THE TRUCOMPLETENESS COURSE

EPISODE ONE

The TruCompleteness Course is The Best Reference Material on the earth. It would seem that this is an egotistical statement, and it would be if all I am presenting is some form of business and Marketing Ploy, but once you test and develop the patience and understanding of this TruCourse, and especially with The RealGuidance and RealEducation from Rebazar Tarzs and The RealGuides, you will soon begin to have RealExperiences with The RealU, Your RealAwareness. You can contact me anytime, first through email, and then if you want to have a phone conversation, I am always here for you. From the body position of the earth in the PsycRealms, The NUPresentation is a Real Educational Opportunity. It is established here for those who are looking, first off, to find some answers referring to The Whole of Life. Realistically, questions and answers can only be what they are, a very limited 'Reference' to The TruReality LifeIS. The political, religious and spiritual establishments do have their place, and for the most part in the PsycRealms only, as they deal with 'authorities, gods, saviors' and established 'Places in Life,' such as their 'Designated Heavens.' All of this is fine, and is a part of what all of us go through until we are ready to enter The Real UNUverses of THE ALLIS. Not everyone at this time will be interested in The NUPresentation, as they still have a lot more schooling in the physical realm to go through. It is best that you, as The NUStudent, simply take your time and learn to be very patient as the process of you Becoming MoreAware begins to reveal itself. By taking The TruCompleteness Course and practicing The NU-U Sessions, along with reading 'The AdventurIS Series,' and especially paying attention to Your DreamVisions at night, you will begin to experience what The NUNownness with The RealGuides IS.

Rebazar Tarzs and Paul Twitchell, set the pace for The NUNownness many years and lifetimes ago, so that you and others would have this SuperKnowledge Now. It really does take a lot of experience and time to come to a point of a good understanding of what The RealGuides are presenting as, 'A Journey to RealFreedom.' It is true

that circumstances and situations have moved around a lot since Paul Twitchell was given THE ROD OF POWER, which IS Now, 'THE NUWAVIS THE REAL ROD OF PURITY' from Rebazar Tarzs, The TruReality, THE ALLIS, cannot be contained with what we decide or try and figure out from a 'Literal Mind', as those who have tried to in many different ways with their 'Gods of Man.' There is always something for everyone to experience with what they want on the earth and the various Heavens of Man and The Real UNUverses. So, because Life IS bigger than we can ever imagine or fully contain, there is always an endless amount of experience we will continue to have and Recognize, and the best part is, is to be able to Recognize What IS Real from what is not. As we have all gone through seemingly countless lifetimes to get to Right Now, which it can only Be Now that this opportunity exists, we have been seeking to sort out what we are constantly going through and trying in some way to understand it all. As you wholeheartedly study and practice what I am presenting, you will come to a much greater awareness, and eventually be able to PerSeeve The TruReality Life IS. No amount of old documentation, rituals, initiations, blessing and so on, will get you what RealGuidance and a RealEducation with The RealGuides will.

Welcome, you are The NUStudent. My name is Duane, and I have fun being, Duane The Great Writer, while I am still on the earth. This is where you begin your NUJourney into The Real Universes of The SoundLight Reality, and far beyond all that has been created and known in the Formulated Worlds of time and space. You have Now stepped beyond the line, so to speak, and decided to take a risk to See what else Life has for you. THE NUMAN, who is THE NUWAVE, along with Rebazar Tarzs and The RealGuides, will begin your NUTraining, starting in Your DreamVisions. It does not matter what a person has come from or been through, as each moment with The TruReality IS Always Now, and you and I are AlwaysNU. All that has been presented in the past was for those times and has led you to this very Nowness. This is one of the most important parts about The TruReality, and that is, IT IS Always Now and has nothing to do with all the outdated systems of the hazy and misty past. I am sure you

have read these words before, but it is not altogether the words on this page that have the most importance, because all they can be is a 'Reference.' The Recognized Presence of THE ALLIS with you is the most important. With RealGuidance you learn to Recognize and PerSeeve THE IS, because you have stepped forward and taken a risk. We are now going to teach you how to become a Real RiskTaker, and if you have The RealCourage to do so, soon step into Being a NULeader of RealLight. This then for you, as you Become MoreAware, becomes an 'Adventure Like No Other.'

