

Educator Profile:

Andrea Carrington,
Motueka

Hi, my name is Andrea, and I have worked for 25 years as a home educator. I am 52 years old and can see myself continuing to work in this field until retirement. Before I started working in home-based care, I had a background in working in and managing in a childcare centre for almost 10 years, with a bit of travelling overseas in between.

My passion is in home-based care. I see, every day, the benefits for the children and their parents, and love the close bonds that develop - between the children, their families and me. Many of the children I have cared for and their families have become close friends.

About my home, environment and community

I live in central Motueka, where I have a 3-bedroom home and a great, fully fenced backyard set up for the children. We do lots of outside play, and I have a plentiful supply of equipment which I have gathered over 25 years, which gets rotated. One of my strengths is artwork, and I enjoy extending and challenging the children beyond the normal painting etc. We attend playgroups, library visits and other special outings.

Please give me a call on 027 318 3558.
