

**BARBARA (BASIA) H. SKUDRZYK, DBA, MBA**

Department of Information Technology

Lindenwood University

Mobile: 314-766-2171

e-mail: [bskudrzyk@lindenwood.edu](mailto:bskudrzyk@lindenwood.edu); [basiaskudrzyk@gmail.com](mailto:basiaskudrzyk@gmail.com)

**EDUCATION**

University of Missouri - St. Louis, St. Louis, MO

Doctor in Business Administration Candidate, Supply Chain Management May, 2026)

Dissertation Topic: *Adaptive Strategies for Agri-Food Supply Chain Resilience: in the Face of Geopolitical Crisis*

4.0 GPA

Webster University, St. Louis, MO

Master of Business Administration with Honors (May, 2006)

University of Missouri - St. Louis, St. Louis, MO

BS, Business Administration, Marketing & Organizational Behavior (December, 2003)

Truman State University - St. Louis, St. Louis, MO

BS, Pre-Dental (December, 2001)

**ACADEMIC/EDUCATION EMPLOYMENT**

**Data Governance Director**, Lindenwood University, Department of Information Technology,  
St. Charles, MO

(2026 - current)

- Selected as Lindenwood University's inaugural Director of Data Governance to establish and lead the institution's enterprise-wide data governance program, advancing the University's strategic priorities in student success, enrollment and retention, institutional effectiveness, and sustainable growth
- Leads the development and implementation of a comprehensive institutional data governance framework, encompassing data stewardship, data quality, data classification and security, policy and standards development, shared data definitions, and institutional reporting practices to strengthen the integrity, accessibility, and strategic use of university data

- Advises and collaborates with executive leadership, Cabinet members, faculty, and academic and administrative stakeholders to strengthen institutional data transparency, accountability, governance maturity, and analytics capabilities, enabling evidence-based decision-making across the University
- Establishes cross-functional governance structures and data stewardship practices that clarify institutional ownership and accountability, promote shared definitions and recognized sources of truth, and strengthen collaboration across academic and administrative domains

**Adjunct Professor**, Maryville University, College of Technology and Business, St. Louis, MO  
(2026 - current)

- Lecturer, Everyday Data

**Adjunct Professor**, St. Louis University, Department of Professional Studies, St. Louis, MO  
(2025 - current)

- Lecturer, Public Speaking
- Lecturer, Intro to Supply Chain Management
- Research focused on supply chain management and food security risk and resiliency strategies with a global multi-disciplinary team

**Adjunct Professor**, University of Missouri – St. Louis, Department of Supply Chain and Analytics, St. Louis, MO  
(2024-2025)

- Founding Member, [RISE Leadership Academy](#)
- Lecturer, Intro to Supply Chain Management
- Research focused on supply chain management and food security risk and resiliency strategies with a global multi-disciplinary team

**Principal Investigator and Workforce Development Director**, P2P, Baltimore, MD  
(2020-current)

- Designs and implements workforce development training and education programs in collaboration with universities and organizations, including SUNY, Harvard University, Jobs for the Future, Baltimore City Community College, NASA, Johns Hopkins School of Public Health, Princeton University, Vanderbilt University, Washington University in St. Louis, and St. Patrick Center totaling more than 60% of the organization's operating budget and graduating over 1000 scholars in the program
- Principal Investigator for the Bridges to Baccalaureate program in partnership with Baltimore Community College and Howard University, leading a \$15 million grant to help advance education for system-impacted scholars

**Principal Investigator and Project Director**, Education Development Center, Waltham, MA  
(2022-2025)

- Leads the STEM-OPS alliance as Executive Director and Principal Investigator, focused on providing STEM education opportunities for system-impacted people
- Project Director Lead for the Ohio West County Health Department Program, which focuses on curriculum development and prevention of transmission of disease to the K-12 scholar population

**Senior Faculty Specialist** - NASA Acres, University of Maryland, College Park, MD  
(2023-2024)

- Strategic program management for NASA's food and agriculture program leading a \$15 million grant
- Developed workforce development and leadership training and mentorship program for over 100 researchers within the NASA Acres Consortium
- Implemented and designed a farmer pilot program bringing community colleges, scholars, farmers, and research scientists together nationally to develop cohesive strategies improving supply chain decision-making processes and economic mobility through the use of earth observation data

**Business Director**, Washington University School of Medicine, St. Louis, MO  
(2010-2018)

- Managed a \$6 million annual operating budget; recruited 60 new trainees annually from a pool of over 2500 applicants
- Supervised 40 faculty, 12 staff, and 160 trainees with projects deployed into a 13-hospital system, seven global sites, and a primary care practice
- Created curriculum and global rotations for internal medicine residents to achieve new perspectives in the field of medicine and healthcare

## **OTHER EMPLOYMENT**

**Workforce Development Case Manager**, St. Patrick Center, St. Louis, MO  
(2020-2022)

- Mentored clients by creating short and long-term employment goals, IEPs, resumes, presenting at JRT workshops (Job Readiness Workshops), and working closely with local and national recruiters to find the best fit for over 300 marginalized clients
- Led annual report campaign and project development with the Marketing Department to share stories and the impact St. Patrick Center provides to the unhoused community
- Awarded two \$40,000 seed grants for job training and life skills workshops working with community partners and the Department of Corrections to help improve outcomes for the unhoused population of St. Louis

**Director of Operations**, STEP Warm Floor Manufacturer, St. Louis, MO  
(2018-2019)

- Supervised marketing and communication strategies for a nanotechnology engineering company with annual net revenue of \$5 million
- Managed production and sales teams using Lean Six Sigma strategies and expanded sales opportunities internationally
- Monitored supplier performance and assessed risks associated with supplier relationships

**Director of Conference Services**, Chase Park Plaza, St. Louis, MO  
(2002-2010)

- Top sales director. Managed budget and grew annual sales revenue from \$1.8 million to \$2.5 million
- On time, under budget management of Fortune 500 companies, public, private, and celebrity events

## **COURSES TAUGHT FOR ACADEMIC CREDIT**

### Maryville University

CORE 102 - Everyday Data 05 & 08 (Fall 2026)

### St. Louis University

BUS MGT 040 – Public Speaking (Fall 2025)

### University of Missouri – St. Louis

BUS AD 7300 – Introduction to Supply Chain Management (Fall 2024, Spring 2025)

### St. Patrick Center/ St. Louis Community College - St. Louis

BIO 117 - Conservation and Ecology (Fall 2022)

### Baltimore Community College/Howard University - Baltimore, MD

ENG 101 - College Composition 1 (Fall 2022, 2023, 2024)

## **COURSES TAUGHT FOR EXECUTIVE EDUCATION**

Cornell Leadership Certification - Cornell University (2022)

Roots of Success - San Francisco State University (2021)

Effective Use of Boundaries in Clinical Settings: An Ethical Approach - St. Louis University (2021)

Mental Health Training – Certified by MHFA.org (2021)

Enhancing Behavioral Health & CJ Through Cross-Training (JMHCP) (2020)

Professional Leadership Academy Plan - Washington University (PLAN) (2012-2013)

FOCUS Women in Leadership, FOCUS St. Louis (2013-2018)

State of the St. Louis Workforce 2020 - St. Louis Community College (2020. 2021. 2022)