As time goes on, you will begin to Become MoreAware, as this is The RealGift Life and The RealGuides will constantly bring you. Never think you are out of their sight, because they take care of their own, which is now you, The NUStudent. The RealGuides, are far above the PsycRealms and The GovernorGods of the Astral and Mental Worlds, as they have full control over any situation which can arise. Rebazar and The Boys, will now put you through The TruCourse, which can take the rest of your life and beyond, it is all up to you and how you apply yourself. While we have a body here we still have to deal with this world and the many affects that take place, but The RealGift is with Your RealAwareness and Becoming MoreAware. Eventually, you will know how to center yourself in The RealLight all the time and be The TruBeing you have always wanted to be. Always look to The RealSide of Life, where The RealGuides stand and wait for you to meet with them as you do The NU-U Sessions everyday.

I would suggest reading The NUBooks many times, and then start your own AdventurIS Series, with what you are learning and PerSeeing. The best part of what I am presenting is that it is no longer a regimented program, but a RealAdventure where you take part with everything you do in your life, and possibly even work with Duane, as he creates all the various fun positions to learn from with The NUPresentation. Again, it is not necessarily the words and the length of this episode, but the very fact you stepped forward and took the risk. Given time, you will see the difference with what The RealGuides will provide for you.

Many years ago, most people sat around in classes and also meditated a lot, but today the average person is more active all the time and so are The RealGuides, as they are always looking for people who will develop their creative nature and work with what is taking place on this world today. The old ideas of how one should accomplish RealFreedom no longer work the same, as the Invented Systems do not want people to have any RealFreedom at all. Thousands of years ago the idea was to look for the Savior or the Deliverer, but these are mainly good sounding stories that have stuck in the human awareness for the longest time. Those Saviors and Saints who have been here before will not be returning to save people from themselves, because just like Noah building his boat for many to come aboard, most people are happy to stay with their personal earthly drama and deal with it. No one will be dragged along against their will from this place, as many people already like the dirt they stand on. The main ingredient with The TruCompleteness Course will always be, The RealGuidance Now and The NU-U Sessions, because The NUSound and the participation with it provides The Real Connection to THE ALLIS. As time goes on and you develop your RealCourage, you will want to do as I am doing, and that is begin writing about your Real Experiences and your recognition of what The RealGuides are providing for you, then eventually go out into the public and provide a RealService.

An idea for you to better understand yourself and what is taking place with your RealAwareness, is to write down your DreamVisions, those that seem to have a meaning for you, and also Your Daily Perceptiveness of what you are learning to See. From time to time. please email me an experience that you may want to discuss. I am looking to work with those who are interested in RealFreedom, as this is the position I have chosen to work from. There are many areas of professionalism upon the earth, but they do not imply or know anything about The Real Task of obtaining RealFreedom.

THE ALLIS, can only be Right Now, and IT IS AlwaysNU. As you learn to focus upon BeingReal, which is The RealU, a Magnificent

Being of Light, you will eventually come in touch with the fine and simple nature of yourself and all the wonder that it is. This is all up to you as you have considered yourself to be human only for far too long. So, Now it is time to Get Real, and See yourself in The RealLight. I have stood in the presence of The TruReality, and for one to accomplish this is unbelievable, as it would seem this PurWonderfulness could not even exist from where we are in this material realm. Within ITS Reality, there exists an endlessness that cannot be imagined or decided, as all is taken care of and perfectly in place. Compared to this rock hard place of ever changing hassles and constant maintenance, The TruReality IS something far more than any heavenly paradise or personal comfort.

