Only long-hetailed Duck and Haader) Nov. From 7 to 15 January 2019, but no more than 4 Scots in total, 4 long-tailed ducks or 4 eider Sea ducks outside the special season Equal to ducks by zone Count towards 6 duck bag boundaries Canadian geese (Special winter season zones) — Singly or total include Cackling and White-fronted Goose Jan. 27-15 5, Swans harlequin duck, king rail, sandhill crane and mourning Ride Closed No Season Residents must have the following licenses: Harvest Information Program registration Fishing, Hunting, and Furbearer Certificate Small Game License (Not required for residents under 16) and General Game and Habitat License Combined license (includes small game, general game and habitat, fur farmer and fishing permits) Federal migratory bird stamp (duck stamp) - required of all hunters 16 and older. Taxable persons must hold the following licences: Harvest Information Program registration Non-domestic fishing, hunting, fur farming certificate General game and habitat licence Federal removal permit stigma (duck stamp) - required of all hunters who are 16 years old and older. A non-resident taxpayer's waterfowl licence - there are two types of available: a statewide license that is good for two 7-day periods or one 14-day period, or a zone-limited licence that requires a non-resident taxpayer to choose hunting grounds (see **Non-resident waterfowl hunting grounds) subject to the following restrictions: A non-resident taxpayer shall choose Zone 1 or Zone 2 for one seven-day period and Zone 3 for another seven-day period , or Zone 3 for a full 14 days or two seven-day periods, or zones 1 and 3 simultaneously for the same seven-day period or zones 2 and 3 simultaneously for the same seven-day period. This option effectively reduces the license to just seven days, since two 7-day cycles run simultaneously. Non-resident juvenile hunting permits - A taxpayer under the age of 16 only needs to purchase a North Dakota resident's certificate of fishing, hunting and fur farming, as well as a general game and habitat permit living in North Dakota for the hunting of small game and waterfowl, excluding swans and wild turkeys; provided that the state of residence of the taxable person or the province or territory of Canada offers a reciprocal licensing agreement to residents of North Dakota who are also under the age of 16. (Currently, the Länder AL, AR, CO, CT, ID, KY, LA, MI, MN, MO, MS, NE, NJ, NY, OH, SC, TN, TX, WA and WI meet the requirements.) In order not to reach the age of 16 before 1 September 2019 for which the permit is granted, a taxable young person must have a certificate of completion of the certified hunter training course. A taxable young person may hunt only under the supervision of an adult family member or legal guardian authorised to hunt small game or waterfowl in that State and subject to the same provisions as the adult family member or legal guardian concerned. Young people in countries that are not entitled to reciprocity must obtain the required residence permits for adults. Residence Eligibility Domestic prices Non-domestic prices The rules must have a migratory bird permit (no cost) and a hunting permit for hunting all the species listed above, except crows. Shooting times: Half an hour before sunrise until sunset, unless otherwise stated, taking or attempting Harlequin ducks, leek and purple gallinules is prohibited. (W) - Must have a $5 Florida waterfowl permit and a $27.50 federal duck stamp in addition to a hunting permit and migratory bird permit for waterfowl hunting. * Shooting lessons are half an hour before sunrise half an hour after sunset. No hunting permit or permit is required. Only during blue-green and wood duck - 6 (of which only 2 can be tree ducks) Only blue-green - 6, General Duck - 6, including up to 2 mallard ducks (of which only 1 can be female), 4 Scots, 4 eiders, 4 long-heeled ducks, 3 wood ducks, 2 redheads, 2 black ducks, 2 clothbacks, 1 surface, 1 speckled duck (Florida duck) and 1 fulvous whistling duck. 1 scaup from Nov. November. and 12.12.-11.1.2019 at 12-31. All other species of ducks can be taken up to the daily limit of 6 ducks. Young people aged just 15 and under are allowed to hunt ducks, light geese, Canadian geese, mergansers, coots and common gallinules (moorhens), while supervision is supervised by a non-hunting adult aged 18 or over. The bag and possession limits for each species are listed in the table above. Only veterans or members of the Armed Forces, including members of the National Guard and Reserve, are allowed to hunt ducks, light geese, Canadian geese, mergansers, coots and common gallinules (moorhens). The bag and possession limits for each species are listed in the table above. Limited hunting days: In Leon County and Lake Miccosukee, waterfowl hunting is only allowed on Wednesdays, Saturdays and Sundays during the regular duck season (21.-29.11. and 12.12.