

WELCOME TO

Golden Poppy Retrievers

Owning a Golden Retriever puppy has been described by some as

‘Pure Joy’!

Our puppies or Fur-babies are just that, babies, with no ‘formal training’ and in need of Love and Guidance. The more they receive Love and Guidance, the more they Thrive and Grow, bringing Joy and Happiness to their Paw-rents and others that are privileged to enjoy their presence.

It is particularly important to understand they are leaving their family to join their Fur-ever Family at 8 weeks of age or shortly thereafter. Transition can be stressful for them, which will require additional Patience and Care until they become acclimated to their new

FUR-EVER WORLD.

Turn the page to start your Journey to taking home your Precious

Fur-Baby or ‘Pure Joy’!

Our Desire and Responsibility as Dedicated Breeders of European Cream and American Standard Golden Retrievers are to place our fur-babies in the best homes possible where they can Thrive and be Loved, and thereby protecting them from any harm, abuse and/or a lack of daily needs.

If the Buyer would like to continue after a Cancellation, with a purchase from Golden Poppy Retrievers, a new Puppy Purchase Agreement and deposit will be required. This portion of the Agreement including the Health Guarantee will be fully executed after the picked puppy's information is added and this Agreement is signed by both parties. Buyer or GPR can op-out at any point prior to the "Puppy Info Addendum" being signed.

GPR' Agreements:

Both the Sire and Dam are purebred and registered with American Kennel Club - AKC under AKC guidelines.

Parents have been screened for hips, elbows, eyes, and heart clearances at a minimum. As we are always looking to improve the breed, we do additional genetic tests prior to breeding a Dam or Sire to ensure the match will provide the best chances for a healthy puppy.

Our intent is to provide puppies to families who desire an excellent and healthy pet, companion dog, therapy and/or working dog, that is a quality representation of the breed. We do not breed to produce show dogs although many may be show quality.

The puppy you have picked is in good health at the time of purchase. The puppy has also been loved daily and properly cared for.

The puppy has received its first (1) of three (3) core vaccines and has been wormed/medicated as needed. A record of medications will be provided to Buyer at time of pick up.

As of the signature date of this Puppy Purchase Agreement, neither the Sire or the Dam have been affected by Cancer, Epilepsy, or allergic conditions to normal environmental stimuli.

Registration:

Purchase price is for a "Limited Registration" meaning **"NO BREEDING RIGHTS."** You CANNOT breed your dog or have anyone else breed your dog. Breeding this dog or allowing anyone else to bred this puppy/dog intentionally or unintentionally will void your health guarantee.

If buyer is found to have bred this puppy/dog or allowed anyone else to breed this puppy/dog, Buyer agrees to pay GPR \$25,000 for damages and buyer will immediately and voluntarily forfeit ownership of puppy/dog and ALL puppies birthed or sired to GPR. Buyer will return the puppy/dog and ALL puppies birthed or sired including all paperwork pertaining to puppy/dog to GPR at Buyer's expense.

To prevent unethical breedings, GPR will provide you with your AKC Litter Registration. Upon receiving verification via a copy of the official documentation that the dog has been rendered incapable of breeding, GPR will provide you with your individual AKC Registration documents.

Buyer Agreements:

The Buyer agrees that this dog will be a household (indoor/outdoor) companion and not solely an outdoor dog. If GPR learns/discovers the puppy/dog is in what is perceived as being neglected or abused, GPR has the right to have the puppy/dog removed.

Buyer agrees to have the puppy examined by a reputable licensed Veterinarian within 5 days of taking possession of the puppy to verify the puppy is in good, sound health. **If puppy is at risk due to a congenital defect (existing at birth) is found which renders the puppy unsuitable as a pet, buyer will notify GPR and provide a written statement by a licensed Veterinarian describing the defect along with all supporting documentation, X-rays, test results, etc. and, at Buyer's expense, return the puppy and all papers to GPR within 3 days of the examination.**

GPR, will replace puppy or refund money at GPR's sole election and discretion, provided puppy is in the same condition mentally and physically as when originally purchased.

Our Desire and Responsibility as Dedicated Breeders of European Cream and American Standard Golden Retrievers are to place our fur-babies in the best homes possible where they can Thrive and be Loved, and thereby protecting them from any harm, abuse and/or a lack of daily needs.

GPR retain the right of requiring a second opinion of the diagnosis by another veterinarian of our choice to confirm the defect. An Official OFA evaluation is required for replacement if Hip or Elbow Dysplasia is detected. OFA Hip rating must be moderate to severe for a replacement. OFA Elbow rating must be grade 2 or 3 for a replacement. OFA evaluation is at the owner's expense. If an eye and/or heart defect is suspected, it must be diagnosed by a specialist with written documentation provided. GPR retain the right of requiring a second opinion of the diagnosis by a veterinarian specializing in said defect of our choice to confirm the defect.

GPR will provide a replacement puppy of equal quality, sex and bloodline (which will be determined solely by GPR) at no charge within 12 months of the animal's return. Any shipping fees for a replacement puppy is the sole responsibility of the Buyer. All Veterinary bills are at the buyer's expense. (This does not include behavior issues, worms, fleas, mites, ticks, coccidia, giardia, or any other parasites as they are common in dogs and puppies. It also does not include indigestion of foreign objects, ingestion of food or chemicals, or physical injury contracted or incurred following Buyer's receipt of puppy.)

GPR is not responsible if puppy contracts a communicable disease after leaving GPR's possession, is not responsible if puppy has adverse reaction to vaccines provided by Veterinarian, has no control regarding the future temperament, habits, and appearance of the dog, and hence does not warrant such.

GPR does not assume any liability for any injury or Veterinarian expenses to purchased puppy once they have been picked and leaves our property with the new Owner/Buyer.

_____/_____ Buyer Agrees to attend GPR's informational Zoom Meetings starting when the puppy turn 4 weeks of age. Time and date of the Meetings will be provided by GPR. If Buyer fails to attend GPR's informational Zoom Meetings, GPR will consider this a "Breach of Contract" and at GPR's discretion may Terminate this agreement.

GPR request the Buyer to open a social media account for the puppy and Buyer to post pictures regularly so GPR can watch the puppy grow.

The puppy is to receive proper Veterinary care and vaccinations/titers for the duration of its life. The Buyer agrees to provide high-quality food. The Buyer agrees NEVER to sell/give/trade/transfer ownership of this puppy to any breeding establishment, any agent, any wholesaler, or any party not included in the original sales agreement.

_____/_____ In the event, at any future time, the Buyer(s) cannot keep or care for the puppy/dog, the Buyer must return it to Golden Poppy Retrievers including all signed registration and all veterinarian records. Golden Poppy Retrievers will find the puppy/dog a new and suitable home. If the Buyer(s) know of a potential suitable home, the Buyer(s) will inform GPR of the interested party/new home and GPR will screen the new party interested in taking ownership of the puppy/dog. The new home must be a pet home and the puppy/dog must be rendered incapable of breeding prior to going to new home.

GPR highly recommends Buyer to obtain Pet insurance within 14 days prior to taking home the puppy and to keep it for at least 1 year until puppy stops chewing and ingesting things that may cause issues (such as toys, plants, or other toxins).

In the event of the puppy's death, the Buyer must notify GPR within 36 hours.

The buyer must have a male puppy Neutered or Vasectomy after, not before, 2 year of age and a female puppy Spayed or an Ovary Saving Spay after, not before, 2 year of age and not before their first heat cycle. Note: Spaying or Neutering your puppy prior to 2 years of age will void your second year of Guarantee.
