

The Women of Earth after a 5-day Lab in the jungles of Brazil.

Clinton & Anne-Chloé's News *March 2024*

Dear Friends,

Anne-Chloé and I are in 'sunny California'. It is cloudy, cold, and raining outside. We sit huddled together in a Los Angeles laundromat – exactly like the laundromats you see in movies where spies feel safe enough to chat with each other... the same laundromat as in [Fight Club](#) where Helena Bonham Carter removes a stranger's clothing from the clothes dryer and takes them across the street to sell at a used clothing store for cash.

Life is full of contrasts. Tomorrow we sail for Catalina Island and eat at restaurants in the seaside town of Avalon. But then a gale-force storm arises. We must either stay another night in San Pedro, or pay the same price for a helicopter ride to Avalon. We choose the helicopter. It flies at 300 kilometers per hour at only 175 meters above the white-capped Pacific waves. After Avalon we will sleep in the back of a rented car in Los Angeles, or directly on the California desert sands, eating peanut butter sandwiches – or in Anne-Chloé's case, eating nothing... as she will be in a twelve-day Vision Fast from School of Lost Borders <https://schooloflostborders.org>. A Vision Fast is one of the 777 recommended authentic adulthood initiatory processes for Possibilitators. What is the next [initiation](#) on your [Path](#)?

Two Women Of Earth Labs were just delivered.

One near Sao Paulo, Brazil, by Anne-Chloé Destremau, Vera Franco, and Apprentice Lisa Ommert with 31 Women. They report back that the most difficult part of shifting into [Archiarchy](#) is shifting out of [Patriarchy](#). It feels like taking off all your layers down to your skin, and then [Debaptizing](#) yourself from unconscious self-annihilation as 'service' to the Patriarchs, whoever they happen to be at the moment.

The other Women of Earth Lab was delivered in the South Island of New Zealand by Ana Norambuena and 16 Women. The Women discovered that when Women collaborate, Patriarchy cannot exist. The Village of Women of Earth is growing.

A Men's Lab was just delivered in the South Island of New Zealand by Michael Pörtner and 16 men. The men discovered that Patriarchy has clawed its way far deeper into their souls than they ever suspected. In short, "Patriarchy is a bitch!"

The women from the Brazil Lab noticed that what remains of you after a Debaptism... after sitting naked in the jungle on river rocks under a waterfall, washing the mud off... is much more 'you' than what you permitted before the Debaptism.

What remains after a [Phoenix](#) fire burns away the superficial is far more real and capable than the previous you that was carrying so much unnecessary [baggage](#).

Further, what the newly-hatched Archan women report is direct and immediate involvement in collaboratively unleashing other women into their own Archan creation power. This shines forward in projects such as [Bridge-Houses](#), [Rage Clubs](#), and driving [questions](#) such as: How do I bring this back to my community? Who am I? Who am I liberating? How do I make a difference for women, single moms, women in shelters, and for teenagers who are too smart for existing systems and are therefore 'at risk' of losing their way?

You may be thinking to yourself, "*Here I am, doing what I am doing, doing as much as possible for me to do in my current circumstances... How could I ever have enough time, energy, and attention to go Archan any more than I am now?*"

We invite you to ask that question from a different perspective. *Who was I five years ago? Two years ago? Last year? Has there been any noticeable change if I compare who I was then to who I am being now? Am I sourcing anything different now than I was before?*

We suspect your review will reveal courageous movement in valuable directions: [Possibilitator books read](#), [StartOver.xyz websites](#) studied, [experiments](#) tried, [journeys](#) taken, [WorkTalks participated in](#), perhaps even [WorkTalks delivered](#), [articles read](#), [articles written](#), changes made in your lifestyle, in your friends circle, in your gutsy connections with other Possibilitators on the Path.

We suggest that each change you have made is far more significant than you might currently imagine, because after each change, the world works differently. This means that each change makes the next change a bit easier and a bit more likely. You are building the way!

What is really possible for a woman? Rage! Power! Sisterhood! We have that in us! We have that energy!

[Hitting Bottom](#) is not so bad! And after a while, it is so refreshing!

Evolutionary shifts are worth celebrating over and over along the way. We celebrate with you.

Love from Clinton and Anne-Chloé and your General Memetics Team

The New Earth School

[The New Earth School](#) is a Gaian Gameworld originated by [Karen Birch](#). The School is a Bridge to Next Culture - Archiarchy. Stepping out of the unregenerative and obsolete culture of Patriarchy can be scary.

The New Earth School builds a step-by-step Path to regain [Authority](#) in Community and for your Community. You cannot walk the Bridge alone, and the Bridge is not only for you. You walk and create the Bridge for all the people around you who have been waiting for you to take the first risky step.

My - Anne-Chloé - piece of the puzzle within the New Earth School is Upgrading Human [Thoughtware](#). If you change what you *do* without changing what you *think with*, you get Modern Culture painted green.

What are the distinctions, processes and experiments you can try to actually regain Authority and [Agency](#) to source of different culture - to [Choose](#), [Create](#), [Ask Question](#), [Declare](#) new [Possibilities](#), create [Intimacy](#), build [Teams](#), source [Gaian Gameworlds](#), and deliver your [Nonmaterial Value](#).

Wouldn't that be the most exciting [game](#) on Earth to play these days? I think so. But of course, that is not a distinction, just my opinion.

If you want to do something, it does not automatically happen.

Did you ever notice that there are forces in the way?

Some of the forces that stop you are inside of you.

Some of the forces that stop you are outside of you.

Rather than fighting against your internal and external blocks, a nonlinear gameplan is possible: become a catalyst of potential, a shift agent, a facilitator of evolution.

Then the forces which once stopped you become stepping stones along your path. You accomplish what you set out to do through building skills at causing valuable new things to come to life.

There is a difference between applying brute force to make something happen and applying a vacuum caused by an open door.

This worktalk will give you the impulse to discover creation sources that modern culture knows nothing about.

All questions are welcome.

We will be sharing some of the most recently discovered tools and processes of Possibility Management.

WHEN: Wednesday April 3 @8-9.30pm CET / Thursday April 4 @7-8.30am NZT.
