 800
TRAPTON 1200

DALTONS 8 x small volumes From $195 per volume

Starts at $1700 for the full set of 8 volumes

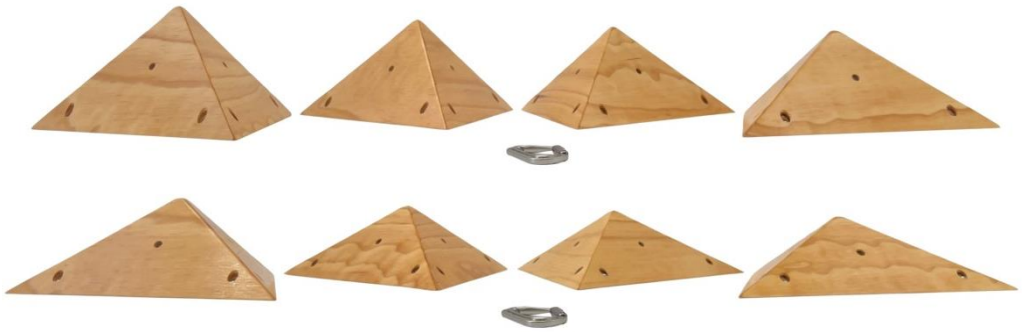

The DALTON series features 8 small volumes of incremental rise.

From the sloppy 40 degrees to the steep 57.5 degrees (and every incremental of few degrees in between: 42.5°, 45°, 47.5°, 50°, 52.5°, 55°).

The footprint on the wall is an equitorial triangle of 400mm x 400mm x 400mm

When they aren't on the wall, their nesting design saves precious storage space in the hold room.

All TNUT volumes are fitted with **screw-in** t-nuts:

- M10 Zinc plated or,
- M10 Stainless Steel or,
- 3/8” Zinc plated or,
- 3/8” Stainless Steel

The DALTON 40° is the less protruding of the 8 volumes - *the shortest of the Daltons!*

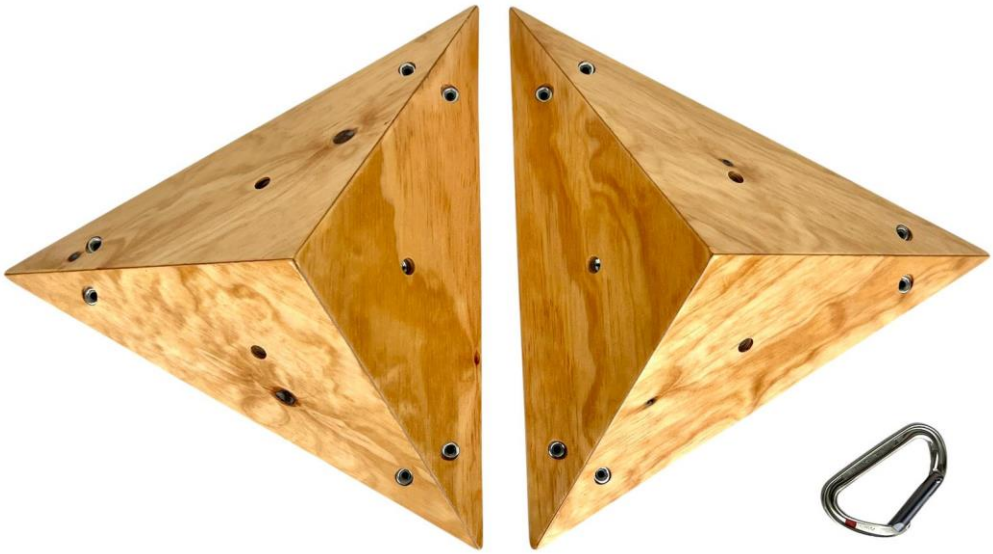

DALTON 40° dimensions:
400mm x 400mm x 400mm x 96mm

T-NUTS: 3
SCREWS: 6 x 45mm

The DALTON 45°, an all-round classic.

DALTON 45° dimensions:
400mm x 400mm x 400mm x 115mm

T-NUTS: 3
SCREWS: 6 x 45mm

The DALTON 57.5°, for a more radical change of angle - *the tallest of the Daltons!*

DALTON 57.5° dimensions:
400mm x 400mm x 400mm x 181mm

T-NUTS: 3
SCREWS: 6 x 45mm

A close up view of the standard 12.5mm recess screw hole versus the narrower custom hole of 10mm, significantly less usable.