–31.11.) and from 26 November to 27 December, 25 December 2019 and 18 December. However, Lake Talquin and the River Ochlockonee are open for hunting every day during the regular duck season. In open seasons, hunting ducks, geese and beaks are only allowed on Wednesdays, Saturdays and Sundays in gulf state waters in Hernando County, north of Raccoon Point, and east of Saddle Key, as designated by posted signs. Special provisions for Leon County and Lake Miccosukee: Boat engine restrictions - During the regular duck season (21-29 December and 12 December to 31 December), the use of internal combustion engines is prohibited in Lake Iamonia (except with the permission of the Director General) and Carr Lake. The use of internal combustion engines of more than 10 horsepower on Lake Miccosukee is also prohibited these days. However, internal combustion engines and airboats can be used in these lakes during the autumn duck season and on the waterfowl days of young people and veterans/army. Duck blinds - It is illegal to hunt 100 feet from a permanent duck blind on Lake Miccosukee and lake Iamonia, Jackson and Carr. Temporary duck blinds, including those made of vegetation, which are removed at the end of each hunt, are allowed. Daily bag boundary: The maximum number of game birds to be changed for one species or a combination of species (aggregate) which may be taken by one person on a single day during the free season in any specific geographical area subject to a daily bag limit. Holding restriction: The maximum number of game birds or combinations of species moving an individual species which may be held by one person when it is lawfully taken in the United States in a specific geographical area subject to a holding restriction. Personal residence: The main or ordinary place of residence or residence, such as: temporary or temporary residence, such as a hunting club, or a clubhouse, cottage, tent or caravan used as a hunting club or any hotel, motel or roomhouse used during a hunting, pleasure or business trip. Labelling requirement: No one may place or leave migratory birds in any place (other than personal residence) or in the custody of another person for picking, cleaning, handling, transport, transport or storage (including temporary storage) or for the provision of zookeeper services, unless such birds are accompanied by a mark signed by the hunter indicating his address. , the total number of birds and species, as well as the date of harvesting of the birds. Migratory birds transported as personal luggage of a person in possession of any vehicle shall not be kept in storage or in temporary storage. Custody of birds of another person: No one may receive or detain migratory birds belonging to another person unless these birds are properly marked. Transport of birds of another person: No one may transport migratory birds belonging to another person unless these birds are properly marked. Waste from migratory game bird: No one may kill or cripple any migratory bird without a reasonable effort to retrieve the bird and keep it in its actual custody in the place where it was taken, or between it, and either (a) a car or the main means of land transport; or (b) personal residence or temporary or temporary accommodation; or (c) a breeding establishment for migratory birds; or (d) the city; or (e) a common carrier institution. Illegal means and methods Persons shall not take migratory birds: with a trap, a snan, a net, a rifle, a pistol, a sn turn gun, a shotgun of more than 10 caliber, with a punt gun, battery gun, machine gun, fish hook, poison, drug, explosive or stopper with more than three cartridges according to any description, unless connected to a single-part filler that cannot be removed without removing the weapon , so its total capacity does not exceed three shells from the sink or other low floating device , which has a deflected state which gives the hunter a means of concealing water below the surface from any motor vehicle, from or by means of a powered land transport or aircraft , with the exception that paralysing persons and persons who lack one or both legs may take any stationary motor vehicle or fixed power-based land transport from a motorboat or other motor vehicle or other motor vehicle with the engine attached or by sailboat, unless: is completely closed and/or the sails are covered and its prog ress there has ceased to be used or helped by live birds as decoys; Whereas, although this paragraph is not limited, it is contrary to this paragraph for any person to take migratory waterfowl in the area; domestic or captive live ducks or geese, unless such birds exist and have been present for 10 consecutive days prior to their inclusion, confined to a enclosure which significantly reduces the coverage of their calls and completely obscures such birds from the sight of wild migratory waterfowl by using or assisting recorded or electrically confirmed bird calls or sounds, or by recording or imitating bird calls or sounds. This restriction shall not apply to dates chosen by states under the Protection Order for light geese (i.e. larger and less snow and Ross geese) or for those selected in Canada for the control of urban geese. It is prohibited to take or attempt any type of game with game calls or sounds recorded in Florida (6 8A-12.0 02). powered land, water or air conveyor or any sailboat, used for centralisation or as a result, the driving, assembly or mixing of migratory birds by bait or bait area or on top of it, if a person knows or reasonably knows that the area is or has been fed Non-toxic shot No one may take ducks, geese or beaks in possession (either mortars or loose images for muzzle) non-approved non-toxic shots.
