

ENCOURAGE-A-CHILD SUBSCRIPTION

A child in your home will be receiving 5 mail packages approximately once a week. These will be coming from “Melanie Pruitt Art”, an artist in Hawaii.

The “Encourage a Child” subscription is specifically for children who are in the midst of loss, severe illness, or other difficult situations.

*Each mailing will open with a letter from Auntie Mellie. As these are designed for children as young as 4, most will need your help to read, and reread the letter. These will be encouraging letters on dealing with difficult times and will tie in specifically with the items included. (**PLEASE NOTE: This is not a replacement for professional support/counseling.)*

Melanie has designed these 5 mailings using her artwork to produce items for your child as well as a way for the child to participate artistically.

All items needed for the project are included! Nothing more will need to be provided or purchased. However, you can supplement with other crafting items if desired. Younger children may need some assistance.

Our hope is that this encourages both the child and you at this time.