Without THE NUMAN on earth, there would be no NUWAVE. For all those on this desolate place in the darkest of realms, it is Now their good fortune to discover what has RealValue. THE NUWAVEIS what Paul Twitchell refereed to as THE ROD OF POWER. How else would you know about what you are Now reading, if it were not for the unrelenting courage of THE NUMAN, to bring this Wonderful SuperKnowledge into the public view? The REPSystems, those sly and unfaithful gathers of contrived conviction, do not want what I have to offer to be known, and so it is a dangerous position for me to provide this information. Most people do not realize that there is something worth so much more than their personal self and the life it has here. All social orders breed insecurity, even though they profess that a person will be more secure with what technology and the forces behind them can do. A lifetime is but a snap of the fingers, a wisp of an instant, a fleeting memory to once again enter this realm not knowing where you are. Would it be worth it to forget again all that is possible Now? Pay attention and you will constantly learn so much. Today, we are in the era of the forensic, and so this is how you want to be with all the details your life encounters. When you begin to catch onto to what Rebazar and Paul are teaching you, you will dive in with all your Heart and Being and never again be the same. The RealGuides are the backup to THE NUWAVIS THE NUMAN. There hast to be a person on the earth to provide The

SuperKnowledge of THE IS, or where would you be getting this Episode of The TruCourse? How many people have the experience, knowledge and most of all The RealCourage, to let this violent world know what is really taking place, and that there Really IS Something Wonderful, beyond all the Marketing Ploy of the Controlling Systems? You are so lucky to know, The NUPresentation IS Real Now!

You are Now about to climb The Mountain of THE ALLIS. At times you will see it, as it might be a slight image that passes in front of you very quickly, as if to be illusive. It is always there, right in front of you, but it will take you a while to See it for What IT IS. Life ITSELF IS, The Greatest Adventure of ALL, and whatever the scientific community dreams up from their very elementary minds is nothing to really consider, unless of course it is a better way to make a living here, but that will also fail too. Because, when it comes to Seeing and PerSeeing The Whole of Life, they will never come close to understanding the smallest of RealTruths Now. What I am presenting is never a put-down, but a Real Comparison with THE ALLIS, and to take a closer look at something that seems to be so authentic on the surface from the REPSystems, but when properly dissected, reveals that it is but another formula is be controlled and supported by others.

The potential for an ALLAwareness is now possible, but just like searching for hidden treasure, it has its dangers, because there are always others who want it also, and who do not have a Real TruHeart. The three lower levels are in a constant change with all the experience that is taking place. Those who heed The RealGuidance, will Become MoreAware with The RealGuides and continually Become MoreAware with THE ALLIS, while those who have chosen their earthly kingdom will soon perish to be reborn to another unconscious life. In this world of fabricated wonder, I am also a businessman of sorts, as I really do like the challenge and adventure of putting my ALLHumanitarian Projects together. It has taken me a lot of years, which seems like lifetimes within this life, to get to where I want to be with a position of being able to reach this entire world. The

REPSystems, are continually expanding their power base to take possession of all they can. Their silliness reminds me of the movies, 'The Lord of The Rings.' If you would like a good indicator of what is and will be taking place on this planet, then you should be going to the movies on a regular basis to see what will be appearing in this dimension. On all levels, the reality of each position that exists is always facing itself. We are what we are and all that is, is what it is, as IS THE IS. Then, there is the personal view from the human mind and all the different assumptions it makes about itself and what it experiences here. There is no mistake why this world is in the sad shape it is in, and it is not from what we would term as 'nature' doing the injustice, but the little and big misconceptions which have been contrived by unaware minds who feel they really do know something. It is quite obvious that most people do not listen to any RealGuidance.

