

Delivering Tomorrow's Payment Experience

A line of modern, stylish secure
payment tablets for innovative
Merchant Acquirers

ANDROID SMARTPOS TABLETS

PAXSTORE

All the benefits of cool smartphones plus secure payment solutions

We're accustomed to the best user experience with our mobile phones. Sleek design, intuitive interface, convenience and portability. So when it comes to processing payments, why subject customers and staff to old fashioned, outdated point of sale terminals?

This is why PAX developed the stylish A-series family of beautiful, truly portable Android payment terminals, with the latest generation hardware, including lightening fast processors and state of the art components.

Seamless Checkout

Customers want payment to be fast, so easy to buy that they don't even think about it. A slow checkout experience, or worse, one that ends with a declined payment, is frustrating for Shopper & Merchant alike. The A-series is everything an Acquirer needs.

Smarter Business

A-series terminals don't just look like high-end smartphones. The Android platform offers a whole new world of marketing & analytics apps to improve your marketing strategy and get clearer metrics on your instore conversions.

Flexible & Scalable

Add features as business grows! Capture & analyze consumer behavior to create engaging & relevant offers. And with the A-series' excellent connectivity options, you'll be able to process data wirelessly, fast and securely through 4G, WiFi and Bluetooth.

A910

The ESSENTIAL SmartPOS

Built with a stunning HD 5-inch touchscreen and inbuilt 2 MP or optional 5MP camera with LED flash light technology, A910 offers the best viewing and user experience in all environments.

Supported by the PAXSTORE open software distribution platform, it opens the door to a whole new world of marketing & analytics apps that allow you to modernise your business, and turn every sale into an upsell.

Key Features:

- Android 6.0
- 4G + WiFi + Bluetooth + GPS
- Contactless + Chip & PIN + magstripe
- 5.5-inch HD IPS colour touchscreen
- 7.2V / 2600mAh li-ion battery
- 2MP and optional 5MP rear camera
- Inbuilt printer
- PCI PTS 5.x

A920

The BEAUTIFUL SmartPOS

The revolutionary terminal that started it all. A strikingly beautiful and ergonomically designed terminal, our flagship A920 brings elegance and style to each paying customer.

The A920 combines the full features of an Android tablet with a powerful POS payment terminal, all in a sleek and compact design. Behind the large HD display, lies a thermal printer and high capacity battery for continuous operations throughout the day.

Key Features:

- Android 7.1
- 4G + WiFi + Bluetooth + GPS
- Contactless + Chip & PIN + magstripe
- 5-inch HD IPS color touch screen
- 3,7V / 5250 mAh Li-ion battery, with optional wireless charger
- 0.3MP front camera + 5MP rear camera
- Inbuilt printer
- PCI PTS 5.x, ATEX, Common.SECC certified

A930

The POWERFUL SmartPOS

The most powerful terminal in the A-series. PAX A930 makes full use of Android 7.1 and a Qualcomm Snapdragon high-speed processor to deliver an unprecedented transactional experience.

Customers love the large, bright 5.5-inch HD IPS touchscreen, designed to deliver a crystal clear view of operations in all types of environments.

Key Features:

- Android 7.1
- 4G + WiFi + Bluetooth +GPS
- Contactless + Chip & PIN + magstripe
- 5.5-inch HD IPS colour touchscreen
- 7.2V / 2600mAh li-ion battery
- 0.3MP front camera + 5MP rear camera
- Inbuilt printer
- PCI PTS 5.x

A50

The SLIM MiniPOS

Weighing only 163g and 12mm thick, the A50 is the lightest, slimmest Android device in the PAX A-series family of mobile SmartPOS terminals.

Designed to reduce environmental footprint as well as stationary costs, the A50 does not come with an inbuilt printer, but can send receipts via email, message or be paired up a printer via the Bluetooth connectivity.

