Wed, 07/22/2020 - 3:29 pm For the fall 2020 semester, parents must sign up to ParentVUE to make their selection of the Online Academy or the A/B/C schedule before 6pm on August 3, 2020. More information about both options is available at Return to School Parent Handbook. Parents should carefully read the handbook and review the options to select what is best for their family. NOTE: Parents who have already completed their online registration and selected an option for the fall can change their Back to School option through their ParentVUE account by following the steps below: . 1. Sign in to ParentVUE. 2. On the left menu, click 'STUDENT INFO'. 3. At the top of the page, under STUDENT INFO, click Edit Information. 4. Browse to the bottom of the page and click the drop-down menu next to My child listed above will participate to make your selection. 5. Click the Save Changes button. For families who want to use the ParentVUE mobile app to complete online registration and the school return selection process, start with a web browser and not the ParentVUE mobile app. Once you've started the process with a web browser, you'll continue with the mobile app. FOR PARENTS WHO HAVE COMPLETED ONLINE REGISTRATION FOR THE 2020-21 SCHOOL YEAR: If you have already registered your child for the upcoming school year, you must log into your ParentVUE account with your login credentials. In ParentVUE, click Online Registration, check information, and select your option. FOR PARENTS WHO HAVEN'T REGISTERED Their Child FOR THE 2020-21 SCHOOL YEAR: To log into your account, use your former Home Access Center email address to reset your password and set up your ParentVUE account. Do not select the option to create a new ParentVUE account. To save you time during the registration process, information from your Home Access Center account has been transferred to ParentVUE. For starters: • Visit . • Select 'Password forgotten? • Enter your email address that was previously used in Home Access Center and we'll send you an email to change your password and username to access ParentVUE. Your new password should: • At least 8 characters longâ€ • Contain at least 1 Upper Case Character (i.e. A-Z) • Contain at least 1 Small Case Character (i.e. a-z) • Contain at least 1 Numeric character (i.e. 0-9) • Not the same as any of your previous 15 passwords • After resetting your password, ParentVUE will guide you through the registration and return to school selection process. More information, including the documents needed to complete the registration, is available on the district's website. If you have technical questions about access to the we invite you to contact our student information system student information system team by email on sis@ipsd.org. If you haven't had the opportunity, please take the time to read this document dedicated to Back to School – A Pamphlet for Parents Back to School Parent Handbook. Contains details about the two options available. You must make a selection of which of the two options you want in ParentVUE by August 1. Registration for the Online Academy will no longer be available after 1 August. Due to the nature of the route, parents cannot change their option once they have chosen one of the two options. If you haven't completed your student's enrollment yet, now's the time to do so. Read the instructions below on choosing your selection and enrolling your student. More information about Back to School can be found www.ipsd.org/ReturnToSchool via this link. FOR PARENTS WHO HAVE COMPLETED ONLINE ENROLLMENT FOR THE 2020-21 SCHOOL Year If you have already enrolled your student for this school year, you must sign in to your ParentVUE account with your information to log in. In ParentVUE Online, choose registration, view the information and make your selection. FOR PARENTS WHO DIDN'T MattE Your Student FOR THE 2020-21 SCHOOL YEAR: Sign in to your account, use the email address you used in your Home Access Center account to reset your password and your parentvue account to set up your ParentVUE account. Do not select the option that creates a new ParentVUE account. To save you time in the enrollment process, your home access center data has been transferred to ParentVUE. To get started: • Visit . • Select Forget password? (I forgot my password) under the password field. • Between your email (which you used for the Home Access Center) and we'll send you an email to change your password and username so you can access ParentVUE. Your new password must include: • At least 8 characters long. • With at least 1 Shift Letter (Example: A - Z). • With at least 1 Brief lowercase (example: a - z). • With at least 1 