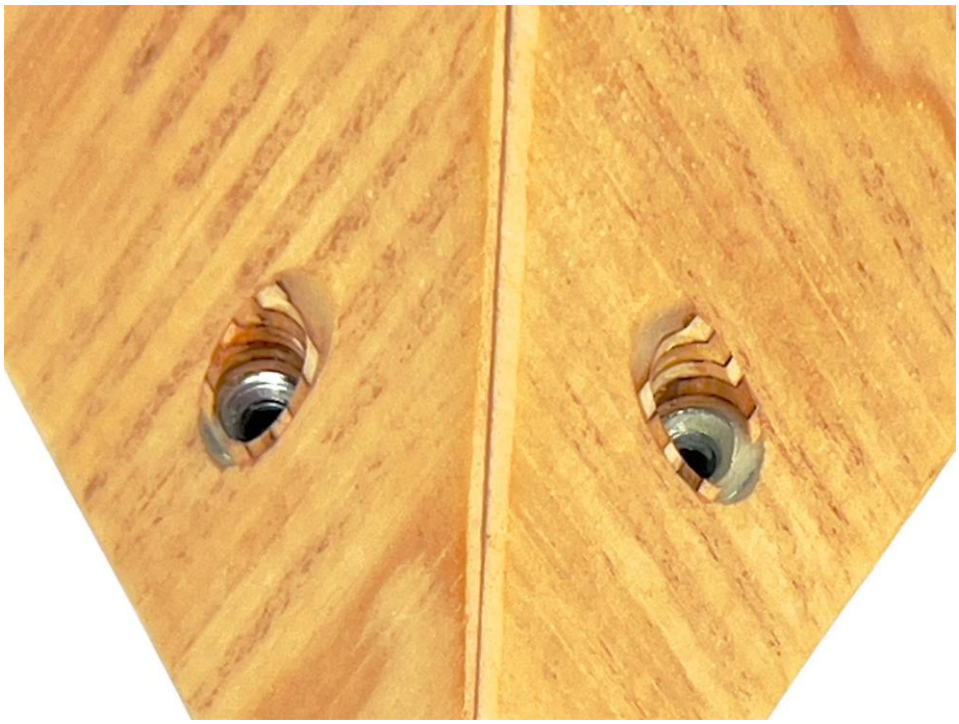

A nice addition to limit the potential unintended use of volume screw holes.

This feature is available upon request on all TNUT volumes.

STANDARD SCREW HOLE: 12.5mm

CUSTUM REDUCED SCREW HOLE: 10mm

2 DALTONS placed adjacent of a SQTON.

SQTON | 1 x small volume | starts at $275

This volume is called SQTON ("SquareTon"). It is shaped like a 4-sided pyramid with a chopped top.

Versatile on all terrain, it can not only be installed with screws but also with 1 central bolt for a quick installation while setters work out its final position on the wall.

Attachment points:
- 8 x 7mm screw holes reinforced with inserts
- 1 x 10.2mm hole reinforced with a G316 stainless steel washer.

SQTON dimensions:
400mm x 400mm x 400mm x 125mm

3/8'' BOLTS: 1 x 6"
M10 BOLTS: 1 x 160mm
T-NUTS: 4
SCREWS: 8 x 45mm

POINTON 800 | 2 x medium-sized volumes | Starts at $295 each

POINTON 800 SYMMETRICAL

A handly medium-sized volume to vary the angle just when needed.

A great addition to your setting arsenal.

POINTON 800 SYMMETRICAL dimensions: 800mm x 400mm x 800mm x 100mm

T-NUTS: 9
SCREWS: 9 x 45mm (TBC)

POINTON 800 OFFSET

Another solution to add some variation to the climbing without too much protrusion.

POINTON 800 OFFSET
Dimensions:
800mm x 400mm x 800mm x 100mm

T-NUTS: 9
SCREWS: 8 x 45mm (TBC)

The **POINTON 800** placed next to a **DALTON**.

The **POINTON 800 SYMMETRICAL** stacked on top of the **POINTON 1200 SYMMETRICAL**.

A **POINTON 800**, a **SQTON** and a **DALTON** placed adjacent to each other.

The **BUZZTON** and a **POINTON 800** were design to point in the same direction, while lining up perfectly.

