

Ms. Bene's High School Checklist

Sophomores

THROUGHOUT THE YEAR

- Focus on your grades! Your grades are going to be one of the most important factors in determining your work ethic and mastery of information
- Continue planning your classes for the next 3 years. Consider taking Honors or AP courses. It is important to challenge yourself
- Stay involved in activities and seek new opportunities. Maybe this year you consider taking a leadership role in one of your clubs or sports?
- Keep a list of your accomplishments and activity involvement. This will help you create a resume later on.
- Start looking at colleges. Go to a college fair to find out what kind of programs are offered at the college level.
- Take the PSAT/NMSQT to earn scholarship money for college

IN THE SUMMER

- Look into doing an internship or continue volunteering
- Think about pre-college programs like dual enrollment that might benefit your skillset.
