PREMIERE SERVICES

WORKFORCE DEVELOPMENT FOUNDATION

Ngozi began her career in nonprofit workforce development, leading four successful programs serving women transitioning from welfare to work, opportunity youth, formerly incarcerated individuals, and dislocated workers. Her work spanned workforce readiness, recruitment, onboarding, retention, employer engagement, professional development, and program operations, with reported outcomes of 98%-100% in employment placement, retention, and post-secondary advancement.

THE EVOLUTION OF THE WORK

That experience revealed a principle that continues to shape her work: opportunity alone is not enough. People also need the mindset, communication, confidence, discipline, and adaptability to sustain success. In 2018, she established Premiere Services LLC to expand her workforce transformation and business consulting work. In 2022, she launched Ngozi Global to extend that mission internationally and deepen her focus on corporations, women entrepreneurs, leaders, and emerging talent.

“Train the Brain. Transform the Mindset. Lead the Future.”