What I will be providing will be the actualities of what is taking place here, so you can maintain your sanity until you are free from this place. The idea is to simply Become MoreAware of what is taking place as you live out your life here, as we are not part of any rebellion, nor are we looking to change this world, because there are too many who want it to be like it is. Free Will, is the most precious reality each one of us have, and every person has the right to do whatever they want to. THE NUWAVE and The RealGuides are not here to 'right the wrongs,' of what is taking place, nor are we interested in any form of picketing about the religious politics and procedures of the social orders, not at all. The RealGuides, are here to find those who have The Greatest of Hearts for The RealAdventure of their life. Real Freedom is so wondrous that your imagination cannot contain it. BeingReal is the most undefinable position of all according to the invented social structures, but it is ever so possible as you learn to Dream Something Wonderful for yourself with Your RealAwareness. The earthly surroundings will always be as they will, but you will soon be off on Your Great Adventure with other Wonderful Beings of Light, who will share with you, ALL The Real Wonder Life IS. Learn to be very patient and you will begin to See a difference with The RealU, Your RealAwareness. Have Fun, and you can email me anytime.

THE NU-U SESSION

Rebazar Tarzs tells us, “ALL Life is Light, The RealLight of THE IS.” This is what we build our life and Being with, and so it only makes sense to be still and apply The Real Connection, The SoundLight Reality to you. I suggest you do The NU-U Sessions, once in the morning for about 10 to 15 minutes, then do the same at night before going to bed. Sometimes you may want to take more time with them, as they will help to adjust your attitude and offset your karmic ties and TapLines. Always pay attention to your DreamVisions, as they will show you what is taking place with your own personal journey. An example I had many years ago is where Rebazar and I were sitting at a picnic bench, and as he was sitting across from me, he suddenly brought out a large plate of spaghetti onto the table and began to eat it. Then to my surprise he ate the whole thing, except for the plate. I was very happy, as I knew he had taken all of my karma and devoured it, as white pasta is a clogger. Not everyone will have this experience, but as you earn your way, The RealGuides will assist you.

Simply take your time and sing The NU-U with harmony, like this...NUUU...U-U-U, then repeat this for as long as you want. You can creatively do variations with The NUSound to fit yourself. Learn to listen to the Sound within yourself, as it may ring in your ears at times. Look for The RealLight as you gaze out into the unknown regions and universes of your own Being. The RealGuidance will show you your individualized way to THE ALLIS. Enjoy the experience and let yourself flow with it and Have Fun. As you do The NU-U Sessions on a daily basis, you will come to Recognize a More Real and peaceful atmosphere about you. Simply live your life and go through your daily affairs and you will Become MoreAware.

THE GREAT ADVANTAGES OF BEING THE NUSTUDENT

REALGUIDANCE... with Rebazar Tarzs and The Real Universal Guides, IS The Best of ALL. With RealGuidance, you begin Your

RealEducation, as you are shown the illusions within yourself which have held you back from The RealLight, which is so different from the pretty words and the good feelings of belonging to something as many of us have in the past. You are being prepared for Real Experience.

REALEDUCATION... Until a person has had The TruSecrets of THE ALLIS, they are left to the mercy of The Gods of Man, and their Contrived Systems of Indoctrination. The standards of what is implied on the earth is for this place alone and does not exist in Reality, so it only makes senses to have a Real Education while you are here, then you will be free to pass through all the dimensions and levels to The Real Universes.

REALTRUTH... is not a written or spoken word as we have come to know with any Literal Sense, IT IS an actual position that must be PerSeevd. Each Utun must go through the process of deciding to attain a place for themselves among the endless positions and Levels of Life. In the past, it was said to be a 'Spiritual Quest,' and so it is for so many, but The NUNownness of THE ALLIS, is all about The Real RiskTaker, and The Brave and The Bold, those who will attain a RealPosition with THE NUWAVIS THE ROD OF POWER NOW. Life, always passes by that which was, as IT can only Be Now, this is a RealTruth that cannot be altered by any human thinking or determination. What is seen on the earth, are merely 'personal truths' that have been worshiped for eons as something which have nothing to do with The Real Universes and The TruReality, THE ALLIS. It is finally time for The NUPresentation of THE ALLIS. You are lucky to know!

