Enterprise
LENDER LEARNING

UAD 3.6 is here and lenders are in the middle of execution. This session brings together lender perspectives on what is driving the change, how teams are preparing and implementing updates, and what it takes to successfully roll out new processes across the organization. Expect practical insights, lessons learned, and strategies to help support a smooth and effective transition.

LENDER LEARNING

The event also features high-level networking and a live performance by Nashville artists Bee Taylor and Cody Brooks, delivering a unique experience beyond the classroom.

This exclusive networking event brings together industry leaders, lenders, and valuation professionals for meaningful conversations over cocktails and hors d'oeuvres at the open bar.