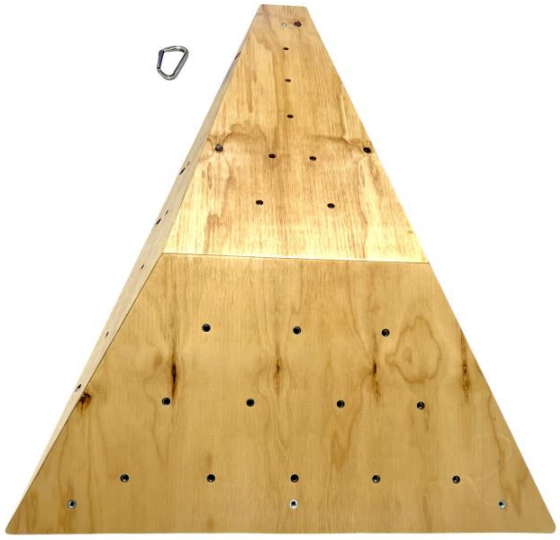

POINTON 1200 | 1 x large volume | Starts at $450

The **POINTON 1200 SYMMETRICAL**:

With a large dimension of 1200mm x 100mm x 1200mm x 800mm and a low profile, this volume will make any walls look inviting to climb.

POINTON 1200 dimensions:
1200mm x 800mm x 1200mm x 100mm

T-NUTS: 27
SCREWS: 11 (length TBC)

JAMTON | 2 x large volumes | starts at $475 each

The **JAMTONs** are two mirrored volumes that can be placed together to create a crack. It's deep enough to allow a full hand in.

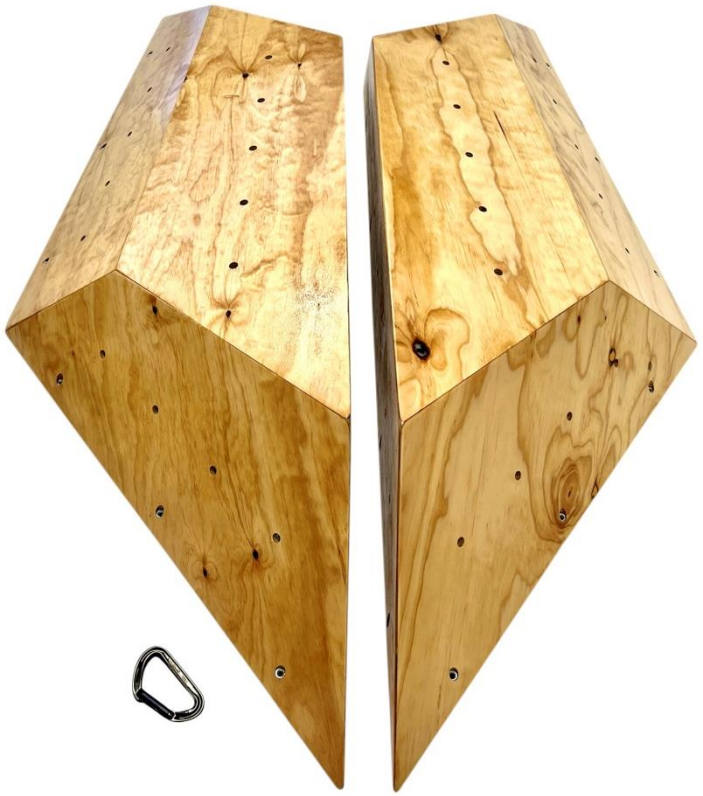

JAMTON dimensions:
800mm x ~1200mm x 400mm x 800mm

T-NUTS: 22
SCREWS: 12 (length TBC)

BUZZTON | 1 x large volume | Starts at $495

The **BUZZTON** is bulky, geometric powerhouse designed to redefine wall topography.

This large-scale pentagonal volume is built for setters who want to create forced movement, powerful compression, or simply to ease a steep terrain.

With its symmetrical profile and broad faces, it's as much a structural feature as it is a climbing hold, depending on its orientation and texture chosen.

BUZZTON dimensions:
800mm x 400mm x 800mm x 400mm x 400mm

T-NUTS: 26
SCREWS: 10 (length TBC)

VAULTON | 1 x very large volume | Starts at $595

The **VAULTON** is a mammoth diamond shape sturdy, boxy platform that projects significantly from the wall.

Roof and overhang can eat these for breakfast, lunch and dinner!

Its flat top makes it perfect for setting big, low-percentage dynos away from the wall.

What about high-tension mantles on easier ground?

VAULTON dimensions:
Base: 800mm x 800mm x 800mm x 800mm
Top: 400mm x 400mm x 400mm x 400mm

T-NUTS: 41
SCREWS: 12 (length TBC)

A **DALTON** stacked atop the **VAULTON**.