REALFREEDOM... IS the exceptional position that is like nothing else, and cannot be determined by what a person deems of themselves, but must be first Seen and Recognized as it Truly IS, then occupied to Become So. Only The PurFreedom that each Utun seeks can be found with THE ALLIS, and nowhere else. Only The TruHearts of Honorability will stand with The RealGuides and The TruReality, THE ALLIS.

THE NU-U SESSIONS...are The Real Connection to THE ALL IS. The CalPaths of the Mind, who love to shower their followers with ancient wisdomonic sound-good ideas, like to use the sounds of AUM, OM, HARRY KRISHNA, HU and other words, which direct a person to The Two Heavens of Man and their Appointed Gods. THE NU-U, goes directly to The TruReality, THE ALLIS, and bypasses The Gods of Man. Not everyone has The RealCourage at this time to want to succeed with RealTruth and RealFreedom, so most people will stay with what they have always known. I suggest to do The NU-U Sessions at least once a day, and also pay attention to what is really taking place with this world on a daily basis.

YOUR DREAMVISIONS...will provide an endless arena of knowledge and Real Fun Experience from The Whole of Life, and The Universal Files, which you will now be able to experience as you earn your way, and prove that you can be trusted to work with The RealGuides. It is to your advantage that you test things out for yourself, and by doing The NU-U Sessions on a daily basis, you will build up your strength to handle what will be coming to you. You have been mentally and emotionally conditioned for lifetimes by The REPSystems, and this is your time to build The RealCourage to set yourself free from all their restrictions. RealFreedom has RealValue.

THE ALLIS...which you have now discovered and become aware of IS RealTruth, as IT IS Endless. There are no rules, regulations, or guidelines being applied here, because now The RealGuides have taken over your debts from The Lords of Karma, so that this can be your last lifetime in darkness, and then to eventually Live and Be in The Real Universes.

UTUN, NU...is our terminology for the old idea of 'soul,' because Now you are NU. It has been established by the Belief Systems that you 'have' a soul, and this implication has been 'devised' with the purpose for control. Then, they will try and find your soul, which is a 'shadow chase,' contrived to keep people in the dark and 'hoping' they will be saved, if they are 'good' according to The Authoritarians.

DUANEIS ALWAYS HERE FOR U

I already know I will have to constantly explain my position and why I am presenting The NUPresentation the way I do. As we look at Human History, and to Be Real with The NUNownness of THE ALLIS, I cannot go back to what was taking place as a learning process, as has the political, religious and spiritual systems of today, and how they still follow the same old 'traditional' patterns, as they worship their gods. Nor, will I conform to their ancient gaudy ritualistic ceremonies and performances they so endearing display for the public. Again, a lot of 'pretty words and speeches,' which all equal nothing. Those who are doing the pretty speeches are fooling their onlookers the most. All you have to do is ask Rebazar and Paul to show you The Real Intent of the 'popular people' of today. Of course, each person is a Being of Light, but it is all about the position they decide and how they create their reality with it along with their 'intent.' There is truly nothing wrong with anything, but there are always better ways to survive without destroying the natural environment and affecting others. And so, with all the effects that are taking place Now, it is all a Wakeup Call!

What is taking place on this planet is huge and most people will shuck it off or bury their head in the sand, but all the effects from the past are showing up. You are being prepared for this RealAdventure Like No Other and all the challenges that come with it, that is if you have The RealCourage to Become MoreAware. I already know there will be a certain number of people, just like with Paul Twitchell's membership and those who are in control of it today, who will only go so far, then bail from going all the way. Not everyone is ready at this time, and there will be a lot who will attempt to ride THE NUWAVE, but only The Brave and The Bold will stick it out. The Whole of Life IS beyond anything you can ever imagine, yet you must learn to have your own dreams of what your life will be with ALL of Life, far moreso than what your little life entails here. I am having The Adventure of My Life and YU can too when YU Take The Risk! ALLIS for YU... Have Fun!