Key Features:

- Android 8.1
- 4G + WiFi + Bluetooth + GPS
- Contactless + Chip & PIN
- 4.5-inch HD IPS colour display
- 3.7V / 2500 mAh lithium battery
- 2MP fixed focus rear camera (optional 5MP)
- Optional front 0.3MP camera
- PCI PTS 5.x

A77

The REVOLUTIONARY MiniPOS

PAX A77 is a next generation Smart handheld MiniPOS specially designed for businesses looking for secure payment acceptance and professional barcode scanning in a single smartphone-like device.

With dual cameras, infrared retail scanner, and the many payment acceptance options, the A77 is able to instantly read barcodes and QR codes, process payments on the spot, anytime & anywhere.

Key Features:

- Android 8.1
- 4G + WiFi + Bluetooth + GPS
- Contactless + Chip & PIN + magstripe
- 5.5-Inch IPS HD color touchscreen
- 3.7V / 3000mAh Rechargeable Li-ion Battery
- 2MP front camera + 5MP rear camera
- Optional Infrared Professional Scanner
- USB Type-C Charging Port
- PCI PTS 5.x

A60

The HYBRID MiniPOS

Weighing only 300g, the A60 offers all the advantages of the A-series in a featherweight, elegant design. It is paperless, helping reduce your environmental footprint as well as stationery costs.

While compact and portable, you can optionally pair up to seven A60 terminals simultaneously with the BP60A docking station for printing, charging and additional peripherals connectivity.

Key Features:

- Android 6.0
- 4G + WiFi + Bluetooth + GPS
- Contactless + Chip & PIN + magstripe
- 5-inch HD IPS color touchscreen
- 3,6V / 3350mAh Li-ion battery
- 5MP rear camera and optional 0.3MP front camera
- Optional docking station with printing and charging
- Optional fingerprint module
- PCI PTS 5.x

A80

The SIMPLE Countertop

PAX's A80 terminal, the most cost effective in the A-series, is versatile enough to work as a countertop or indoor portable device (given the optional backup battery).

Leverage a world of Android based apps to get more for your business, and always run at peak performance. Full connectivity means the A80 is a solid workhorse that will process payments safely and fast, even during the busiest hours.

Key Features:

- Android 6.0
- 4G/3G + WiFi + Bluetooth
- Contactless + Chip & PIN + magstripe
- 4-inch HD IPS colour touch screen
- Optional 7.4V / 720mAh Rechargeable Li-ion Battery
- Optional 0.3MP front camera
- Inbuilt printer
- PCI PTS 5.x

Aries6

The DYNAMIC Multilane

PAX Aries6 SmartTablet is a true multi-function, Android tablet-based solution perfect for the high-volume retail market. The product can be used for SmartPOI (Point-of-Interaction) payment and/or SmartPOS (Point-of-Sale) Electronic Cash Register (ECR) operations.

Aries6 hardware includes many advanced features including a high resolution touch screen, camera, hybrid card reader, and contactless.

Key Features:

- Android 7.1
- WiFi + Bluetooth + Ethernet + optional 4G
- Power-over-Ethernet (POE)
- Contactless + Chip & PIN + magstripe
- 6-inch HD IPS touchscreen
- 2MP front camera with flash
- Optional pistol grip handle and swivel stand
- PCI PTS 5.x

Aries8

The AMAZING Multilane

Just like the Aries6, the Aries8 SmartTablet is a multi-function, Android tabletbased solution. The true flexibility of the Aries8 is the design that allows it to be removed from its' stand and attach to an integrated pistol grip handle option that transforms the product for Mobile, in-store applications such as Product Ordering, Inventory, Registry, Line-Busting (Mobile POS).

Key Features:

- Android 7.1
- WiFi + Bluetooth + 4G
- Contacless + Chip & PIN + magstripe
- 8-inch HD IPS colour touch screen
- Rechargeable 3.6V / 3800 mAH battery
- 8MP front camera with flash
- Professional scanner with LED light
- Finger-print authentication
- Optional pistol grip handle and swivel stand
- PCI PTS 5.x
