What it is with my little pony Explore Equestria Crystal Empire Castle, children can embark on a royal journey to the home of Princess Cadans as she introduces her new foal to the Crystal Empire. This castle playset stands 22 inches tall and comes with Princess Cadance and Baby Flurry heart pony figures. Tap the heart to make the castle floor light up with dining sign designs. There's even a swing on the outside of the castle for the baby. Decorate the two-lock with a mirror, picture frame, baby bottle, and Flurry baby heart crib. There are also many accessories for Princess Cadans to wear, including a dress, tiaras, earrings, and a comb, and they can all be stored on the spinning shelves of the castle. And for a digital game, scan the code on Princess Cadance to unlock more fun in the My Little Pony Friendship Celebration app, which is a separate free download on iOS and Android devices. Funny? The expansion of the Ecvestria royal family is all the buzz in the My Little Pony community, and fans would love to be able to play that storyline with this cool castle.