number (example: 0-9). • Not equal to any of your 15 previous passwords. • After reassigning your password, ParentVUE guides you through the registration and selection process of La Vuelta a la Escuela. If you have difficulty with or technical questions about how to access the student information system, we invite you to contact our Student Information System technical team by email to this student sis@ipsd.org. Naperville District 204 - Mon, 10/26/2020 - 20:34 Dear District 204 Community, Last Monday, I informed that we are closely monitoring information from state and county health services regarding the community transmission of COVID-19. The data released today from the DuPage County Health Department reports a continuation of being in significant community transmission. The reported new cases per 100,000 has increased from 119 last week to 152 this week. Three weeks ago, that was 79 new cases per 100,000. The near doubling of the number of new cases in a three-week period is worrying. We have learned from the health service that due to the level of increases for both the weekly count per 100,000 and the weekly numbers of youth counts, we will remain at Substantial Community Transmission when the health service publishes its data on Monday, November 2. We planned to review three weeks of data before determining whether we would stay in remote learning. However, the data from the past two weeks meets our criteria for pausing a switch to hybrid, and next week's data, as already determined by the health service, will also meet the criteria. I need to take action to protect the health and safety of our students and staff, so I'm pausing our transition to the hybrid program, which was scheduled to begin on November 2. For the time being, all students will continue to learn remotely until 13 November. Pupils with special needs who receive services at school will continue to do so. As you know, the state of Illinois imposed restrictions on Will and DuPage Counties on Friday. These restrictions apply for 14 days. I hope that the restrictions will reduce the transfer rate of the community. We will continue to monitor the statistics closely and provide you with an update on November 2. While we know that interrupting our transition to hybrid is disappointing for the families who have chosen this option, we must continue to prioritize the health and safety of our students and staff. We also believe with the data trending in the wrong direction, it makes sense to make this announcement now, rather than next Monday, to help families and staff plan their schedules. We can't open our schools safely with community transmission levels where they are today. We are doing everything we can to make our schools as safe as possible to reduce community transfer. Do your part to lower the spread of COVID-19 by wearing a mask, practicing social distancing, frequent hand washing, and staying home if you're not feeling well. Thank you for your continued support. Sincerely, Adrian B. Talley, Ed.D. Superintendent Bekik hier ons COVID-19 dashboard (elke maandagmiddag bijgewerkt) Estimated District Community 204, Last Monday I shared with you that we were closely monitoring information from the state and county health departments in COVID-19 infection. Information shared today by the DuPage County Department of Health reports that we are continuing to provide a level of community contamination substance. New cases reported by every 100,00 people have risen from 119 to 152 this week. Three weeks ago, it was 79 cases per 100,000 people. Worryingly, the number of new cases has almost doubled in three weeks. The Department of Health has informed us that due to the increase in both new cases per 100,000 people and the weekly youth case count, we will remain at a significant level of community contamination when the new information is published on Monday, November 2. We planned to analyze three weeks of data before determining whether we would continue learning remotely. However, data from the past two weeks have us suspending the switch to a hybrid model, and next week's data, according to the health department's criteria, support that decision. I need to take action to protect the health and well-being of our students and staff, so I have suspended the transition to the hybrid program, which was due to begin on November 2. For the time being, all students will remain on the curriculum until 13 November. Pupils with special needs who receive services at school will continue to do so. As you know, the state of Illinois imposed restrictions on Will and DuPage counties on Friday. These restrictions remain in effect for 14 days. I