[1] His style is identified by a mixture of self-biography and fiction. Often referred to as a pornographic writer, he also wrote travel books and essays on literature and art. In an introduction to O Mundo do Sexo's book, Palace Publishing 1975, Rio de Janeiro, the author was honored by the famous critic Otto Maria Carpo. One of his lovers was writer Anais Nin. There is a fictional film about the period of life in which they met, Henry and June, based on Anais's memoirs. Henry's biography spent his childhood on Diggs Street in Williamsburg, Brooklyn, New York Later, when he was young, he was active in the Socialist Party (his idol was black socialist Hubert Harrison). He tried a variety of services and attended classes at New York City College for a short time. Both in 1928 and 1929, he spent several months in Paris with his second wife, June Edith Smith (June Miller). He only moved to Paris the following year and lived there until the beginning of World War II. Depending on the benevolence of friends like Anais Nin, who became his mistress and financed the first impression of cancer tropics in 1934, he lived in risky conditions. The book suffered distribution problems, which were banned in some countries on charges of pornography. In the fall of 1931, Miller worked as a reviewer at the Chicago Tribune (parisian version) thanks to his friend Alfred Pearls, who worked there. Miller took the opportunity to present some of his articles, Perlès, because only the editorial team was allowed to publish in the newspaper in 1934. He continued to write novels that were banned for alleged cussing in the United States. Most of his work revolves around his second wife, June Mansfield. Especially the Red Chalipa trilogy. The couple separated in 1934. Henry Barr Dili remarital during World War II, he returned to America. He became a prolific writer and achieved great success after publishing his work in the 1960s. A memorial dedicated to his work is held in Big Sur, California, where he lived from 1944 to 1962. The Brazilian government banned the sale of the tropic translation of cancer in the 1970s, but it was sold in english in the original language. Otto Maria Carpio will be responsible for publishing and literary recognition of Miller's work in the country. Miller's erotic artistic literature became a classic when he published the trilogy Sexus, The Network, Nexus, which I called Red Chalipa. Like other books, these novels narrate excerpts from his own life, although he denied it. Throughout these books, I have used irreparable onslaughts to subconscious such as dreams, fantasy, Burlesque, pantagorolic puns, etc., which lends the narrative a chaotic, bizarre and chaotic character, he declared of his process. Although Miller's work of art has become, for a part of people and critics, synonymous with erotic literature, there are many philosophical passages also in his most famous books, nothing works or lascivious. For example, Big Sur and Hieronimus Bosch oranges as the centerpiece of their original prosaic narrative of the days when Miller's self-lying character lives, with his wife and final children, in the secluded, quiet and mystical area of Big Sur, California (USA). The slogan of the work is a description full of other episodes that are currently narrated in other books to compare Big Sur's pure quacules to those that fully hold the comfortable benefits as well as the behavioral events of modernity. Another work of lustful themes and motifs is Clousus Marus. The book is based on a journey the author made to Greece before the beginning of World War II in 1939. In fact, man sees, throughout the book, a miller staring at the glory of Greek ancestral culture, as he uses the descriptions and analyses of the Greek people to counter the simplicity of war civilization - often represented by references to the New Yorker average. Vicky's original works have quotes from or about: Henry Miller Crazy Rooster, 1934 Tropic cancer, 1934. Opus Pistorum (pornographic novel), 1936 Primavera negra, 1936. Tropic of Capricorn, 1939. Days of Peace in Clychi, 1939. The World of Sex, 1940. Clousus Marus, 1941. Wisdom of the Heart (essays), 1941. Brazil: Refrigerated Nightmare /Portugal: The Air Conditioning Nightmare, 1945. The Smile at the foot of the stairs, 1948 Sexus [Red Crucifixion vol. 1 // First Book of the Rose-Crucifixion (Portugal)], 1949. The Books of My Life, 1952 Plexus [Red Crucifixion vol. 2 // Second Book of the Rose-Crucifixion (Portugal)], 1953. Big-Sur and the oranges of Hieronymus Bosch, 1957 Nexus [Red Crucifixion vol. 3 // Third Book of the Rose-Crucifixion (Portugal)], 1960. The Hour of the Assassins (A Study on Rimbaud). ^ Sources ^ Henry Miller. Encyclopædia Britannica Online. Retrieved December 12, 2019 This article on literature is a stub. You can download Wikipedia by expanding it . A self-deverated classic currently in the new translation, Sexus chronicles the author's sexual and literary adventures among the New York Times bohemians of the 1920s and 1930s. For years, Henry Miller was considered a fucking writer. His literature, pornographic and degrading Tachada, suffered from censorship, and his books circulated extensively. Despite publication problems, Miller attracted the attention of contemporaries such as Ezra Pound, T.S. Elliott and Edmonds That came out in his defense. The books became bestsellers after publication in the 1960s, and today the author is considered one of the greatest prose in the English language, affecting the Beatnik generation and writers such as Thomas Pinchon, Norman Miller and Philip Roth. In many ways, Sexus chronicles Miller's sexual and literary adventures among the New York Times bohemians of the 1920s and 1930s. His prose is intense, full of energy, yet cynical and innocent, secular and spiritual. The book, published in 1949, is the first volume of the rosy crucility trilogy: two other volumes of the network, from 1953 and Nexus, from 1959. All part of the bold and provocative book series, which includes memoirs by a Fesnino, Robom Fonseca, Politics, Adam Tyrol, and The Little Town, by Lawrence Block. No one has wrote like this before, and certainly no one will write that well. Miller's prose is a torrent, cataract, a volcano, an earthquake [...] an athlete writer, phenomenon, a real avatar of literary energy. - Norman Miller is the only excellent author of imaginative prose that has appeared in the English language in recent years. - George Orwell (at the launch of Tropic of Cancer) Original title: Sexus (The rosy crucifixion: book 1)Translation: Sergio Flaksman Pages: 584Format: 13.00 X 20.20.20. 00 cmWeight: 0.725 kgFinish: Hardcover Book Release: 29/11/2004 ISBN: 9788535905809 Seal: Company of Letters Henry Miller Author SEXUS (2004), PLEXUS (2005). +1 You should have entered the comments to enter your entry page 2 SERGIO FLAKSMAN was born in Rio de Janeiro in 1949, and has been an interpreter since 1966. He began working on encyclopaedia projects and in 1968 made his first literary translation of Truman Capote's novel Bunkins de Luxo, published by Nova Front Ira, along with two other long short stories by the author, translated by journalist Lena Chavez. Engaged in production teams of major reference works until 1982 (as editor of the historical dictionary biography of the Getúlio Vargas Foundation cpdoc, for which the first team of writers formed and eits production standards and standards Determined), he was also editor of the first twelve volumes of the scientific publication magazine Ciência Hoje, of sbpc, before occupying the positions of deputy and effective editorial director editora record, where he stayed until 1986. Among the writers he translated could be Stephen J. Gould, Peter Gay, Gore Vidal, Mark Twain, Shakespeare, Alber Camus, Pirandello, Umberto Eco, Emile Zola, Alfred Jerry, Philip Roth, Jonathan Franzen, Martin Amis, William Kennedy, Mullin, Arian Mnuchin, Eugene Ionesco, Jay, M Koutze. Of the dozens of translations he has done for The Letters Company, they stand coolly by Truman Capote, Istanbul and Orhan's Black Book Days in Burma by George Orwell, Heart of Darkness by Joseph Conrad, and Henry Miller's Sexus, Plexus and Nexus trilogy.
