

# MOBILITY & LIFESTYLE COOZY

Make our bike better, make your life more comfortable

## COOZY e-bike

Champagne Gold

### Compact Battery

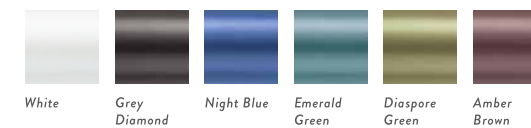

It weighs only 1.25 kg and can travel up to 100 km.

### Fashionable Design

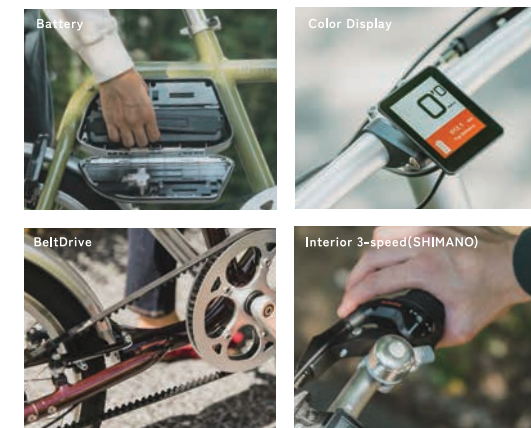

With its simple and unisex design, it suits both men and women riders.

#### Color

#### 20inch / e-bike

COOZY is a coined word that combines "COZY" and "OO" (image of a bicycle). It was designed by more than a dozen engineers over a period of 15 months and went through more than 100 revisions. The design excels not only in aesthetics but also in comfort.

### BeltDrive

Ensures easy maintenance

### Mileage

Max 100 km

### Design

Stylish & Unique

## COOZY Light e-bike

Moon Stone

### Foldable Handle Post

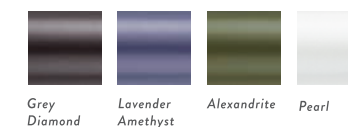

Making use of available space, it can be carried in the car or house. This increases storage and convenience.

### Low floor frame

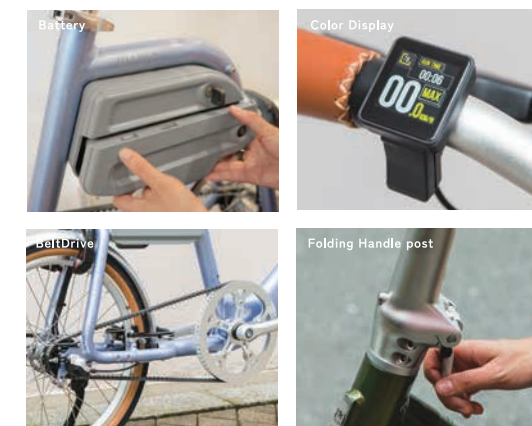

The 20-inch tires and low frame design make it easy to get on and off, ensuring smooth and easy maneuverability.

#### Color

#### 20inch / e-bike
