

Code your own choreography!

Use the block paper to code a choreography for your adult, Otto and you to dance together!

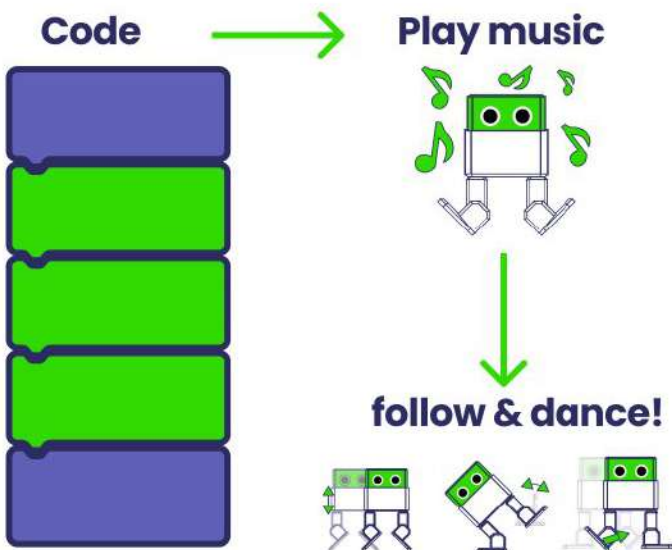

You can use this template to code

Just put the blocks of your choice over the dotted lines shapes in any order.

How to start to code your dance?

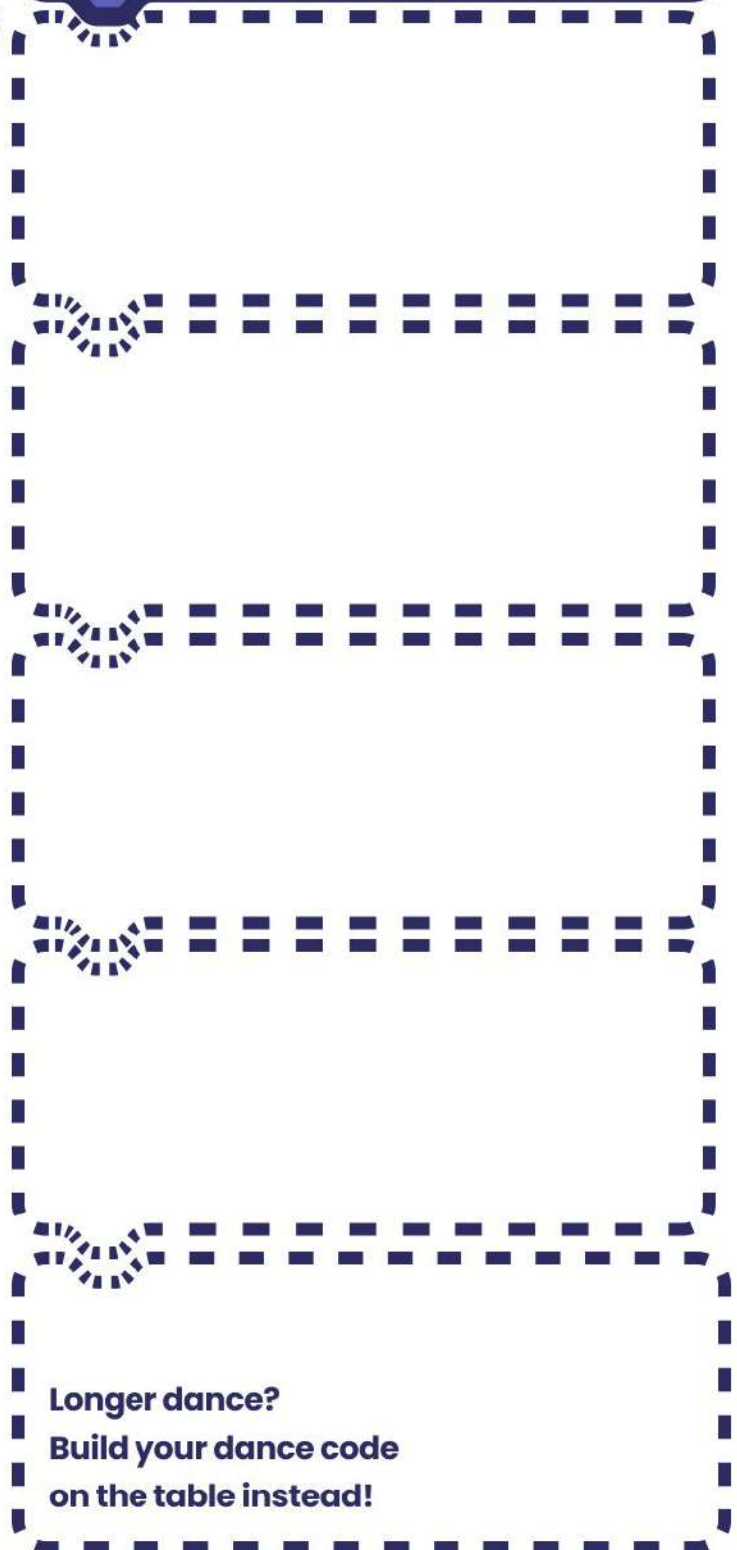

1. Cut the blocks on the next papers
2. Then put the dance moves of your choice in the template
3. Finish by putting the end block in the template

Once your choreography is ready, **play your favorite song & start dancing!**
