Toiminnot Ilmoita asiattomasta viestistä Hidden Valley Road Don and Mimi Galvin seemed to be living the American dream. After World War II, Don's work with the Air Force brought them to Colorado, where their twelve children perfectly bridged the baby boom: the oldest born in 1945, the youngest in 1965.Näytä kokonaan... In those years, there was an established scenario for families like the Galvins - aspirations, hard work, upward mobility, domestic harmony - and they worked hard to play their part. But behind the scenes there was another story: psychological breakdown, sudden shocking violence, hidden abuse. In the mid-1970s, six out of ten of Galvin's boys, one by one, were diagnosed as schizophrenic. How could all this happen to one family? What happened inside the house on Hidden Valley Road was so extraordinary that the Galvins became one of the first families to be studied by the National Institutes of Mental Health. Their story offers a shadowy history of the science of schizophrenia, from the era of institutionalization, lobotomy and schizophrenic mothers to the search for genetic markers of the disease, always in the midst of deep disagreements about the nature of the disease itself. And without the Galvins' knowledge, samples of their DNA informed decades of genetic research that continues today, offering pathways to treatment, prediction, and even eradication of the disease for future generations. 1.1K . Toiminnot Ilmoita asiattomasta viestistä Disappearing Half This is definitely one of the best and boldest of 2020. . . Bennett's next masterpiece is a triumph of a character-based story. – ElleFrom The New York Times-bestseller The Mothers, a stunning new novel about twins, inseparable as children who eventually choose to live in two very different worlds, one black and one white. Näytä kokonaan... The Vignes twins will always be identical. But after growing up together in a small, southern black community and running away at the age of sixteen, it's not just the shape of their daily lives that's different as adults, it's all: their families, their communities, their racial identities. Years later, a sister and her black daughter live in the same southern town where she once tried to escape. The other secretly passes to white, and her white husband knows nothing about her past. Yet, even separated by so many miles and as many lies, the fates of the twins remain intertwined. What happens to the next generation when their daughters' story is told? Weaving together multiple strands and generations of this family, from the Deep South California, from the 1950s to the 1990s, Brit Bennett produces a story that is suddenly a riveting, emotional family story and a brilliant exploration of American history around. Looking far beyond the issues of race, the Disappearing Half considers the lasting influence of the past because it shapes a person's decisions, desires and expectations, and explores some of the many reasons and spheres in which people sometimes feel pulled out to live as something other than their origin. The Mothers It's the last season of high school life for Nadia Turner, a rebellious, saddened, 17-year-old beauty. He mourns the recent suicide of his own mother and begins with the son of a local pastor. Luke Sheppard is twenty-one, a former football star whose injury reduced him to diner tables. They are young; It's not serious. But the pregnancy that follows from this teen romance-and subsequent cover-up will have an impact that goes far beyond their youth. As Nadia hides her secret from everyone, including Aubrey, her God-fearing best friend, the years are moving fast. Soon, Nadia, Luke, and Aubrey are full-fledged adults and still live in debt to the decisions they made that one seaside summer, caught in a love triangle they must carefully maneuver, and dogged by a constant, annoying question: What if they chose otherwise? The possibilities of a journey that are not accepted are a relentless specter. In a engrossing, lyrical praide, Mothers wonder if what if it could be stronger than the experience itself. If, as time goes by, we must always live in serson to the choices of our younger self, to the communities that have been up to us, and to the choices we make that shape our lives forever. 2K . Toiminnot Ilmoita asiattomasta viestistä Vincent is a lovely bartender at hotel Caiette, a five-star glass and cedar palace on the northernmost tip of Vancouver Island. New York financier Jonathan Alkaitis owns the hotel. When he reschedukes vincent his card, it's the beginning of their life together. On the same day, a hooded figure swam on the window wall of the hotel with the message: 'Why don't you swallow broken glass.' Leon Prevant, head of the Neptune-Avramidis shipping company, sees a message from the hotel bar and is shaken to the core. Thirteen years later, Vincent mysteriously disappears from the deck of the Neptune-Avramidis. Emily St. John Mandel's The Glass Hotel combines the lives of these characters and moves between the ships, skyscrapers of Manhattan and the wilderness of remote British Columbia, painting a breathtaking picture of the greed and guilt, fantasy and deception, art and spirits of our past. 1.1K . Toiminnot Ilmoita asiattomasta viestistä Fever Crumb Fever Crumb is a girl who was adopted and raised by Dr. Crumb, a member of the Order of Engineers, where she serves as At a time and place where women are not considered reasonable beings, fever is an anomaly, the only woman to serve in order. Näytä kokonaan... Soon, however, he must say goodbye to Dr. Crumb - almost the only person she's ever known - to help archaeologist Kit Solent in a top-secret project. As her work begins, Fever is plagued by memories that are not her own and Kit seems to have a particular interest in finding out what they are. The fever was also chosen by the inhabitants of the city who claim its part of Scriven.The Scriveners, not the man, ruled the city a few years ago, but were hunted and killed in a victorious uprising by the people. If there's still scriven left, they'll have to be eliminated. Fever only knows what she's been told: that she's an orphan. Is Scriven Fever? Whose memories does he have? There's a fever mystery, dr. Drumba, the key to the mystery that lies in the heart of London? Haunting, arresting, and surprisingly original, Fever Crumb will delight and surprise readers on every fast-paced, breathless turn. Web Of Air Two years ago, Fever Crumb escaped from the war-torn city of London in a nomadic theatre. Now he arrives in the extraordinary crater town of Mayda, where buildings climb cliffs on line tracks and a mysterious loner builds a machine that can fly. Fever is the engineer he needs - but ruthless enemies will kill to keep their secrets. This is the wonderful sixth book in mortal engines, by the brilliant and award-winning Philip Reeve. Scrivener's Moon In a future country once known as Britain, nomadic tribes are preparing to fight a terrifying enemy - the first ever mobile city. Before London starts, the young engineer Fever Crumb must head to the wastelands of the north. He's looking for the ancient birthplace of Scriven's mutants. 7.5 K . Toiminnot Ilmoita asiattomasta viestistä Mortal Engines Quartet book seriesThe great traction city of London creeps in the hills to avoid bigger, faster and hungish cities freely at the Great Hunting Ground. But now Mayor Mangus Crome's sinister plans may finally unfold. Näytä kokonaan... Thaddeus Valentine, London's chief historian and adored famous archaeologist, and his beautiful daughter Katherine, are down in Gut when a young killer with a black scarf strikes his heart, saved by the quick intervention of Tom, a humble third-grade apprentice. Running after the fleeing girl, Tom suddenly sees her hideous face: scarred from forehead to jaw, nose broke stump, one eye staring at him. Look what your Valentine's Day has done to me! Screaming. Ask him! Ask him what he did to Hester Shaw! And with that, he jumps down with a garbage parachute to his death. A few minutes later Tom finds himself collapsed from the same parachute and stuck in the ground, in a sea of mud that scored huge traces of cities like the one that now evaporate over the horizon. In a stunning literary debut, Philip Reeve created a painfully dangerous unforgettable adventure story of surprise, set in a dark and utterly original world fueled by communal Darwinism - and betrayal. 10K Seinällä ei ole yhtään viestiä.
