CERTIFICATION

01 December 1996

Mr Edwin V. Barcos
 c/o Siemens Pte Ltd

To whom it may concern

This is to certify that **Mr Edwin V. Barcos** is a Senior Instrument Technician attached to loop check team under direct supervision of Foster Wheeler Eastern Pte Ltd for the construction of Singapore Aromatics Project in Pulau Ayer Chawan, Singapore.

The position was often extremely difficult due to permitting restrictions, physical obstructions and a very tight schedule.

During this assignment, his prime duty was to check the loops, carry-out troubleshooting, calibration of various process control instruments including access to TDC-3000 Honeywell and TNIR Triconex PLC system.

Mr Edwin V. Barcos possesses sound technical knowledge and his good attitude towards his job assignment has enabled him to successfully complete this project.

I have no hesitation in recommending him for any position that he felt confident of carrying out. I sincerely wish him every success in all his future endeavours.

Yours sincerely,

William "Bill" Gooderham
 Senior Control Instrument Engineer
 Foster Wheeler Energy Limited

SIEMENS

30th Nov., 1996

Certificate Of Employment

To Whom It May Concern

This is to certify that **Mr. Edwin V. Barcos** was working with Siemens Pte Ltd at the Singapore Aromatics Project from 07/06/96 to 28/12/96 as an Senior Instrument Technician.

During his tenure with us his good work attitude and skills enabled him to help successfully complete this project. He has been found willing and able to take increased responsibilities whenever required.

As regards to future employment, I have absolutely no hesitation in recommending him to any employer and wish him all the best in his future endeavors.

Regards,

Mr. J. Weber

TO WHOM IT MAY CONCERN

This is to certify that Mr. Edwin V. Barcos was engaged in our Yanpet II Ethylene Expansion Facilities Project for Saudi Yanbu Petrochemical Company (Yanpet), Kingdom of Saudi Arabia from 1st November 1998 to 31st May 2000, in the capacity of Q.A/Q.C Inspector (Electrical/Instrument).

During the stay He has successfully completed field mounted Instrument Installation Inspections, Conduits, Cabletrays and U/G Ductbanks Inspections, Installation and Termination, Continuity and Megger Test of multi core and single pair Cables. Inspection of Instrument Installation & Pressure Test for the Field mounted Instruments, Installation and function checks of the Fire & Gas Detectors and Deluge Valves.

He is very much familiarized with International code and has successfully completed all the documentation activities of QCP & TTP's for the above work.

We found him hard working, sincere and knowledgeable in his field.

We wish him success in his future ventures.