More **DALTONS** fitting nicely on all sides of the **VAULTON**.

The TNUT CLIMBING logo neatly visible on the **VAULTON**.

TRAPTON | 1 x very large volume | Starts at $750

The **TRAPTON** is high profile volume designed to transform flat wall panels into complex 3D climbing environments.

Perfect for parkour-style coordination moves.

A vertical wall can be turned into a series of precarious "steps" - offering a balancy traverse.

This is currently the biggest TNUT volume and it features not less than 54 t-nuts, so plenty of room to maximise its use on a bouldering or climbing wall.

TRAPTON dimensions:
Base: 1200mm x 800mm x 800mm x 800mm

T-NUTS: 54
SCREWS: 12 (length TBC)

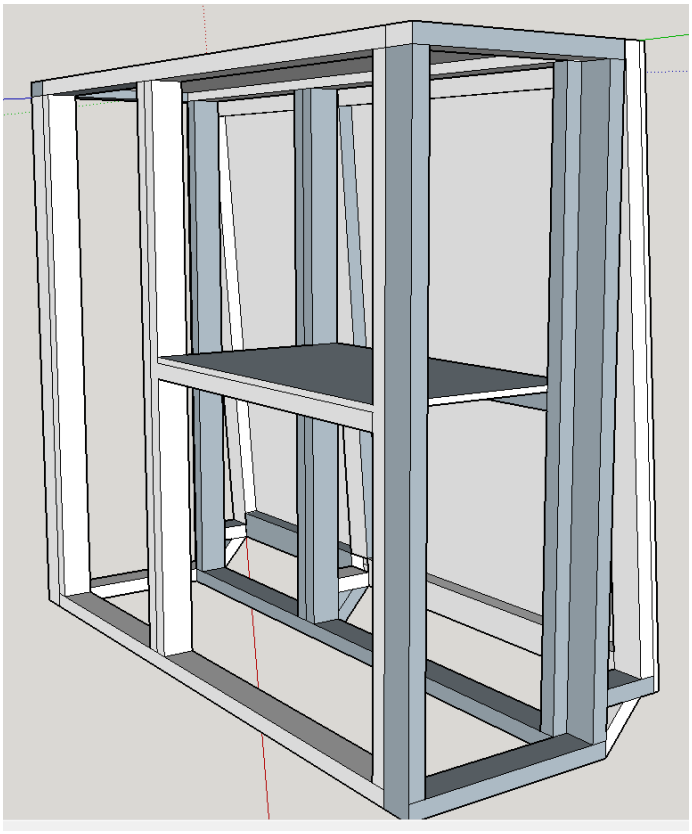

These are the 8 **DALTONS** mimicking the footprint of one TRAPTON, for scale.

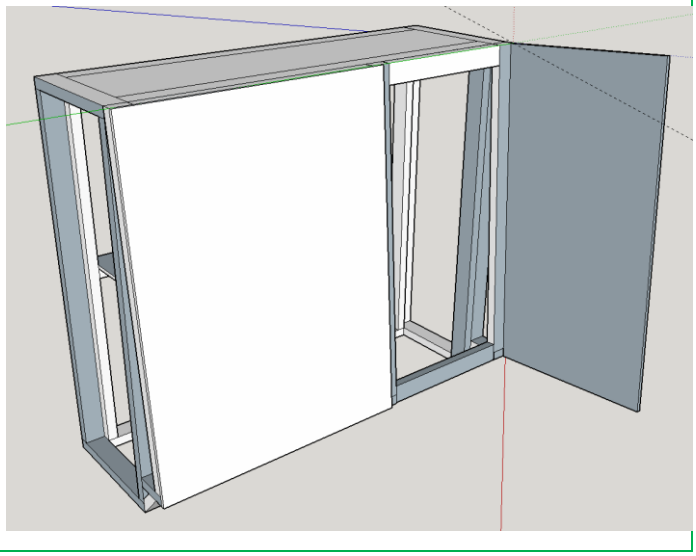

You have a project or an idea to build a small climbing wall at home, but don't know where to start?
We might be able to help... Email remi@tnut.au

