Ingles, el lenguaje del norte del mundo, adquiere esta magnifica forma cuando el curso de inglés ofrece una selección riquísimamente enriquecida de la gramática, con la ayuda del estudiante entre varios profesionales. El curso de Inglés... es el libro de inglés de excelencia. Constituye la forma más apropiada para la formación de profesores de inglés y para la educación de alumnos de inglés. This is a fascinating book on the subject. It gives the reader a fair idea of the varied techniques available for teaching English as a foreign language. Highlighted and commented on throughout the text are those instances where the book is lacking in depth or sometimes too superficial. The reader is left to make up his/her own mind on the subject. I found this book to be very comprehensive, in the sense that all relevant information is included to help students in their study of the language. Now, that I have completed my Masters program, I am looking forward to learning Spanish. One of the problems I had with English was that I was afraid that the new language would be difficult and that I would not be able to grasp it. I can say now that 520fdb1ae7
