

NHS Dental Charges

from 1st April 2026

If you are not exempt from charges, you should pay one of the following charges for each course of treatment you receive:

Unscheduled care – £27.90

Band 1 course of treatment – £27.90

This covers an examination, diagnosis (including x-rays), advice on how to prevent future problems, a scale and polish if clinically needed, and preventative care such as the application of fluoride varnish or fissure sealant if appropriate.

Band 2 course of treatment – £76.60

This covers everything listed in Band 1 above, plus any further treatment such as fillings, root canal work or removal of teeth but not more complex items covered by Band 3.

Band 3 course of treatment – £332.10

This covers everything listed in Bands 1 and 2 above, plus crowns, dentures, bridges and other laboratory work.

You may be eligible for help with all or part of the costs of your NHS dental treatment. To see if this applies to you, see the leaflet NHS dental services in England
