

Educator Profile:

Annie Cox,
Stoke

Hello my name is Annie Cox.

I live in a fun filled and exciting home with my husband Simon, my daughter Tanysha, who is Mum to our lovely Granddaughter Thea (5 years old).

We live in Stoke, where there are wonderful opportunities for walks close by to the estuary, playgrounds to play at and a great Cycle way where kids can ride their bikes and scooters very safely. I am passionate about Early Childhood Education and I offer Home based Education where children can grow in an environment where they can discover new things, make friendships and feel supported as they become independent in new skills.

I have a calm and professional manner and offer young people the opportunity to be themselves as they develop through play, music, outdoor activities, play group outings books, puzzles, toys, singing and interaction with others, in their growing years.

I am delighted to be a part of Village Kids, with Kirstie Van Houtte and the team of other great educators who believe that it takes a Village to raise a child. I am currently studying towards my certificate for Early Childhood Education Level 4.

I provide a Home away from Home environment and I would love to meet you and your family, give me a call or Text on 027 230 1021. I would be delighted to show you around as 'you consider our place, to be your place '