Kid's climbing wall / storage unit

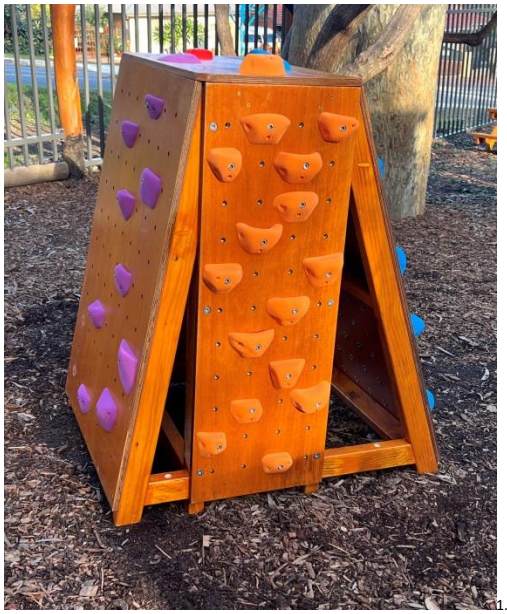

Toddler outdoor climbing frame

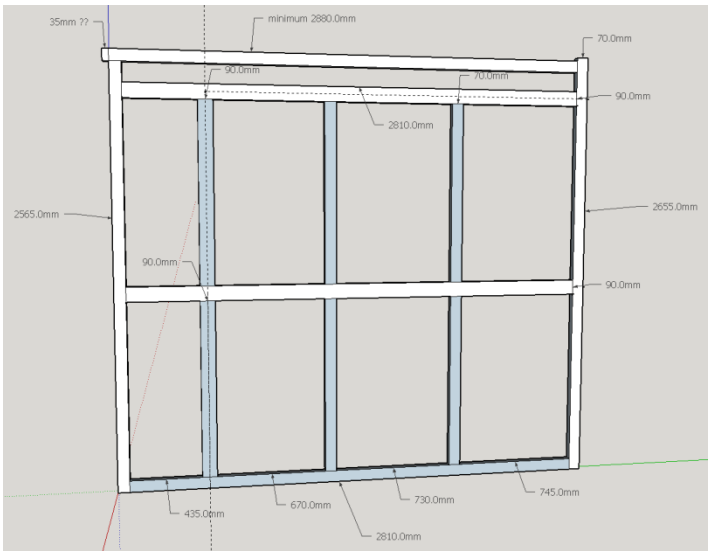

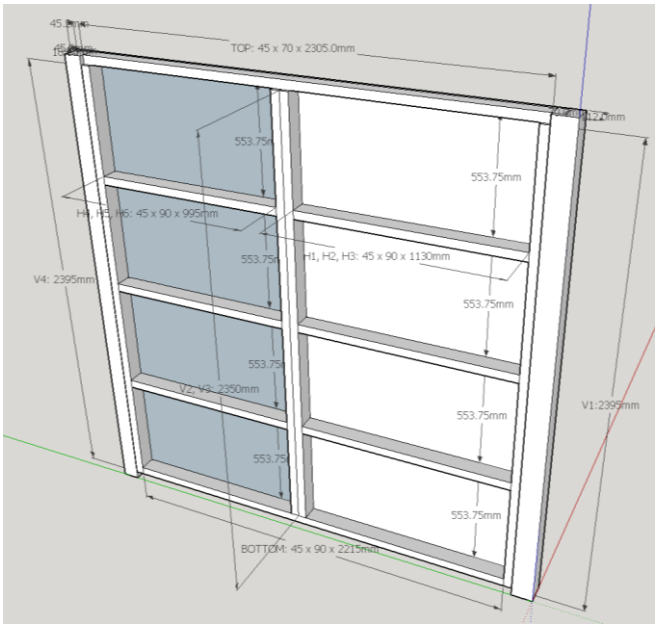

11.17

Vertical walls

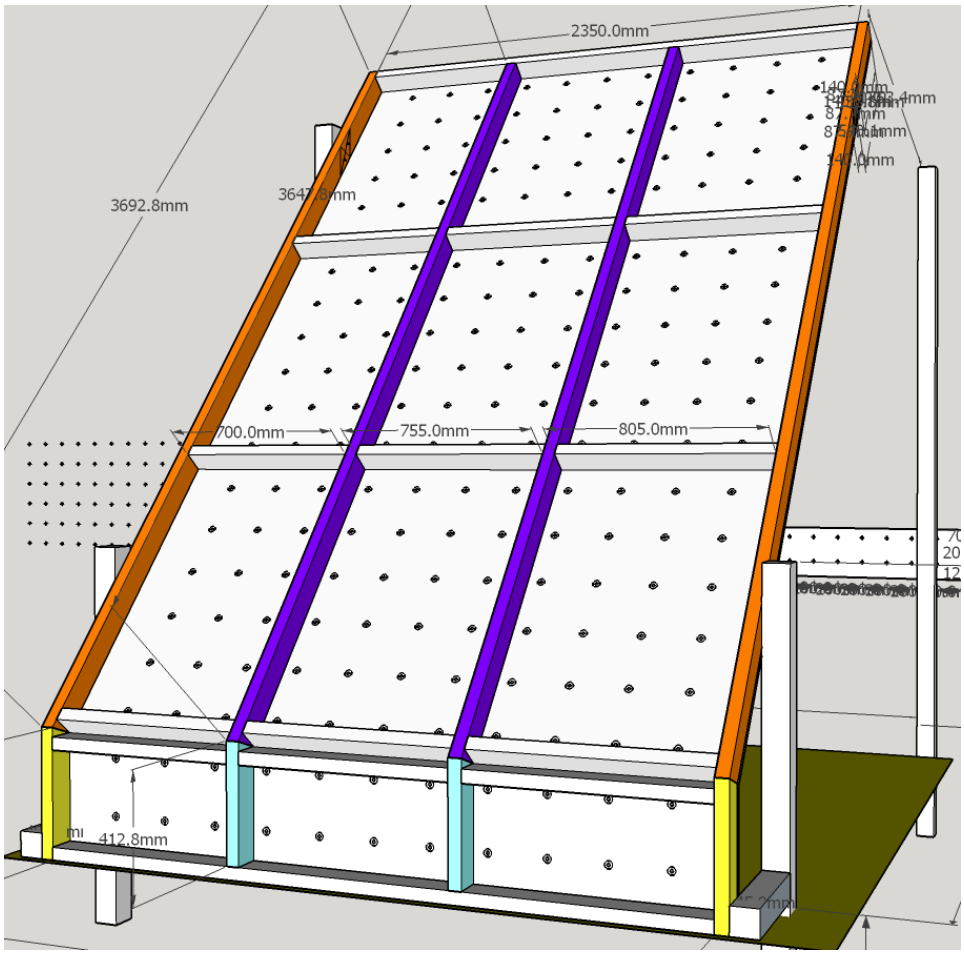

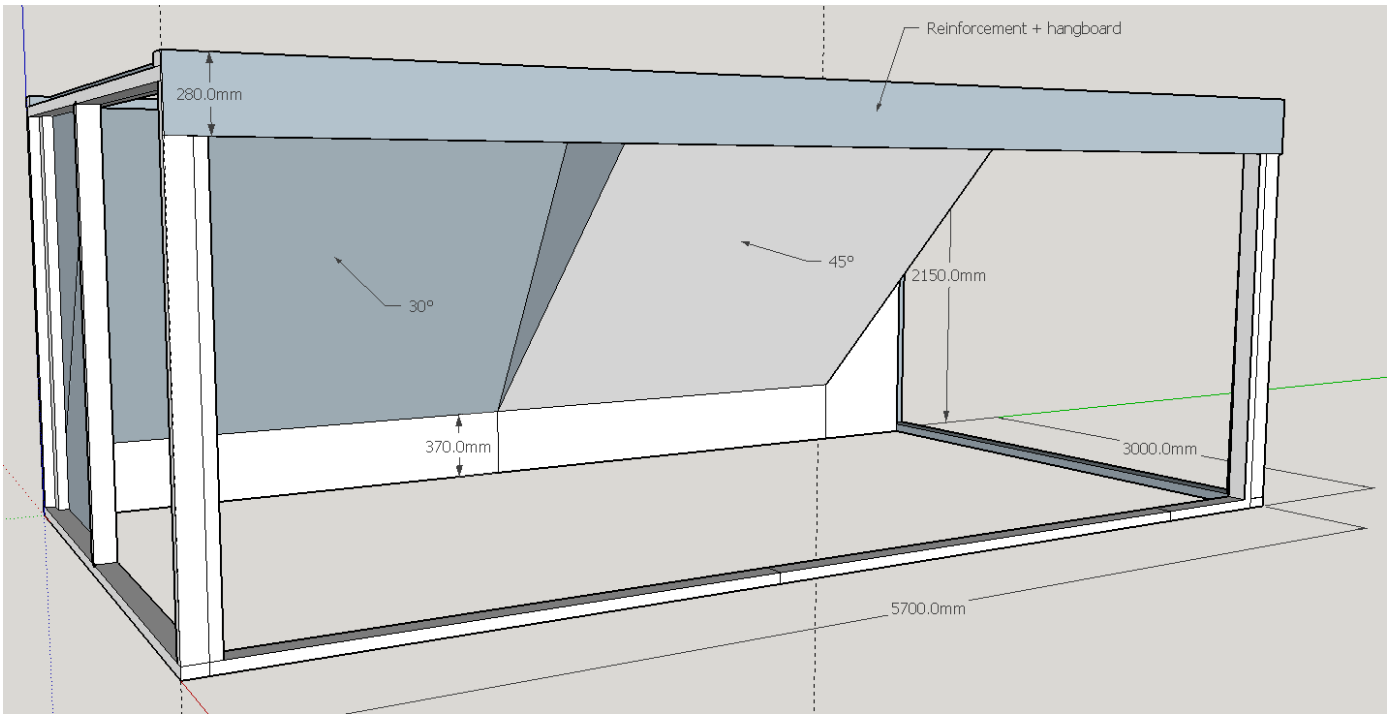

Standard MOONBOARD walls

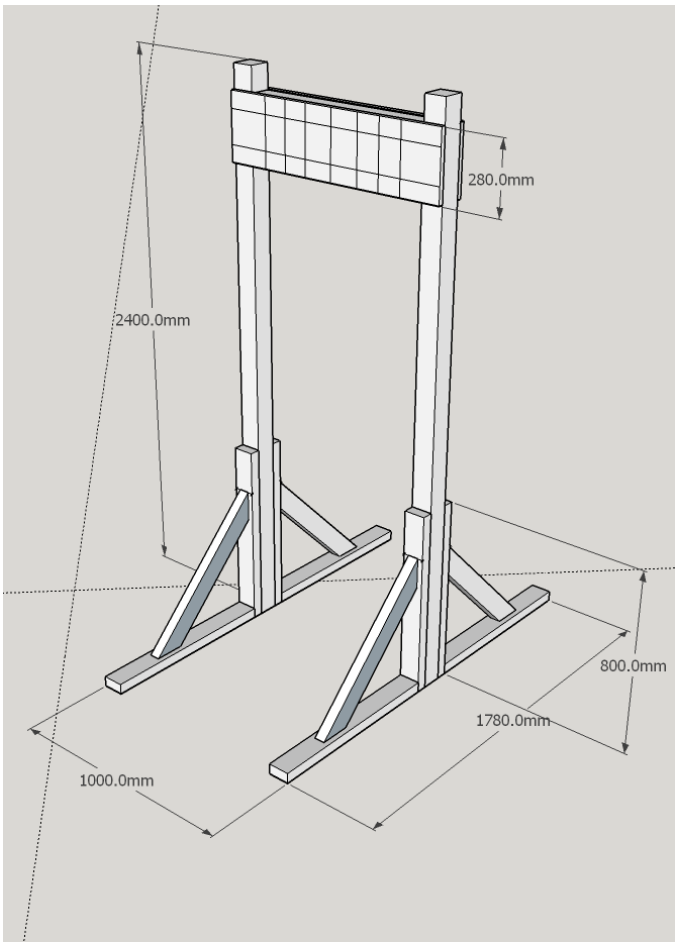

1-car bay climbing wall

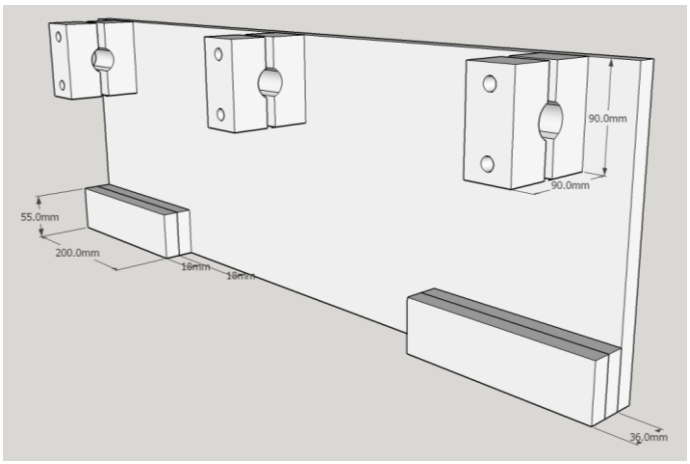

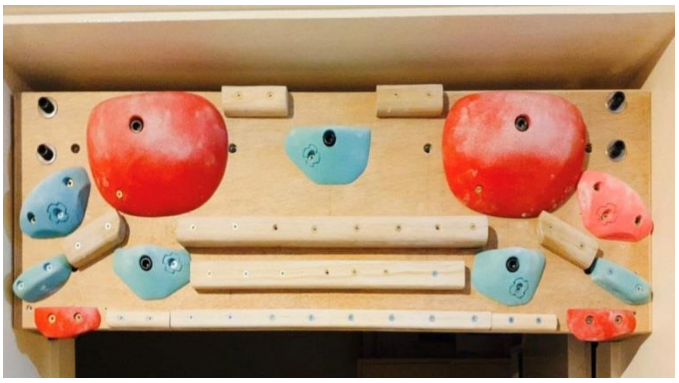

Custom training frames

Wall panels

Starting price: $665

Pre-drilled, t-nutted structural plywood.

Length: 2400mm
Width: 1200mm
Thickness: 19mm

Options:
- varnished or painted,
- textured or not,

Spacing:
- Moonboard 200 x 200,
- Kid friendly: 120 x 150,
- Dense: 100 x 100,
- Custom spacing.

TNUT's effort into standardising and customising colours allows head route setters to extend their range of existing colours and climbers to easily distinguish between colours on the wall.

