wz or .wz2 servers, please read this page to avoid being redirected to a wrong, outdated server. + We have listed servers for Counter-Strike 1.6 version. While a.wz file is used, the server version is Counter-Strike 1.6, which means it should be automatically taken care of if you are using a modern browser (Internet Explorer 5.5 and up, Firefox 2.0 and up, Safari 3.0 and up, Opera 9.5 and up). If you are using a browser older than these, you should contact the server administrator and ask him to update the.wz file and point it to the 1.6 version. We make sure that all servers are up-to-date. If you happen to see a server that is not, contact the owner and tell him to make sure that his server is up-to-date. - == [[List of old Counter-Strike 1.6 servers]] == {{CS1.6\_servers.html}} Counter-Strike 1.6 is a very popular game, and because of that we got many, many Counter-Strike 1.6 servers, many of them are now outdated, and some of them do not work correctly anymore.
