YOUR TEACHERS

Rohini Manohar

Rohini (ERYT 500) is a fountain of knowledge in various yoga lineages such as Hatha, Vinyasa, Ashtanga and Yin. Her grounded energy and strong stability gives her the ability to hold a supportive and safe space for students throughout the transformational process of a one-month training intensive. She empowers her students to confidently step into their light and shine bright.

Natasha Chawla

Natasha (ERYT 500), born and raised in London, is inspired by Eastern philosophy and spirituality that she seamlessly weaves into each and every one of her classes to create an enriching experience. She embodies yogic principles and integrity as she lives her practice on and off the mat. She breaks down the philosophy in a way that is easy to understand and challenges her students to thoughtfully think and repeatedly reflect - making the philosophy a practice - a way of life.

- understand the art of observation and be able to assist students in their asana practice
- understand the basic, core principals of the philosophy of Yoga - primarily the Yoga Sutras of Patanjali

PRE-REQUISITES

No formal prior experience is required, however, we recommend that you have a regular yoga practice before joining the CYS Yoga TTC. For example, Yoga Alliance UK recommends at least 2 years of yoga experience in order to meet the standards of their certification.

We understand that it is not the time - but the intensity of your practice that matters. Thus we recommend that you should be well established in the following basic postures at least:

paschimottanasana (intense forward fold), urdvha dhanurasana (bow) & sarvangasana (shoulder stand).

It is also helpful that you have a basic understanding of yoga, its practice, principals and philosophy. This should include the importance of a vegetarian diet and the ethical conduct as outlined by the yamas/niyamas. A deep knowledge is not required when you initially enroll into the course, but a basic understanding is. You can get a good understanding of these principals by going through the reading list.

The 200 hour YTT is meant to serve as an introduction to your journey as a teacher. We strongly believe that discipline and continuous study is an integral part in your experience and development as both a student and a teacher of yoga
