New functions BACK TRACING my valued clients from October 2018 to the present. Hi, I ... will send phone messages to inform you of a plan on how to learn for 2021BAR. So far we have BSA organized on a topic of at least 20 years, training materials on how to answer bar questions, and BLD civil rights subjects are also available for more specific training on how to identify this issue. The future plan is to have a short but accurate vlog in the top 20 most asked topics and the 20 most challenging legal issues, and to discuss current decisions and events using the BSA as the basis for a lesson plan. It's always our belief that learning in a bar, one has to learn smart by focusing on bar questions that were previously asked, and from there, expanding reading can begin, but never overload information. You can still swim, watch Netflix, or party while studying at the bar. For those who are already lawyers, thank you for being part of your journey. You can simply ignore messages or block a number. PS. BSA LABOR is now available. Commercial law will be available in November Thank you.
