Emilio Sanchez Academy Barcelona

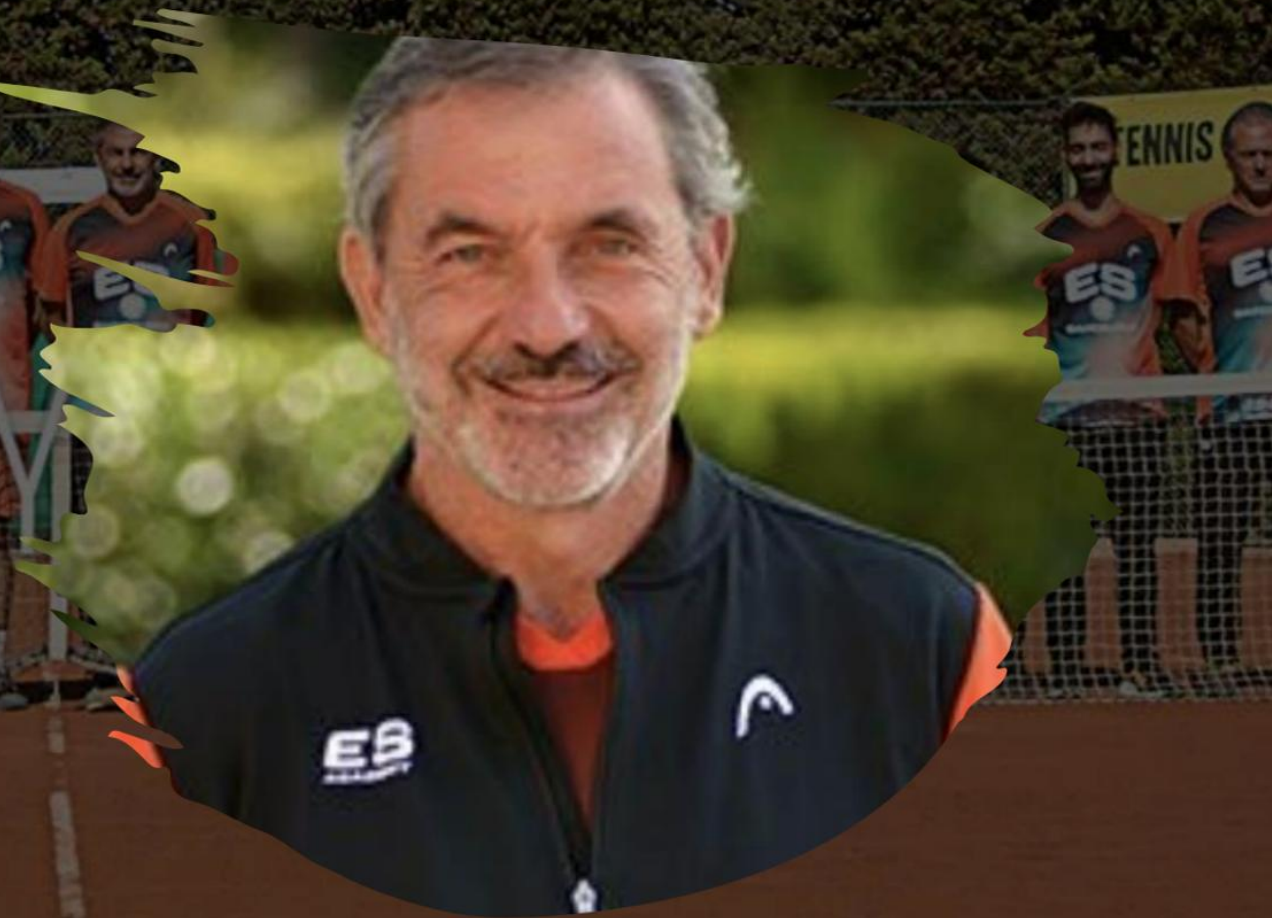

A successful model created by Emilio Sanchez Vicario and Sergio Casal in 1998. Using tennis and education within the Academia framework as the vehicle for personal development, our student athletes will continue to be good citizens of the world, long after they leave our care. The Emilio Sanchez Academy is considered as a well known reference for its unique training system established by coaches with worldwide reputation and for developing elite players such as Kuznestsova, Murray, Dimitrov, Hantuchova, Monaco, among others.

At the Emilio Sanchez Academy our Mission is creating opportunities in tennis, in education, and in life. We focus on teaching and harnessing our core values of respect, effort and discipline. We want to develop successful young people in all aspects of life, living in a family and thriving community.

Developing successful young people in all aspects of life, using tennis and education as the vehicle for personal development. Our Academy is more than a facility or regular training environment; it is a family and thriving community. For our students and staff it is their home away from home

Emilio Sanchez Vicario

- Our academy graduates go to Harvard, they go to Duke, they go to Columbia... but they also go to Wimbledon

5/4-6

Testimonies

- Children have the opportunity to play not only with Japanese kids from different regions but also with players from Hong Kong and Thailand. My child even asked me how to say certain words in English.
- This was my child's first time participating in the national championship. Although he was nervous, he really enjoyed the experience. It was a valuable opportunity for him.
- Thank you to the new friends from other regions and countries. We thoroughly enjoyed this three-day event. Tennis is a wonderful way to make many new friends.
- The beautiful grass courts were amazing. Thanks to everyone who organized the event, as well as to the other parents and players who played with my son.