hope that restrictions will slow the pace of community contamination. We will continue to monitor the measures closely and provide you with up-to-date information on 2 November. While we know that suspending the transition to the hybrid model will disappoint many families who have chosen this option, we must continue to prioritize the health and well-being of our students and staff. We also believe that as long as the data reflects this trend, it makes sense to announce this now, rather than waiting for next Monday, to help families and staff plan their schedules. We cannot open our schools with current levels of community contagion. We are doing everything we can to make our schools as safe as possible to reduce community contamination. Please reduce your part coVID-19 infection by wearing a mask, practicing social estating, washing your hands often and staying at home if you are not feeling good in health. Thank you for your continued support. Sincerely, Adrian B. Talley, Ed.D. Superintendent Categories: Naperville District 204 Page 2 Naperville District 204 - Thu, 09/10/2020 - The National Merit Scholarship Corporation announced 46 students from District 204 have been identified as semifinalists in the 66th Annual National Merit Scholarship Program. The National Merit Scholarship Corporation (NMSC) announced the names of about 16,000 semifinalists in the 66th Annual National Merit Scholarship Program. These academically talented high school seniors have a chance to advance in the competition for about 7,600 National Merit Scholarships worth more than $30 million that will be offered next spring. To be eligible for a Merit Scholarship® award, semifinalists must meet different requirements to advance to the competition's finalist level. More than 90 percent of semifinalists are expected to achieve finalist status, and about half of the finalists will win a National Merit Scholarship®, earning the Merit Scholar title. Of about 16,000 semifinalists, about 15,000 are expected to advance to the Finalist level. They will be informed of this designation in February. All National Merit Scholarship winners will be selected from this group of finalists. Merit Scholar designs are selected based on their skills, performance, and potential for success in rigorous college studies, without taking into account gender, race, ethnicity, or religious preference. The District 204 National Merit semifinalists are: Metea Valley High School: Agrawal, Vinay | Bhogilal, Chinmay C. | Joshi, Rhea S. | Lu, Sean | Maxon, Thomas R. | Mohan, Sannidhi | Moorthy, Kishor N. | Pai, Udit U. | Telang, Yash S. Neuqua Valley High School: Addepalli, Pranav | Aliyev, Amir | Bharadwaj, Aayush | Bharadwaj, Anjana | Carroll, Elaine E. | Darabi, Neema | Dasari, Sai S. | Thu, Brandon M. | Druce-Hoffman, Rachel E. | Fu, William S. | Gajapala, Nadun D. | Gupta, Mansi M. | Jain, Sameer | Jaiswal, Rohan | Jourdan, Piper B. | Liu, George | Paruchuri, Nishikar | Pattanaik, Mrinal | Rajan, Megan S. | Reynolds, Caroline E. | Vaishnav, Saloni M. | Wittry, Lauren M. | Wu, Michael | Zhang, Ian H. | Zhao, Helen Y. Waubonsie Valley High School: Ahmad, Subul | Canham, Juliana N. | Davis, Manav | Desai Krish V. | Khan, Nabeeha S. | Khanna Arnav | Pai, Vinay | Parmesan, Amogh | Portanova, Christopher M. | Socrates, Brindet | Srinivasan, Karthikeyan | Treuhaft, Daniel R. If you have technical questions about accessing the student information system, we invite you to contact our student information system via email. Si no han tenido la oportunidad, por favor de tomarse el momento dedicado a La vuelta a la escuela - Un panfleto para padres Return to School Parent Handbook. Contiene detalles en respecto a las dos opciones disponibles. Usted necesitará hacer una selección de cuál de las dos opciones desea en ParentVUE antes del 1ro de agosto. Matrícula para la Academia En Línea no estará disponible después del 1ro de agosto. Debido a la naturaleza del itinerario, padres no podrán cambiar su opción una vez haya elegido una de las dos opciones. Si usted no ha completado la matrícula de su estudiante, AHORA es el momento de hacerlo. Por favor, lea las instrucciones indicadas abajo en respecto a cómo elegir su selección y matricular a su estudiante. Usted puede encontrar más información sobre La Vuelta a la Escuela siguiendo este enlace www.ipsd.org/ReturnToSchool. PARA LOS PADRES QUE HAN COMPLETado LA MATRÍCULA EN LÍNEA PARA EL AÑO ESCOLAR 2020-21 Si usted ya matriculó a su estudiante para este año escolar, usted necesita entrar a su cuenta your ParentVUE account usando su In ParentVUE Online, choose registration, view the information and make your selection.