STANDARD colours:

TNUT Climbing offers a range of eye-catching colours widely used by other hold manufacturers in Europe and the US. We have the formulas to achieve the following distinct and codified RAL and PANTONE colours:

- Jet Black RAL 9005
- Sky Blue RAL 5015
- Signal Blue RAL 5005 (not shown here)
- Orange RAL 2003
- Teal RAL 6027
- Grey RAL 7001
- Yellow RAL 1021
- Yellow Pantone 115C
- Yellow Pantone 116C (not shown here)
- Red RAL 3020 (not shown here)
- Violet RAL 4008
- Purple RAL 4005
- Green 16-16 or Pantone 7739C
- Pink Heather Violet RAL 4003 (not shown here)

FLUORO colours

- Fluoro Yellow
- Fluoro Pink
- Fluoro GREEN (Pantone 802C) +15% surcharge
- Fluoro Orange [OUT OF STOCK]
- Fluoro RED (Pantone 805C) [OUT OF STOCK]
- Fluoro BLUE (not shown here)

IN-HOUSE colours:

- TNUT's Green Pantone 3275C (see Geometric series)
- Mustard
- Rust
- Mint
- Sherbet
- Lavender / Lilac

Sebastian Fuller on Kalbarri Gold 26*** Western Australia

BASIC colours:

- Black
- Dark Brown (~RAL 8015)
- Light Brown (~RAL 2013)
- Red (~Pantone 3517C)
- Light Red (~RAL 3028)
- Gold (~RAL 1005)
- Yellow (~RAL 1018)
- Dark Blue
- Light Blue (~Pantone 2185 C)
- Dark Green (~Pantone 2245 C)
- N/A
- Grassy Green (~RAL 6017)
- Natural (~Pantone 7499C)
- Off White (~RAL 1015)

COLOUR MATCHING SERVICE

TNUT Climbing offers a range of eye-catching colours and colours used by other hold manufacturers in Europe and the US. Provided you have few weeks up your sleeves, TNUT Climbing will attempt to match your existing hold colour (minimum order applies).

TECHNICAL INFORMATION:

- Holds are made of resistant polyurethane material.
- Screw holes are meticulously placed to prevent spinning holds.
- The texture is the perfect balance between comfort and friction.
- All holds are engineered with stainless steel washers for longevity.
- Designed and produced by Remi Vignals, experienced rock climber and route setter.

ATTACHMENT SYSTEM

Most of TNUT's BOLT-ON HOLDS have 2 holes:

- The 10mm diameter hole is for fixing the hold into a standard imperial 3/8" t-nut and requires 3/8" (UNC) socket head bolts of varying lengths (from 1" ¼ to 4" ½). M10 t-nuts will require M10 socket head bolts.
- The 3/16" (~5mm) diameter hole prevents the holds from spinning. We recommend using non-self-drilling timber screws of 8G/10G x 30mm to 100mm.

TNUT's SCREW-ON HOLDS have at least two holes of diameter 3/16". We recommend using non-self-drilling timber screws of 10G x 30mm to 60mm.

Wurth ASSY screws are highly recommended to any serious setters and climbing/bouldering centres.

All 10mm holes and 3/16" holes have been reinforced with marine grade stainless steel washers (316).

Bolts and/or screws are not supplied with standard sets of holds. They can be purchased separately.

All prices include GST.
