

I'm not robot

Continue

breeding calculations. It also has alignment/hunting zones with the recommended AP/DP. Lots of goodies here! Incendar Gaming Videos - I like to listen to Incendar, which has a game channel and lots of videos with BDO Tips. (and works incendar.com) invenglobal.com are helpful guides here. One of the advantages of this site is that they often have an idea of what is currently happening on Korean servers that pass patches before we do. bdotools.com - Amity Calculator that works well for most NPCs in bdoplanner.com - BDOPlanner: Awesome Gear Calculator. The plan and share of the gear builds. bdodae.com - has a very detailed knot of calculator and alchemy/recipe cooking calculators  
blackdesertanalytics.netlify.com - usefull articles about life skills and making money urzasarchives.com - a guide to world bosses and caviar information. violetastray.com - a wonderful guide to horse taming/training, clothing, and shelter Gear Improvement/Updates: Discord Channels: (live chat and talking web app that is a good source of information, help, and current affairs) events)
